1.4 Legal Requirements

- (a) Whenever standards of Applicable Law differ, the most stringent standards shall govern.

2. COMMERCIAL CLOSE AND FINANCIAL CLOSE

 - (iii) Contracting Authority may draw upon any Standby Letter of Credit provided by any Letter of Credit Provider even in the event that such Letter of Credit Provider is no longer a Project Co Party; and
 - (iv) the provision of multiple Standby Letters of Credit shall not in any way prejudice or adversely affect the rights of Contracting Authority to draw on the Standby Letter(s) of Credit in accordance with this Project Agreement, including in a circumstance where the default giving rise to Contracting Authority's right to draw on the Standby Letter(s) of Credit is not the result of any act or omission of the Letter of Credit Provider(s) whose Standby Letter of Credit is drawn upon.

2.3 Financial Close

The Parties agree that such liquidated damages are not a penalty but represent

a genuine and reasonable pre-estimate of the damages that Contracting Authority will suffer as a result of the happening of the specified event. Such payment shall constitute full and final settlement of any and all damages that may be claimed by Contracting Authority as a result of Project Co not achieving Financial Close. The Parties agree that such liquidated damages shall be payable whether or not Contracting Authority incurs or mitigates its damages, and that Contracting Authority shall not have any obligation to mitigate any such damages.

Contracting Authority's obligation to return the Standby Letter of Credit and to pay such fee shall be contingent on the receipt of a waiver, in form and substance satisfactory to Contracting Authority, that such fee represents full and final satisfaction of any obligation or liability of Contracting Authority and any other Government Entity to Project Co

and any Project Co Parties in connection with the Project Agreement and the Request for Proposals process.

 - (iii) the First Drury Lane Interim Completion Works, including any New Metrolinx Infrastructure and any New Third Party Infrastructure that forms part of the First Drury Lane Interim Completion Works, is damaged or destroyed prior to the First Drury Lane Interim Completion Date;

- (iv) the Second Drury Lane Interim Completion Works, including any New Metrolinx Infrastructure and any New Third Party Infrastructure that forms part of the Second Drury Lane Interim Completion Works, is damaged or destroyed prior to the Second Drury Lane Interim Completion Date;
- (v) the Remainder Works, including the New Metrolinx Infrastructure and the New Third Party Infrastructure (including the New City of Burlington Infrastructure and the New Burlington/Oakville Infrastructure prior to Handover of such applicable New City of Burlington Infrastructure and New Burlington/Oakville Infrastructure that forms part of the Remainder Works), is damaged or destroyed prior to the Substantial Completion Date;
- (vi) the Long Branch Interim Completion Works, including any New Metrolinx Infrastructure that forms part of the Long Branch Interim Completion Works, is damaged or destroyed after the Long Branch Interim Completion Date as a result of an act or omission of Project Co or a Project Co Party;
- (vii) the Burloak Drive Interim Completion Works, including any New Metrolinx Infrastructure that forms part of the Burloak Drive Interim Completion Works, is damaged or destroyed after the Burloak Drive Interim Completion Date as a result of an act or omission of Project Co or a Project Co Party;
- (viii) the First Drury Lane Interim Completion Works, including any New Metrolinx Infrastructure that forms part of the First Drury Lane Interim Completion Works, is damaged or destroyed after the First Drury Lane Interim Completion Date as a result of an act or omission of Project Co or a Project Co Party;
- (ix) the Second Drury Lane Interim Completion Works, including any New Metrolinx Infrastructure that forms part of the Second Drury Lane Interim Completion Works, is damaged or destroyed after the Second Drury Lane Interim Completion Date as a result of an act or omission of Project Co or a Project Co Party;
- (x) the Works (other than the Long Branch Interim Completion Works, Burloak Drive Interim Completion Works, the First Drury Lane Interim Completion Works and Second Drury Lane Interim Completion Works), including the New Metrolinx Infrastructure (other than the New Metrolinx Infrastructure which comprises part of the Long Branch Interim Completion Works, Burloak Drive Interim Completion Works, the First Drury Lane Interim Completion Works and the Second Drury Lane Interim Completion Works) and the New Third Party Infrastructure (prior to the Handover of the applicable New City of Burlington Infrastructure and the New Burlington/Oakville Infrastructure, as applicable) is damaged or destroyed after Substantial Completion as a result of an act or omission of Project Co or a Project Co Party;
- (xi) the Existing Third Party Infrastructure is damaged or destroyed at any time during the Project Term as a result of an act or omission of Project Co or any Project Co Party; or
- (xii) any existing property of Contracting Authority on the Lands, including any Existing Infrastructure, or any property adjacent to the Lands, is damaged or destroyed at any time

during the Project Term as a result of an act or omission of Project Co or any Project Co Party,

then Project Co shall, at its own cost and expense, Make Good the Works (including the New Metrolinx Infrastructure and the New Third Party Infrastructure), and the Existing Infrastructure, and repair and replace the property of Contracting Authority on the Lands, including the Existing Infrastructure, and any property adjacent to the Lands, or any part thereof, as applicable, (the “**Reinstatement Work**”) promptly and in any event as soon as practicable in the circumstances. Except as otherwise expressly provided in this Project Agreement, damage to or destruction of all or any part of the Works (including the New Metrolinx Infrastructure or the New Third Party Infrastructure) shall not terminate this Project Agreement or relieve Project Co of any of its obligations hereunder or entitle Project Co to any compensation from Contracting Authority. For clarity, after Handover of New City of Burlington Infrastructure and New Burlington/Oakville Infrastructure, damage or destruction to such New City of Burlington Infrastructure and New Burlington/Oakville Infrastructure, as applicable, shall be dealt with pursuant to the Project Agreement as damage or destruction to the property of third parties.

- (c) Project Co shall not undertake to repair and/or replace any damage or destruction whatsoever to adjacent property, Existing Third Party Infrastructure or New Third Party Infrastructure, without first consulting Contracting Authority and receiving written instructions as to the course of action to be followed.
- (d) Notwithstanding Sections 11.9(b) and 11.9(e), Reinstatement Work carried out by Project Co in respect of New Third Party Infrastructure that is not owned by a Municipality shall be planned and implemented by Project Co in consultation with the applicable third party.
- (e) If the Reinstatement Work is reasonably estimated to cost more than \$[REDACTED] (index linked) or in any other case where the Contracting Authority Representative, having regard to the nature of the damage or destruction, notifies Project Co that a Reinstatement Plan is required (excluding where the damage or destruction occurs before the Final Completion Date and the Contracting Authority Representative acting reasonably considers that the continued application of the Design and Construction Certification Procedure would be able to adequately address the Reinstatement Work without the need for a separate Reinstatement Plan), Project Co shall, as soon as practicable and in any event within 20 Business Days after the occurrence of the damage or destruction or receipt of notification from the Contracting Authority Representative, as the case may be, (or if, with the exercise of all due diligence more than 20 Business Days is reasonably required for such purposes, then within such longer period of time after the occurrence of such damage or destruction or receipt of notification from the Contracting Authority Representative, as the case may be, as may be reasonably required with the exercise of all due diligence, provided Project Co exercises and continues to exercise all such due diligence) submit to the Contracting Authority Representative pursuant to Schedule 10 - Review Procedure a plan (a “**Reinstatement Plan**”) prepared by Project Co for carrying out the Reinstatement Work setting out, in reasonable detail, *inter alia*:
 - (i) a description of the Reinstatement Work required to restore, replace and reinstate the damage or destruction;
 - (ii) Project Co’s proposed schedule for the execution of the Reinstatement Work; and

- (iii) the information required pursuant to Schedule 22 – Variation Procedure as if such plan were an Estimate,

and the Reinstatement Work must not be commenced until the Contracting Authority Representative consents thereto in accordance with Schedule 10 - Review Procedure except to the extent necessary to address any Emergency or public safety needs. Notwithstanding Section 11.9(c), where there is danger to life or property which arises out of or in connection with the performance of the Works, either Party may, but Project Co shall, immediately take such emergency action as is necessary to remove the danger.

- (f) Project Co shall cause the Reinstatement Work to be carried out in accordance with the Output Specifications and all other applicable requirements under this Project Agreement and, where applicable, in accordance with the Reinstatement Plan consented to by the Contracting Authority Representative in accordance with Schedule 10 - Review Procedure. All designs, plans and specifications in respect of the Reinstatement Work shall be subject to the Design and Construction Certification Procedure. If requested by the Contracting Authority Representative, the persons (and if applicable, a suitable parent entity thereof acceptable to Contracting Authority) retained by Project Co to design and carry out any Reinstatement Work shall, as a condition to their retainer and prior to commencing any Reinstatement Work or design work in connection therewith, enter into a construction contract with Project Co and a direct agreement with Contracting Authority in substantially the same forms as the Design and Construction Contract and the Construction Contractor's Direct Agreement.
- (g) In the event any Insurance Proceeds under Insurance Policies as referred to in Schedule 30 - Insurance Trust Agreement are available to carry out the Reinstatement Work, such Insurance Proceeds shall be paid into the Insurance Trust Account and shall be dispensed in accordance with the provisions of the Insurance Trust Agreement to carry out the Reinstatement Work.
- (h) If any Project Co Party has caused damage or destruction to the work of another contractor related to the Project, Project Co agrees upon due notice to settle with the other contractor by negotiation or arbitration in accordance with Section 11.12(g) and Schedule 27 – Dispute Resolution Procedure. If the other contractor makes a claim against Contracting Authority on account of damage or destruction alleged to have been so sustained, the dispute shall be dealt with in substantially the same manner as contemplated in Section 11.12(g) and Schedule 27 – Dispute Resolution Procedure.

11.10 Liability Unaffected

- (a) Project Co shall not be relieved of any liability or obligation under this Project Agreement by the retainer or appointment of any Project Co Party, and Project Co shall cause each Project Co Party, to the extent such Project Co Party performs, or is specified hereunder to perform, the Works, to comply with the obligations of Project Co to Contracting Authority in the same manner and to the same extent as Project Co
- (b) No inspection, review, comment, approval, verification, confirmation, certification, acknowledgement or audit pursuant to the provisions of this Project Agreement by Contracting Authority, the Contracting Authority Representative, Lenders' Consultant, any Municipality, or anyone on their behalf, nor any failure of any of them to do so, shall relieve Project Co from

performing or fulfilling any of its obligations under this Project Agreement or be construed as an acceptance of the Works or any part thereof.

11.11 Safety

- (a) Project Co shall, until Final Completion, and following Final Completion solely in relation to the Construction Activities,
- (i) comply with the Contractor Site Specific Safety Manual in order to, among other things, ensure Project Co fulfills its role as “constructor” under the *Occupational Health and Safety Act* (Ontario);
 - (ii) keep the Site (including Existing Infrastructure on the Site), the Works, the New Metrolinx Infrastructure and the New Third Party Infrastructure in a safe and orderly state, as appropriate in accordance with Good Industry Practice, to avoid danger to persons on the Site (including Existing Infrastructure on the Site), the New Metrolinx Infrastructure and the New Third Party Infrastructure and in the immediate vicinity of the Site (including Existing Infrastructure on the Site), the New Metrolinx Infrastructure and the New Third Party Infrastructure;
 - (iii) take such measures as are reasonable in accordance with Good Industry Practice to prevent access to the Site (including Existing Infrastructure on the Site), the New Metrolinx Infrastructure and the New Third Party Infrastructure of any persons or creatures not entitled to be there;
 - (iv) comply, and cause each Project Co Party to comply,
 - (A) with Applicable Law relating to health and safety, including the *Occupational Health and Safety Act* (Ontario) and all regulations thereto which, for clarity, includes ensuring appropriate supervision, monitoring, controls, policies and procedures are in place, and coordination of all Works on the Site;
 - (B) with the Access Management Plan and all rules, requirements and restrictions relating to access, rail safety and operations and track protection, all as set out in the Project Agreement; and
 - (C) with any direction or instruction from Transport Canada arising from any contractual arrangement or board order involving Transport Canada and one or both of MTO or Metrolinx with respect to the Rail Corridor, and facilitate and provide cooperation with respect to any inspections by Transport Canada on the Lands;
 - (v) register the Project with the MOLTSD by way of a Notice of Project, pursuant to the Applicable Law, with the purpose of designating Project Co as the “constructor” for all Works on the Site and post the Notice of Project at the Site;
 - (vi) with respect to the Works, cause a COR-Certified Construction Project Co Party or, prior to receipt of COR Certification, a COR-Qualified Construction Project Co Party, to

perform, all of the obligations of the “constructor”, and indemnify Contracting Authority, each Province Person and each Government Entity against any and all of the liabilities of the “constructor”, under the *Occupational Health and Safety Act* (Ontario) and all regulations thereto;

- (vii) provide Contracting Authority with a clearance certificate from WSIB or any successor thereto once every 90 days; and
 - (viii) facilitate and provide cooperation with respect to any inquiry or investigation of the MOLTSD with respect to the Project.
- (b) Project Co shall cause the Construction Contractor to deliver at least one copy of the Contractor Site Specific Safety Manual to the Site no later than the first Business Day following Financial Close (or such other date as may be agreed by the Parties) and maintain the Contractor Site Specific Safety Manual (as it may be amended by the Construction Contractor from time to time) at the Site until the Final Completion Date.
- (c) New Third Party Infrastructure shall, for all purposes of this Project Agreement, become Existing Third Party Infrastructure upon the earlier of,
- (i) with respect to the New City of Burlington Infrastructure, the date that there is Handover of the New City of Burlington Infrastructure from Project Co to the City of Burlington;
 - (ii) with respect to New Burlington/Oakville Infrastructure, the date that there is Handover of the New Burlington/Oakville Infrastructure from Project Co to the Town of Oakville and the City of Burlington; and
 - (iii) Final Completion.
- (d) At any time that the Works are being carried out in or around the Existing Infrastructure, Project Co shall at all times:
- (i) ensure that it complies with all safety requirements set out in the Project Agreement, including those set out in Section 11.11(a) above; and
 - (ii) keep the Existing Infrastructure in a safe and orderly state, as appropriate and in accordance with Good Industry Practice, to avoid any danger to the System Users, employees, visitors and other persons attending the Existing Infrastructure.
- (e) Without limitation to or derogation from Section 16 “Access to the Metrolinx Lands”, Contracting Authority and its authorized representatives shall have access to the Works on the Site for purposes of inspecting the Works and the Site to determine compliance with the terms of this Project Agreement. The Parties agree that such access by Contracting Authority and its representatives shall not be for the purposes of overseeing, controlling, coordinating, or directing the health and safety aspects of the Works or Site, or related activities on the Site and that Contracting Authority shall not be in control of the Works, or safety of the Works as “constructor”. Further, by attending the Site, no representative of Contracting Authority is performing a supervisory or inspection function with respect to health or safety requirements at the Site or controlling or coordinating the Works or the Site, and Contracting Authority is not

acting as “constructor” of the Works or the Site, and such actions by Contracting Authority do not derogate from the exclusive role of Project Co as “constructor”.

- (f) The provision by Project Co of any safety related documentation and reports (including as the “constructor” of the Works) to Contracting Authority as required by this Project Agreement, does not derogate from the exclusive role of the Project Co as “constructor”. The provision of all such documentation and reports to Contracting Authority shall be for purposes of confirming that appropriate actions are being taken by Project Co as “constructor” of the Works on the Site, and that Project Co is carrying out the role of “constructor” and otherwise performing its obligations under this Project Agreement.
- (g) If the MOLTSD or a court or tribunal determines, pursuant to the *Occupational Health and Safety Act* (Ontario), that Project Co is not the “constructor” for the Site or any portion thereof, then the following shall apply:
 - (i) Project Co shall comply with the instructions of the “constructor” relating to matters of health and safety on the Site, methods and manner of construction, and coordination and scheduling of the “constructor’s” works with the Works.
 - (ii) If Project Co’s activity or presence on the Site, or that of any Project Co Party, caused, in whole or in part, MOLTSD or a court or tribunal, to determine that Project Co is not the “constructor” for the Site or any portion thereof, Project Co will immediately take any necessary remedial action, including exerting the necessary supervision, control or authority over the Works on the Site, to ensure that the MOLTSD determines that Project Co is the “constructor”.
 - (iii) If a third party is named “constructor” by MOLTSD or a court or tribunal, Project Co shall not interfere with or delay the third party’s work, and shall not do anything whatsoever that causes the third party to be in contravention of its obligations under the *Occupational Health and Safety Act* (Ontario). Project Co shall immediately cease and desist any activity that results or has a likelihood of resulting in such interference with or delay of the work of the third party.
 - (iv) If the MOLTSD determines that either IO or Metrolinx, or both of IO and Metrolinx or a third party contractor has been designated as the “constructor” under the *Occupational Health and Safety Act* (Ontario), and such determination by the MOLTSD is due to an act or omission of Project Co, Project Co shall indemnify Contracting Authority and the Province Persons and each of their respective directors, officers, employees, agents and representatives from and against any and all of the liabilities arising from such determination by the MOLTSD.
- (h) In the event that an act or omission of Project Co causes or contributes to an MOLTSD determination that Project Co is not the “constructor” for the Site or any portion thereof, or if Project Co is denied access to the Site pursuant to Section 11.11(g)(ii), Project Co will not be eligible for a Delay Event or a Compensation Event.
- (i) Project Co shall comply with the requirements set out in Schedule 34 – Rail Corridor Access and Flagging in respect of the interaction between Project Co, CN, VIA Rail, GO Transit and any

other users of the Rail Corridor with respect to the activities to be performed in, on, under and/or adjacent to the Rail Corridor.

11.12 Additional Works and Third Party Works

- (a) Project Co shall, having regard to Project Co’s obligations set out in Section 17, arrange and carry out all coordination of the Works with the Third Party Works directly with the applicable Third Party Contractor.
- (b) Contracting Authority may, in its sole discretion, carry out Additional Works.
- (c) Contracting Authority may assign the responsibility for directing methods and manner of construction (where applicable) of the Additional Works, the coordination and scheduling of the Additional Works and the safety training in respect of the Additional Works to Project Co. For clarity, Contracting Authority may, in its sole discretion, assign such responsibilities to Project Co.
- (d) In connection with the Additional Works, Contracting Authority shall,
 - (i) cause Additional Contractors to comply with the instructions of Project Co relating to matters of health and safety on the Site, methods and manner of construction (where applicable), and coordination and scheduling of the Additional Works with the Works;
 - (ii) enter into separate contracts with Additional Contractors,
 - (A) under conditions of contract which are compatible with the conditions of this Project Agreement;
 - (B) that require Additional Contractors to comply with Section 11.12(e) and all directions of Project Co in respect of any matter regarding health and safety on the Site, and methods and manner of construction (where applicable); and
 - (C) that require Additional Contractors to comply with Project Co’s coordination and scheduling of the Additional Works; and
 - (iii) ensure that insurance coverage is provided by each Additional Contractor as would be required by a prudent owner similarly situated and coordinate such insurance with the insurance coverage of Project Co and in any event, such insurance shall provide for liability insurance of not less than \$[REDACTED].
- (e) In connection with the Additional Works, if Contracting Authority has assigned responsibilities to Project Co pursuant to this Section 11.12, Project Co shall,
 - (i) provide for the methods and manner of construction (where applicable) of the Additional Works and the coordination and scheduling of the Additional Works with the Works to be performed under this Project Agreement;
 - (ii) assume overall responsibility for compliance with all aspects of,

- (A) Applicable Law relating to health and safety at the Site, including all the responsibilities of the “constructor” under the *Occupational Health and Safety Act* (Ontario); and
- (B) the Access Management Plan and all rules, requirements and restrictions relating to access, rail safety and operations and track protection, all as set out in the Project Agreement,

prior to Substantial Completion and, exercised in a manner consistent with the *Occupational Health and Safety Act* (Ontario), at any time that Project Co is acting as a “constructor” on the Site following Substantial Completion;

- (iii) provide Additional Contractors reasonable opportunity to introduce and store their products and use their construction machinery and equipment to execute the Additional Works, as applicable;
 - (iv) participate with Contracting Authority and Additional Contractors in reviewing the construction schedules of Additional Contractors, when directed to do so by Contracting Authority; and
 - (v) if part of the Works is affected by or depends upon, for its proper execution, the Additional Works, promptly report to Contracting Authority in writing and prior to proceeding with that part of the Works any readily apparent deficiencies in the Additional Works. Failure by Project Co to so report shall invalidate any claims against Contracting Authority by reason of such readily apparent deficiencies.
- (f) In the case of Additional Works carried out prior to Substantial Completion, if:
- (i) any Additional Contractors cause any damage to the Works;
 - (ii) Project Co incurs any additional costs or there is any delay in the Works as a result of any Additional Contractors not complying with the coordination, scheduling and safety instructions of Project Co; or
 - (iii) subject to the performance by Project Co of its obligations under this Section 11.12, if Project Co incurs any additional costs or there is any delay in the Works as a result of any such Additional Works (other than Additional Work that is required to meet the Output Specifications and provided such Additional Work is performed by such Additional Contractors in accordance with Good Industry Practice and in accordance with the terms of their respective contracts or engagements with Contracting Authority),

then any such delay in the Works or additional costs in respect of the Works shall, subject to and in accordance with Section 32, be treated as a Delay Event and, subject to and in accordance with Section 33, be treated as a Compensation Event, provided that notwithstanding any other provision of this Project Agreement:

- (A) except for works carried out by the On-Corr Contractor on the Burloak Drive Level Crossing Lands, any works carried out by the On-Corr Contractor after the:

(I) Burloak Drive Interim Completion Date on the Rail Corridor Lands within the area in which the Burloak Drive Interim Completion Works were or are to be carried out (the “**Burloak IC Rail Corridor Lands**”); or

(II) **[Intentionally Deleted]**,

will not be considered to be Additional Works and the On-Corr Contractor will not be considered to be an Additional Contractor under this Section 11.12 other than in respect of Section 11.12(f)(i); and

(B) Project Co will, with respect to the Burloak IC Rail Corridor Lands (other than the portion of the Burloak IC Rail Corridor Lands comprised of the Burloak Drive Level Crossing Lands) after the Burloak Drive Interim Completion Date, comply with the instructions of the On-Corr Contractor relating to:

(I) matters of health and safety;

(II) methods and manner of construction (where applicable); and

(III) coordinating and scheduling any remaining Works to be completed by Project Co on such lands after such date.

(g) Claims, disputes, and other matters in question between Project Co and Additional Contractors shall be dealt with in substantially the same manner as contemplated in Schedule 27 – Dispute Resolution Procedure provided that the Additional Contractors and Contracting Authority have made commercially reasonable efforts to ensure that provisions similar to Schedule 27 – Dispute Resolution Procedure have been included in the contracts between Contracting Authority and the Additional Contractors. Project Co shall be deemed to have consented to arbitration of any dispute with any Additional Contractor whose contract with Contracting Authority contains a similar agreement to arbitrate.

(h) In connection with the Additional Works, Project Co may request a Variation as follows:

(i) Project Co shall have a period of 10 Business Days following Notice from Contracting Authority of Contracting Authority’s intention to carry out such Additional Works, including a reasonable description of such Additional Works, to request a Variation if such Additional Works are,

(A) reasonably expected to make void a warranty made in favour of Project Co from a Project Co Party or equipment supplier and given in accordance with Good Industry Practice; or

(B) reasonably expected to have a material negative consequence on Project Co’s ability to perform any of the Works;

(ii) If Project Co has made a request for a Variation in accordance with Section 11.12(h)(i), Contracting Authority shall, within 10 Business Days after such request, either issue a

Variation Enquiry or give Notice to Project Co that it does not agree that a Variation is required;

- (iii) Either Party may refer the question of whether a Variation is required as the result of a warranty risk or risk in the performance of the Works for resolution in accordance with Schedule 27 – Dispute Resolution Procedure; and
- (iv) If Contracting Authority has, under Section 11.12(h)(ii), given Notice to Project Co that it does not agree that a Variation is required, Contracting Authority shall, within 10 Business Days after a subsequent agreement or of a determination that a Variation is required, issue a Variation Enquiry and the relevant provisions of Schedule 22 – Variation Procedure shall apply except that:
 - (A) Contracting Authority shall not be entitled to withdraw any such Variation Enquiry unless Contracting Authority determines not to proceed with the Additional Works or to proceed only in a manner that the Additional Works will not result in a warranty becoming void or will not result in any material negative consequence on Project Co’s ability to perform any of the Works and Project Co has agreed with such conclusion, or the Parties otherwise agree; and
 - (B) the Parties shall, without prejudice to their respective general obligations to comply with the terms of this Project Agreement, use commercially reasonable efforts to mitigate the adverse effects with respect to any void or voidable warranty and take commercially reasonable steps to minimize any increase in costs arising from any void warranty.
- (i) Placing, installing, applying or connecting the Additional Works performed by Additional Contractors on and to the Works performed by Project Co shall not relieve Project Co from its obligations under the Project Agreement with respect to the Works, except to the extent expressly described in any Variation Confirmation.

11.13 Protest and Trespass

- (a) Except as otherwise provided in this Project Agreement, Contracting Authority shall not be responsible for the presence of any persons participating in a Protest Action (“**Protesters**”) or any other persons otherwise not entitled to be on or around the Lands (“**Trespassers**”). For greater certainty, the presence of, or interference by, any Protesters or Trespassers on or around the Metrolinx Lands shall not be a breach of the obligation of Contracting Authority to grant licence rights of use and access to Project Co on and over the Metrolinx Lands pursuant to Section 16 nor a breach of any other obligation, representation or warranty under this Project Agreement.
- (b) The management of any Protesters or Trespassers shall be the responsibility of Project Co in respect of the Site (including Existing Infrastructure on the Site), Metrolinx Lands, New Third Party Infrastructure and New Metrolinx Infrastructure, to the extent such management is not otherwise the responsibility of the Police Service.
- (c) If Protesters or Trespassers occupy the Site, lands, facilities or infrastructure referred to in Section 11.13(b), or access to such Site, lands, facilities, or infrastructure is prevented or interfered with

by Protesters or Trespassers, Project Co shall use all appropriate measures reasonable in the circumstances to manage such Protesters or Trespassers and promptly notify the Contracting Authority Representative of such occurrence and of the action which Project Co proposes to take in respect thereof. Project Co may exercise any legal remedy available to it to remove Protesters or Trespassers from the Site, lands, facilities or infrastructure referred to in Section 11.13(b), provided that if Project Co does elect to exercise any such legal remedy, Project Co shall give the Contracting Authority Representative at least 24 hours' Notice prior to commencing any such legal proceeding (except in a case of Emergency, danger to persons or material destruction or material damage to property where, in such circumstances, such Notice may be given to Contracting Authority less than 24 hours prior to the commencement of such legal proceeding) and shall continually update the Contracting Authority Representative as to the status of any such legal proceeding in reasonable detail and at reasonable intervals, and provided further that:

- (i) Project Co shall not give directly or indirectly to any Protester or Trespasser any inducement, monetary or otherwise, with a view to avoiding, limiting or influencing the manner of protest activities by that Protester or Trespasser or by other Protesters or Trespassers; and
 - (ii) Project Co shall not by virtue of this Section 11.13(c) be prevented from entering into *bona fide* settlements of claims brought against it by Protesters or Trespassers which provide for reasonable payments in satisfaction of such claims or agreeing to any reasonable cost orders in any proceedings.
- (d) Project Co may request the assistance of Contracting Authority (at the cost of Project Co) to remove Protesters or Trespassers from the Site, lands, facilities or infrastructure, set out in Section 11.13(b) if Project Co demonstrates to Contracting Authority's reasonable satisfaction that:
- (i) Project Co is pursuing all legal remedies available to it to remove the Protesters or Trespassers (provided that for this purpose Project Co may, but shall not be obligated to, prosecute injunctive or other judicial remedies beyond the court of first instance); and
 - (ii) the continued presence of the Protesters or Trespassers is having a material adverse effect on the conduct of the Works that Project Co is unable to mitigate.

Following such request, Contracting Authority shall notify Project Co whether Contracting Authority can lawfully provide any assistance in relation to the removal of the Protesters or Trespassers that is not independently available to Project Co and, to the extent that such assistance can be lawfully provided, Contracting Authority shall provide such assistance (at the cost of Project Co) to the extent it is, in the discretion of Contracting Authority, reasonable and appropriate in the circumstances to do so.

- (e) If Project Co:
- (i) experiences a Protest Action on the Site (including Existing Infrastructure on the Site), Metrolinx Lands, New Third Party Infrastructure and New Metrolinx Infrastructure; and
 - (ii) has exhausted all legal remedies available to it to seek injunctive relief or other judicial remedies from a court of first instance and to enforce such injunction or other remedy

granted by such court to remove Protesters and Trespassers in such Protest Action from the Site (including Existing Infrastructure on the Site), Metrolinx Lands, New Third Party Infrastructure and New Metrolinx Infrastructure, provided that Project Co shall not be obligated to prosecute injunctive or other judicial remedies beyond the court of first instance with respect to such removal of Protestors and Trespassers,

then,

- (iii) such Protest Action shall, subject to and in accordance with Section 32, be treated as a Delay Event; and
- (iv) Project Co shall be entitled to a Variation in respect of the Direct Costs incurred by Project Co in connection with such Protest Action, subject to and in accordance with Schedule 22 – Variation Procedure, excluding the first \$[REDACTED] of all Direct Costs incurred by Project Co cumulatively in connection with all Protest Actions throughout the Project Term which would have been payable to Project Co in accordance with this Section 11.13(e)(iv),

except to the extent that any delay or Direct Costs incurred by Project Co were caused, or contributed to, by the breach of this Project Agreement by Project Co or any Project Co Party.

- (f) For the purposes of calculating the first \$[REDACTED] of Direct Costs pursuant to Section 11.13(e)(iv) such amount shall not include any amount or amounts which Project Co or a Project Co Party recovers, or is entitled to recover, under any insurance policy, or would have recovered if it had complied with the requirements of this Project Agreement in respect of insurance or the terms of any policy of insurance required under this Project Agreement, which amount, for greater certainty, shall not include any excess or deductibles or any amount over the maximum amount insured under any such insurance policy.

11.14 Adjacent Developments

- (a) Project Co shall, as required by Contracting Authority,
 - (i) provide all commercially reasonable assistance to,
 - (A) facilitate the discussion, agreement and any implementation of proposals with respect to Adjacent Developments; and
 - (B) avoid or mitigate any adverse impact of an Adjacent Development on the Works and the New Metrolinx Infrastructure;
 - (ii) permit the developer of the Adjacent Development to post or affix signage in respect of the Adjacent Development, which signage may identify the Adjacent Development project architect, engineer and lender, and other members of the developer’s project team;
 - (iii) permit the developer of the Adjacent Development to post or affix signage, as required in connection with a development application; and

- (iv) provide, to the developer of the Adjacent Development all Project documentation in respect of the design and construction of elements of the New Metrolinx Infrastructure that are relevant to the Adjacent Development, subject to the developer of the Adjacent Development executing a confidentiality agreement and a waiver of liability, each in a form and substance satisfactory to Contracting Authority and Project Co, each acting reasonably.

11.15 Defective Works

- (a) Prior to Substantial Completion:
 - (i) Project Co shall promptly Make Good any deficiency, defect or error in the Works or failure of the Works to conform to the Project Agreement, or any deficiency, defect or error in relation to any Product (collectively, a “**Construction Defect**”) whether or not such Construction Defect has been incorporated into the New Metrolinx Infrastructure or the New Third Party Infrastructure and whether or not the Construction Defect is the result of poor workmanship, use of defective Products or equipment or damage through carelessness or other act or omission of Project Co. The correction of Construction Defects shall be at Project Co’s sole cost and expense. Project Co shall Make Good, in a manner acceptable to the Independent Certifier, all Construction Defects, whether or not they are specifically identified by the Independent Certifier, and Project Co shall prioritize the correction of any Construction Defects so as not to interfere with or derogate from the Project Works Schedules, provided that Project Co shall prioritize the correction of any Construction Defects that in the sole discretion of Contracting Authority is determined to adversely affect the day to day operation of Contracting Authority.
 - (ii) Project Co shall Make Good promptly other contractors’ work destroyed or damaged by such rectifications at Project Co’s expense.
 - (iii) If in the opinion of the Independent Certifier it is not expedient for Project Co to correct any Construction Defects, Contracting Authority may deduct from the amount of the Guaranteed Price the difference in value between the Works as performed and that called for by the Project Agreement. If Contracting Authority and Project Co do not agree on the difference in value, they shall refer the matter to the Independent Certifier for a determination and the determination will be issued as a Variation.

11.16 Warranty Obligations

- (a) Project Co represents, warrants and covenants that:
 - (i) the Works, including the New Metrolinx Infrastructure, the New Third Party Infrastructure, and all Products, parts and workmanship, including those replaced during the Warranty Period, shall,
 - (A) conform to the requirements and specifications set out in this Project Agreement, Good Industry Practice, Applicable Law and all professional engineering principles generally accepted as standards of the industry in the Province of Ontario;

- (B) be free of defects, including design defects, errors and omissions; and
 - (C) be new, of good quality material, of merchantable quality and fit for their intended purpose as described in the Project Agreement; and
- (ii) materials and equipment shall be of good quality and in compliance with this Project Agreement.
- (b) During each Warranty Period, Project Co shall promptly, at its sole cost and expense,
 - (i) subject to Section 11.16(b)(ii), correct and Make Good all Construction Defects arising in respect of the Works. For greater certainty, Project Co is required to correct and Make Good Construction Defects related to any Product and any equipment during the applicable Warranty Period despite Project Co having obtained on Contracting Authority's behalf industry-standard or other equipment warranties in accordance with Section 11.16(e); and
 - (ii) correct and Make Good any Construction Defects that could not reasonably have been ascertained by a competent person in accordance with Good Industry Practice during a visual inspection of the Works ("**Construction Latent Defect**"), provided Contracting Authority gives Project Co written Notice of the Construction Latent Defect within the time frame applicable to such Construction Latent Defect pursuant to the *Limitations Act*, 2002 (Ontario).
 - (c) The warranties set out in this Section 11.16 shall each cover labour and material, including, the costs of removal and replacement of covering materials. None of the warranties shall limit extended warranties on any Product or any item of equipment called for elsewhere in Schedule 15 - Output Specifications or otherwise provided by any manufacturer of such Product or item of equipment. Project Co shall ensure that all extended warranties specified in the Project Agreement are provided and shall, in the case of the New Third Party Infrastructure, assign to the third party owner of the New Third Party Infrastructure all such extended warranties as the third party owner may direct.
 - (d) **[Intentionally Deleted]**
 - (e) Project Co shall obtain warranties from the manufacturers of each of the Products and items of equipment for the duration(s) and in accordance with the applicable requirements specified in Schedule 15 - Output Specifications in the name of and to the benefit of Project Co, Contracting Authority in the case of New Metrolinx Infrastructure, and the applicable third party owner in the case of New Third Party Infrastructure. Where, in respect of a Product warranty or equipment warranty, the Output Specifications do not specify a specific duration and/or other requirements, Project Co shall obtain industry-standard warranties from the applicable manufacturers in the name of and to the benefit of Project Co and Contracting Authority which shall extend for no less than two years from (i) the Long Branch Interim Completion Date, in respect of the Long Branch Interim Completion Works, (ii) the Burloak Drive Interim Completion Date, in respect of the Burloak Drive Interim Completion Works, (iii) the Second Drury Lane Interim Completion Date, in respect of the First Drury Lane Interim Completion Works and the Second Drury Lane Interim Completion Works; (iv) the Substantial Completion Date, in respect of the Remainder Works (other than the portion of the Works in respect of the New Project Third Party Infrastructure), and

- (v) the date of Handover of the applicable New Project Third Party Infrastructure (other than the New City of Burlington Infrastructure), in respect of the applicable New Project Third Party Infrastructure (other than the New City of Burlington Infrastructure). Each Product warranty and equipment warranty shall be issued by the applicable manufacturer and delivered to Project Co no later than 30 days prior to (i) the Long Branch Interim Completion Date, with respect to the Long Branch Interim Completion Works; (ii) the Burloak Drive Interim Completion Date, with respect to the Burloak Drive Interim Completion Works; (iii) the Second Drury Lane Interim Completion Date, in respect of the First Drury Lane Interim Completion Works and the Second Drury Lane Interim Completion Works; (iv) the Substantial Completion Date, with respect to the Remainder Works (other than the portion of the Works in respect of New Project Third Party Infrastructure); and (v) in the case of New City of Burlington/Oakville Infrastructure, the date of Handover of the New City of Burlington/Oakville Infrastructure. Project Co shall ensure that each Product warranty and equipment warranty, including any Product warranty or equipment warranty extended under this Section 11.16(e), is fully assigned to Contracting Authority or the third party owner of New Third Party Infrastructure, as applicable, at no cost or expense to Contracting Authority or the third party owner, at the end of the Warranty Period applicable to the New Third Party Infrastructure and the New Metrolinx Infrastructure, as such Warranty Period may be extended in accordance with Section 11.17(a).
- (f) Contracting Authority may, in its sole discretion, assign the Project Co warranties set out in this Section 11.16 to the applicable third party owner of the New Third Party Infrastructure, and shall provide Notice to Project Co of any such assignment of Project Co warranties. On the commencement of the first Warranty Period for each of the New Metrolinx Infrastructure and the New Third Party Infrastructure, Project Co shall provide at least two copies of each of the compilations of warranty certificates, one compilation for each of the New Metrolinx Infrastructure and one compilation for each category of New Third Party Infrastructure, as categorized by ownership of the New Third Party Infrastructure. Project Co shall update all copies of each of the compilations from time to time as each Warranty Period commences. Each of the compilations shall indicate the start and completion date of each Project Co warranty.
- (g) Subject to Section 11.12, Project Co acknowledges that,
- (i) with respect to the New Metrolinx Infrastructure, Contracting Authority may, in its sole discretion; and
 - (ii) with respect to the New Third Party Infrastructure, the applicable third party owner may, in its sole discretion,

maintain, repair and/or alter any part or parts of the Works during the applicable Warranty Period and Project Co agrees that such work shall not impact any of the warranties provided by Project Co hereunder, provided that such work is carried out in accordance with Good Industry Practice and, if applicable, the maintenance instructions and that such work does not materially alter the affected part or parts of the Works.

11.17 Warranty Work and Prompt Repair of Warranty Work

- (a) Project Co shall carry out all work, including correcting Construction Defects and Construction Latent Defects, to satisfy the warranties provided pursuant to Section 11.16 and this Section 11.17, and in accordance with the applicable Warranty Period, and Project Co shall also Make

Good any damage to other works caused by the repairing of such defects, deficiencies, or failures to comply (the “**Warranty Work**”). All Warranty Work shall be carried out and completed at Project Co’s sole cost and expense and Warranty Work shall not be the basis of a claim for a Delay Event, a Compensation Event, a Variation, additional compensation or damages. The applicable Warranty Period shall be extended for a further two years from the date of the last Warranty Work completed and accepted by Contracting Authority in respect of the New Metrolinx Infrastructure and by the applicable third party owner in respect of the New Third Party Infrastructure. For clarity, any extension of a Warranty Period for the purposes of a correction shall only apply to the relevant Warranty Work and not the Works as a whole.

- (b) Project Co acknowledges and agrees that, the timely performance of Warranty Work is critical to the ability of Contracting Authority to maintain effective operations of the New Metrolinx Infrastructure, and to the ability of the third party owners to maintain effective operations of the New Third Party Infrastructure. Project Co shall use commercially reasonable efforts to respond to any requirement by Contracting Authority or the third party owner to perform Warranty Work within the time periods required by Contracting Authority or the third party owner to perform the Warranty Work for the New Metrolinx Infrastructure or the New Third Party Infrastructure. Project Co shall commence and complete Warranty Work as expeditiously as possible and at times convenient to Contracting Authority, which may require work outside normal working hours at Project Co’s expense. Any extraordinary measures required to complete such Warranty Work, as directed by Contracting Authority or the applicable third party to accommodate the operation of the New Metrolinx Infrastructure, the New Third Party Infrastructure, the Existing Infrastructure or other aspects of the Project as constructed, shall be at Project Co’s sole cost and expense. In relation to critical areas required for effective operations, Project Co shall commence, carry out and complete Warranty Work on an urgent basis with all due haste, taking into account the circumstances and any timelines for commencement and completion as may be communicated by Contracting Authority, with respect to the New Metrolinx Infrastructure, or the third party owner, with respect to the New Third Party Infrastructure, to Project Co.
- (c) Project Co acknowledges and agrees that if,
- (i) Contracting Authority with respect to the New Metrolinx Infrastructure; or
 - (ii) the third party owner of the New Third Party Infrastructure,
- is unable to contact Project Co and/or obtain the Warranty Work promptly, or, in the case of urgent Warranty Work within the time period set out in Section 11.17(b), Contracting Authority and the applicable third party owner, as applicable, may take such emergency steps as are reasonable and appropriate to correct any defects, deficiencies or failures to comply with the Project Agreement, at Project Co’s sole cost and expense. Except in the case of damage caused by Contracting Authority’s or the third party owner’s own forces, such emergency steps taken by Contracting Authority’s or the third party owner’s own forces, as applicable, shall not invalidate any Project Co warranties in respect of the Works.
- (d) If Project Co fails to carry out the Warranty Work in accordance with Section 11.16, and in the time specified in Section 11.17(b) or subsequently agreed upon, without prejudice to any other right or remedy Contracting Authority may have, Contracting Authority and the third party owner, as applicable, may correct the Works at the sole risk, cost and expense of Project Co and

- may draw down on the Warranty Letter of Credit to fund or as reimbursement for such costs and expenses.
- (e) Project Co acknowledges and agrees that all rules, requirements and restrictions relating to access, rail safety and operations and track protection, all as set out in the Project Agreement, apply to Project Co's performance of its obligations in accordance with Sections 11.16 and 11.17.
 - (f) After the Handover of the New City of Burlington Infrastructure Project Co shall be solely responsible for obtaining access from the City of Burlington for the purpose of carrying out Warranty Work in respect of the New City of Burlington Infrastructure. After Handover of the New Burlington/Oakville Infrastructure, Project Co shall be solely responsible for obtaining access from both the City of Burlington and the Town of Oakville for the purposes of carrying out Warranty Work in respect of the New Burlington/Oakville Infrastructure. After handover of any New Routine Third Party Infrastructure, Project Co shall be solely responsible for obtaining access from the applicable third party for the purposes of carrying out Warranty Work in respect of the New Routine Third Party Infrastructure. Project Co acknowledges that such access to the applicable New Third Party Infrastructure may be subject to such limitations as may be imposed by the applicable third party owner, and that Project Co may be required to obtain a Permit, Licence, Approval or Agreement to access the New Third Party Infrastructure for the purpose of carrying out Warranty Work. If, after making commercially reasonable efforts and otherwise complying with its obligations pursuant to this Project Agreement, Project Co is unable to obtain access to the New Third Party Infrastructure, Project Co shall refer the matter to Contracting Authority.
 - (g) The warranties set out in Sections 11.16 and 11.17 shall not deprive Contracting Authority or any third party owner of New Third Party Infrastructure of any action, right or remedy otherwise available to Contracting Authority or the third party owner at law or in equity, and the periods referred to in this Section 11.17, shall not be construed as a limitation on the time in which Contracting Authority or the third party owner may pursue such other action, right or remedy.
 - (h) Neither test results, nor selection or approval by Contracting Authority or the Contracting Authority Representative of testing entities, nor any other thing in the Project Agreement shall have the effect of limiting or shortening or otherwise affecting in any way whatsoever the duration, effectiveness or content of any guarantee or warranty set forth in any other document or material forming part of the Project Agreement.

11.18 Warranty Letter of Credit

- (a) On or before the Substantial Completion Date, Project Co shall deliver, or cause to be delivered, to Contracting Authority an unconditional and irrevocable letter of credit from any one or more of the Schedule I Canadian chartered banks or any other financial institutions approved by Contracting Authority in Contracting Authority's sole and absolute discretion, in each case, whose current long-term issuer rating is at least "A" by Standard & Poor's and "A2" by Moody's Investor Services or an equivalent rating by another party acceptable to Contracting Authority, in its sole and absolute discretion, in favour and for the direct and exclusive benefit of Contracting Authority, in the form set out in Schedule 7B – Warranty Letter of Credit (the "**Warranty Letter of Credit**"). The Warranty Letter of Credit shall be in the amount equal to [REDACTED] (the "**Required Amount**").

- (b) Notwithstanding Section 4.3(d), if the Warranty Letter of Credit has not been delivered to Contracting Authority by the Substantial Completion Payment Date, Contracting Authority may withhold from the Substantial Completion Payment a holdback amount of [REDACTED] (the “**Warranty Cash Amount**”). In such an event, the Warranty Cash Amount may be withheld by Contracting Authority until,
- (i) if the Warranty Letter of Credit is delivered to Contracting Authority after the Substantial Completion Payment Date, the date that is five Business Days following the date that the Warranty Letter of Credit has been delivered to Contracting Authority; or
 - (ii) if the Warranty Letter of Credit is not delivered to Contracting Authority after the Substantial Completion Payment Date, the Warranty Security Return Date,
- and, upon the applicable day, the Warranty Cash Amount, less the amount of any claims previously satisfied by a draw in accordance with Section 11.18(d), shall be paid by Contracting Authority to Project Co.
- (c) Until receipt of the Warranty Letter of Credit, Contracting Authority may use the Warranty Cash Amount in the place of, in the same manner as and for the same purpose as the Warranty Letter of Credit. The withholding of the Warranty Cash Amount in accordance with Section 11.18(b) shall be Contracting Authority’s sole remedy for failure on the part of Project Co to deliver the Warranty Letter of Credit by the Substantial Completion Payment Date and, for greater certainty, Contracting Authority shall not be entitled to withhold payment of the balance of the Substantial Completion Payment as a result of any such failure on the part of Project Co to deliver the Warranty Letter of Credit.
- (d) Contracting Authority shall be entitled to draw on the Warranty Letter of Credit, or the Warranty Cash Amount, as applicable:
- (i) in an amount equal to the amount of the costs estimated by the Independent Certifier for Contracting Authority to rectify defects, deficiencies or non-compliant items in the Works, together with all other damages suffered by Contracting Authority, including any costs incurred by Contracting Authority in accordance with Sections 11.16 and 11.17 as a result of Project Co’s failure to comply with its obligations under Sections 11.16 and 11.17; and/or
 - (ii) to satisfy any amounts that are due and have remained outstanding for 30 days by Project Co pursuant to the terms of this Project Agreement or by the Construction Guarantor pursuant to Schedule 29 – Form of Performance Guarantee of Construction Guarantor.
- (e) Contracting Authority may make multiple calls on the Warranty Letter of Credit.
- (f) In the event that Contracting Authority draws on the Warranty Letter of Credit or the Warranty Cash Amount, Project Co shall forthwith, and in any event within five Business Days following such draw, provide Contracting Authority with a replacement or additional letter of credit such that the Warranty Letter of Credit(s) is at all times during the period between Substantial Completion and the Warranty Security Return Date in the Required Amount.

- (g) Unless the Warranty Letter of Credit is fully drawn by Contracting Authority in accordance with the provisions of this Project Agreement, Contracting Authority shall release and deliver the Warranty Letter of Credit to Project Co on the Warranty Security Return Date.
- (h) In the event that the Warranty Letter of Credit has an expiry date that is prior to the Warranty Security Return Date and Project Co does not renew (or does not cause the renewal of) the Warranty Letter of Credit and does not provide (or cause the provision of) proof of such renewal to Contracting Authority before the date that is 20 calendar days before the Warranty Letter of Credit's expiry date, then at any time during such 20 calendar day period and upon providing prior written Notice to Project Co, Contracting Authority may draw upon the full amount of the Warranty Letter of Credit and deposit the cash proceeds thereof in a segregated bank account selected by Project Co (provided that such bank account must be at a bank that meets the thresholds described in Section 11.18(a) and if Project Co does not promptly select such bank account then such bank account may be selected by Contracting Authority in its sole and absolute discretion) and such cash proceeds shall thereupon stand in place of the Warranty Letter of Credit until Project Co delivers (or causes the delivery of) a replacement Warranty Letter of Credit to Contracting Authority. All interest earned on such cash proceeds shall be for the benefit of Project Co. Contracting Authority shall be entitled to withdraw such cash proceeds in the same manner that it is permitted to draw upon the Warranty Letter of Credit under Section 11.18(d). Upon the delivery of a replacement Warranty Letter of Credit by Project Co to Contracting Authority, all remaining cash proceeds and all accrued interest thereon from such segregated bank account shall be returned to Project Co or as Project Co may direct within five Business Days after the delivery of such replacement Warranty Letter of Credit by Project Co to Contracting Authority.

- (B) the Access Management Plan; and
 - (C) the requirements of Contracting Authority and other third parties,
- in order to maintain normal operations and activities associated with the Lands, the Existing Infrastructure, existing road networks, the existing transit systems and the rail systems;
- (ii) the carrying on of Contracting Authority Activities during construction is a priority for Contracting Authority, and Project Co has reviewed the Project Documents with respect to this;
 - (iii) Project Co shall use all methods required to comply with the instructions set out in this Project Agreement during the performance of the Works, Project Co shall fully cooperate with Contracting Authority in complying with such instructions during the performance of the Works, and any costs incurred by Project Co in complying with said instructions shall be part of the Guaranteed Price; and
 - (iv) the Project Agreement includes specifications which include instructions respecting Contracting Authority's use of the Existing Infrastructure, Project Co has read and understood such instructions and shall comply with the procedures set out therein, and Project Co shall be responsible for any costs and expenses resulting in its failure to comply with these procedures.
- (c) Except as explicitly permitted by Contracting Authority or this Project Agreement, and subject to Project Co's compliance with all applicable Permits, Licences, Approvals and Agreements,
- (i) Project Co shall minimize disturbance to and interference with,
 - (A) the existing transit systems, the Existing Infrastructure and the rail systems in accordance with this Project Agreement, including with respect to noise, dust control, access to the Lands and the particular requirements in respect of those portions of the Works which are to be carried out within the Existing Infrastructure and in respect of those portions of the Works where connections are being made to the Existing Infrastructure;
 - (B) the construction, operations or maintenance activities of Contracting Authority, any Province Person, any Governmental Authority, any Other Contractor, any Railway Company, any Utility Company, any Municipality, any Municipal Transit System, and any rail system and with respect to any road or roadway, including the performance of the Governmental Activities and the Other Works;

person, and Project Co shall minimize any lane closures or diversions, track closures or diversions, and traffic diversions or restrictions.

- (d) To the extent that the Project necessitates interference, in any way, with the operation of the existing transit systems, existing rail systems or Existing Infrastructure, including the imposition of any closures or detours on the existing transit systems, existing rail systems or Existing Infrastructure, Project Co shall use commercially reasonable efforts to cooperate with Contracting Authority, Province Persons, Governmental Authorities, Other Contractors, Railway Companies, Utility Companies, Municipalities, Municipal Transit Systems and other relevant third parties to ensure the continued operation of the existing transit systems, Existing Infrastructure and the existing rail systems.

11.21 Change in Standards

- (a) Where this Project Agreement requires Project Co to comply with a technical standard in respect of the design and construction of the New Metrolinx Infrastructure and the New Third Party Infrastructure, and that standard has changed between the Technical Reference Date and the date that such compliance is required, then Project Co shall give Notice to Contracting Authority of such change. If, after such Notice, Contracting Authority requires compliance with the changed standard (rather than the standard applicable as of the Technical Reference Date), then, to the extent such change impacts the Works and would not have otherwise been taken into account by compliance with Good Industry Practice, such changed standard shall, subject to and in accordance with Schedule 22 – Variation Procedure, result in a Variation. If Contracting Authority does not require compliance with the changed standard, then Project Co shall continue to comply with the standard applicable as of the Technical Reference Date, without a Variation therefor. This Section 11.21 shall not apply where a change in a technical standard is also a Change in Law.

Any of these named Project Co Parties listed by Project Co may be changed by Project Co upon prior Notice to (but without the approval of) the Contracting Authority Representative, provided however, that if the Contracting Authority Representative reasonably objects to any change to a Prequalified Subcontractor that is a Project Co Party, then Project Co shall select an alternative replacement Prequalified Subcontractor to which the Contracting Authority Representative does not reasonably object.

- (i) a COR-Qualified Construction Project Co Party fails to obtain its COR Certification in accordance with this Project Agreement and Contracting Authority determines that the failure to obtain the COR Certification is as a result of such COR-Qualified Construction Project Co Party not using best efforts to obtain such certification and Contracting Authority delivers a Notice to Project Co indicating that a COR-Qualified Construction Project Co Party has failed to obtain its COR Certification in accordance with this Project Agreement;
 - (ii) a COR-Qualified Construction Project Co Party fails to maintain its OHSAS 18001 Accreditation in good standing in accordance with its terms or in accordance with this Project Agreement; or

- (c) Project Co shall, as a condition of final payment under any Subcontract for which lien rights or rights in respect of the holdback may be claimed under the Construction Act, require that a certificate of completion under section 33(1) of the Construction Act for such Subcontract be issued and the relevant Subcontractor provide statutory declarations or other assurances confirming that all those engaged by the Subcontractor have been paid in accordance with Applicable Law.
- (d) Project Co acknowledges that, notwithstanding that the same may be permitted under the Construction Act, there will be no early release of any amount of the Legislative Holdback which Contracting Authority is required to retain under the Construction Act prior to the Legislative Holdback Payment Date, and that the same will be paid solely in accordance with Section 4.5.

Without limiting the generality of the foregoing, but subject to

Sections 7.4, 18.1(b), 18.2, 18.3, 18.4, 18.5, 18.6 and 18.8, Project Co shall not be entitled to make any claim of any nature whatsoever against Contracting Authority or any Province Person on any grounds relating to the Lands, the Existing Infrastructure or the Site Conditions, including the fact that incorrect or insufficient information on any matter relating to the Lands, the Existing Infrastructure or the Site Conditions was given to it by any person, whether or not Contracting Authority or a Province Person.

- (b) Section 18.1(a) is not intended to prohibit Project Co from relying upon information that has been provided by a person who has given Project Co an express written entitlement to rely on that information, provided however, subject to Sections 7.4, 18.2, 18.3, 18.4, 18.5, 18.6 and 18.8, Project Co shall not be entitled to make any claim of any nature whatsoever against Contracting Authority or any Province Person on any grounds relating to the information provided by that person.  - (ii) performed all necessary due diligence and investigation or inspection on the Existing Infrastructure and satisfied itself prior to executing this Project Agreement as to the structural, environmental and general condition of such Existing Infrastructure;
 - (iii) in accordance with Good Industry Practice, taking into account all matters relating to the Lands, including any Existing Infrastructure, and any other buildings, structures and works, on, over and under the Lands existing on the date hereof, satisfied itself as to the nature of the Site Conditions, the ground and the subsoil, the level and quantity of groundwater, the form and nature of the Lands, the loadbearing and other relevant properties of the Lands, the risk of injury or damage to property affecting the Lands, the nature of the materials (whether natural or otherwise) to be excavated, or any other Geotechnical Site Condition, and the nature of the design, work and materials necessary for the execution and delivery of the Works;
 - (iv) satisfied itself as to the presence of any Contamination on, in or under the Lands, or migrating to or from the Lands in accordance with Good Industry Practice, taking into account all matters relating to the Lands, including any Existing Infrastructure, and any other buildings, structures and works, on, over and under the Lands existing on the date hereof;

18.2 Contamination

- (a) Subject to Section 18.6, Contracting Authority, as between Project Co and Contracting Authority, shall be responsible for Contamination on, in or under, or migrating to or from, or having previously migrated from, the Lands, except for any such Contamination that,
 - (i) was within the actual knowledge of Project Co or a Project Co Party as of the Financial Submission Deadline;
 - (ii) was described in, or was properly inferable, readily apparent or readily discoverable from, the Phase 2 Environmental Site Assessment Reports, the Geotechnical Reports, the Designated Substances and Hazardous Materials Survey Reports, or the Environmental Assessment Documentation;
 - (iii) could have been readily apparent or readily discoverable with respect to the applicable portion of Lands on the basis of on-site investigations, on-site inspections or other on-site due diligence of such portion of Lands in accordance with Good Industry Practice, where:
 - (A) physical access to the applicable portion of Lands was provided to Project Co or any Project Co Party by Contracting Authority prior to the Financial Submission Deadline; or
 - (B) the applicable portion of Lands were publicly accessible by Project Co or any Project Co Party prior to the Financial Submission Deadline;
 - (iv) is Inferred Group A Contamination Lands Contamination;
- notwithstanding whether Project Co or any Project Co Party accessed the applicable portion of Lands and taking into account all matters relating to such portion of Lands, including any Existing Infrastructure, and any other buildings, structures and works, on, over, and under such portion of Lands existing on the date hereof, but excluding any invasive testing, sampling or similar subsurface investigations which would otherwise be required by this Section 18.2(a)(iii);

- (v) is Inferred Group B Contamination Lands Contamination;
- (vi) Project Co is obliged to remediate pursuant to the provisions of the Project Agreement;
- (vii) **[Intentionally Deleted]**; or
- (viii) is caused by Project Co or any Project Co Party.

For clarity, Project Co shall be responsible, at its sole cost and expense, for the Contamination set out in Sections 18.2(a)(i) to 18.2(a)(viii), except as expressly stated otherwise in this Section 18.2 or in Section 18.6. For further clarity, if, in the performance of the Works, Project Co or any Project Co Party Worsens any Contamination for which Project Co is already responsible pursuant to Section 18.2(a) or Section 18.6, Project Co shall also be responsible for the Worsening of such Contamination;

- (b) For the purposes of Section 18.2(a)(i), “actual knowledge” shall mean knowledge that is actually held by the person who was identified as the project manager (or analogous position) for the Project in Project Co’s proposal in response to the Request for Proposals.
- (c) If, in the performance of the Works, Project Co or any Project Co Party:
 - (i) Worsens any Contamination for which Contracting Authority is responsible pursuant to Section 18.2(a);
 - (ii) the Worsening of such Contamination was not caused (directly or indirectly) by a failure of Project Co or any Project Co Party to comply with its obligations under the Project Agreement, including the obligation to complete the Works in accordance with Good Industry Practice; and
 - (iii) Project Co complies with its obligations in Section 18.2(k) or Section 18.2(l), as applicable,

then Section 18.2(n) shall apply to both the Contamination and the Worsened Contamination.

- (d) If, in the performance of the Works, Project Co or any Project Co Party:
 - (i) Worsens any Contamination for which Contracting Authority is responsible pursuant to Section 18.2; and
 - (ii) the Worsening of such Contamination was caused (directly or indirectly) by a failure of Project Co or any Project Co Party to comply with its obligations under the Project Agreement, including the obligation to complete the Works in accordance with Good Industry Practice; and/or
 - (iii) Project Co does not comply with its obligations in Section 18.2(k) or 18.2(l), as applicable,

then Section 18.2(n) shall only apply to the costs of addressing the Contamination for which Contracting Authority is responsible for under Applicable Law but not the costs of addressing the Worsened Contamination, which shall be the responsibility of Project Co.

- (e) For Contamination (or Worsened Contamination, as applicable) which is the responsibility of Project Co pursuant to Section 18.2 (excluding Section 18.2(a)(vi)), and in respect of which remediation or removal is not required by Applicable Law, then the sole obligation of Project Co in respect of such Contamination (or Worsened Contamination, as applicable) is to comply with the Project Agreement.
- (f) For the purposes of Section 18.2(a)(iv):
- (i) Project Co acknowledges and agrees that,
- (A) contaminants listed in Table 3 of the MECP Site Condition Standards, made pursuant to O. Reg. 153/04, as amended from time to time, in concentrations that are in excess of the Industrial/Commercial/Community Property Use standard for coarse or medium and fine textured soils; and
- (B) debris, track ballast, aggregates and other non-soil materials,
- may be present on, in or under, the Group A Contamination Lands (including soil, sediment, or groundwater that is on, in or under the Group A Contamination Lands) and may include contaminants set out in Section 18.2(f)(i)(A) that are migrating to, or are migrating from, the Group A Contamination Lands (collectively, the **“Inferred Group A Contamination Lands Contamination”**); and
- (ii) If Project Co encounters soils that are on, in or under or that are migrating to or that are migrating from the Group A Contamination Lands, and that are classified as, or otherwise contain,
- (A) “hazardous waste” as defined in Section 1 – Definitions of Ontario Regulation 347 – General – Waste Management, as amended from time to time (**“Hazardous Waste Soils”**); or
- (B) PCBs at a concentration of more than fifty parts per million by weight (50 microgram per gram, as reported by a Canadian Association for Laboratory Accreditation Inc. certified analytical laboratory by analytical method EPA 8082a) (**“PCB Soils”**),
- then the contaminants contained in such soils shall be excluded from the definition of “Inferred Group A Contamination Lands Contamination”.
- (iii) If Project Co encounters groundwater during its performance of dewatering activities that is on, in or under, that is migrating to or that is migrating from, the Group A Contamination Lands, and that does not meet the Applicable Law requirements, with the exception of turbidity or total suspended solids, for disposal in a sanitary sewer, the contaminants contained in such groundwater shall be excluded from the definition of “Inferred Group A Contamination Lands Contamination”.

- (g) For clarity,
- (i) unless Project Co is otherwise responsible for Contamination in the Group A Contamination Lands pursuant to Section 18.2(a)(i), Section 18.2(a)(ii), Section 18.2(a)(iii), Section 18.2(a)(v), Section 18.2(a)(vi), Section 18.2(a)(vii), or Section 18.2(a)(viii), Project Co’s only obligation pursuant to Section 18.2(f) with respect to Inferred Group A Contamination Lands Contamination that is migrating from the Group A Contamination Lands to a point outside of the Group A Contamination Lands is to ensure that such Inferred Group A Contamination Lands Contamination is dealt with in accordance with Applicable Law, including any Applicable Law requirements to stop migration of the Inferred Contamination to beyond the geographical boundaries of the Group A Contamination Lands; and
 - (ii) Section 18.2(f) is not intended to change, or impact in any way, Project Co’s responsibility for Contamination outside of the boundaries of the Group A Contamination Lands. - (i) Project Co acknowledges and agrees that,
 - (A) contaminants listed in Table 3 of the MECP Site Condition Standards, made pursuant to O. Reg. 153/04, as amended from time to time, in concentrations that are within the Industrial/Commercial/Community Property Use standard for coarse or medium and fine textured soils; and
 - (B) debris, track ballast, aggregates and other non-soil materials,may be present on, in or under, the Group B Contamination Lands (including soil, sediment, or groundwater that is on, in or under the Group B Contamination Lands) and may include contaminants set out in Section 18.2(h)(i)(A) that are migrating to, or are migrating from, the Group B Contamination Lands (collectively, the **“Inferred Group B Contamination Lands Contamination”**); and
 - (ii) If Project Co encounters soils that are on, in or under or that are migrating to or that are migrating from the Group B Contamination Lands, and that are classified as or otherwise contain,
 - (A) Hazardous Waste Soils; or
 - (B) PCB Soils,then the contaminants contained in such soils shall be excluded from the definition of **“Inferred Group B Contamination Lands Contamination”**.

- (iii) If Project Co encounters groundwater during its performance of dewatering activities that is on, in or under, that is migrating to or that is migrating from, the Group B Contamination Lands, and that does not meet the Applicable Law requirements, with the exception of turbidity or total suspended solids, for disposal in a sanitary sewer, the contaminants contained in such groundwater shall be excluded from the definition of “Inferred Group B Contamination Lands Contamination”.
- (i) For clarity,
- (i) unless Project Co is otherwise responsible for Contamination in the Group B Contamination Lands pursuant to Section 18.2(a)(i), Section 18.2(a)(ii), Section 18.2(a)(iii), Section 18.2(a)(iv), Section 18.2(a)(vi), Section 18.2(a)(vii), or Section 18.2(a)(viii), Project Co’s only obligation pursuant to Section 18.2(h) with respect to Inferred Group B Contamination Lands Contamination that is migrating from the Group B Contamination Lands to a point outside of the Group B Contamination Lands is to ensure that such Inferred Group B Contamination Lands Contamination is dealt with in accordance with Applicable Law, including any Applicable Law requirements to stop migration of the Inferred Contamination to beyond the geographical boundaries of the Group B Contamination Lands; and
- (ii) Section 18.2(h) is not intended to change, or impact in any way, Project Co’s responsibility for Contamination outside of the boundaries of the Group B Contamination Lands. Project Co’s obligations with respect to Contamination outside the Group B Contamination Lands are governed by Sections 18.2(a), 18.2(b), 18.2(c), 18.2(d), 18.2(e), 18.2(f), 18.2(g), 18.2(j), 18.2(k), 18.2(l), 18.2(m), 18.2(n) and 18.2(o). - (j) If the MECP directs Project Co, through an order issued pursuant to the *Environmental Protection Act* (Ontario), to conduct investigations, dispose of soils or sediment, and/or to remediate soil, sediment or groundwater, then Project Co shall immediately inform the Contracting Authority Representative and Project Co shall promptly and diligently comply with any instructions issued by Contracting Authority to Project Co with respect to the MECP order (and if Contracting Authority fails to issue instructions that are necessary for Project Co to comply with the order, then Contracting Authority shall be deemed to have issued such instructions), subject to and in accordance with Section 18.2(n).
- (k) Upon the discovery of any Contamination or Worsened Contamination, as applicable (other than Contamination or Worsened Contamination which is the responsibility of Project Co pursuant to Section 18.2 or Section 18.6), Project Co shall immediately inform the Contracting Authority Representative, and shall comply, and ensure that all Project Co Parties comply, with all Applicable Law and the Schedule 17 – Environmental Obligations in respect thereof at Contracting Authority’s cost, subject to and in accordance with Section 18.2(n).
- (l) Except to the extent required to prevent or mitigate an Emergency or to comply with Applicable Law, Project Co shall not undertake any significant work pursuant to Section 18.2(k) in respect of Contamination or Worsened Contamination for which Contracting Authority is responsible pursuant to Section 18.2 until the Contracting Authority Representative has been given a

reasonable opportunity to review the nature, extent and circumstances of the Contamination or Worsened Contamination and has instructed Project Co to proceed with such work.

- (m) In the event that Contracting Authority wishes Project Co to perform actions in respect of any Contamination or Worsened Contamination which are in addition to any actions required pursuant to Section 18.2(k), then Contracting Authority shall issue an instruction to Project Co specifying what action Contracting Authority requires Project Co to take and Project Co shall promptly and diligently comply with all such instructions at Contracting Authority's cost, subject to and in accordance with Section 18.2(n). Notwithstanding the other provisions of this Section 18.2, to the extent that Project Co or any Project Co Party has not disturbed, excavated or otherwise affected, and has not caused or Worsened, any Contamination that Project Co is otherwise responsible for pursuant to Sections 18.2(a)(i), (ii), (iii), (iv), or (v) only, an instruction by or requirement of Contracting Authority to Project Co to remediate or perform any actions in respect of such Contamination shall be deemed to be an instruction by Contracting Authority in accordance with this Section 18.2(m).
- (n) If,
- (i) Sections 18.2(k) and 18.2(m) require Project Co to perform any alteration, addition, Demolition, extension or variation in the Works, or to suspend or delay performance of the Works, as a result of Contamination or Worsened Contamination for which Contracting Authority is responsible pursuant to Section 18.2 or as a result of any instructions given by Contracting Authority pursuant to Section 18.2(m) and which would not otherwise be required under this Project Agreement; or

- (o) In the event that Contracting Authority and Project Co do not agree as to the nature or extent of the Contamination or of the actions to be performed by Project Co pursuant to Section 18.2(k), such disagreement shall be referred for determination to an independent and suitably qualified and experienced person, acceptable to Project Co and Contracting Authority, each acting reasonably (and the costs and expenses of retaining such person shall be borne by the unsuccessful Party). Such person's decision shall be final and binding on the Parties only in respect of the nature or extent of the Contamination and any action to be performed by Project Co pursuant to Section 18.2(k), except to the extent that either Party alleges that such decision would result in non-compliance with Applicable Law or this Project Agreement, in which event either Party may refer the disagreement for resolution in accordance with Schedule 27 – Dispute Resolution Procedure.

18.3 Items of Geological, Historical or Archaeological Interest or Value

- (f) In the event that Contracting Authority and Project Co do not agree as to the nature or extent of the actions required to be performed by Project Co pursuant to Section 18.3(c)(ii), such disagreement shall be referred for determination to an independent and suitably qualified and experienced person, acceptable to Project Co and Contracting Authority, each acting reasonably (and the costs and expenses of retaining such person shall be borne by the unsuccessful Party). Such person's decision shall be final and binding on the Parties except to the extent that either Party alleges that such decision would result in non-compliance with Applicable Law or this Project Agreement, in which event either Party may refer the disagreement for resolution in accordance with Schedule 27 – Dispute Resolution Procedure.

18.4 Unknown Utility Infrastructure and Mislocated Utility Infrastructure

- (a) Project Co shall be responsible for all Utility Infrastructure on, in or under the Lands pursuant to Schedule 15 – Output Specifications, except for any:
 - (i) Mislocated Utility Infrastructure; or
 - (ii) Utility Infrastructure that,

- (h) For greater certainty, the Independent Certifier’s decision to issue an IC Interim Completion Deliverables Confirmation shall not limit or otherwise affect (i) any of Project Co’s obligations under this Project Agreement to satisfy the requirements of the applicable Interim Completion or (ii) the opinion of Contracting Authority or the determination of the Independent Certifier as to whether the conditions for issuance of the applicable Interim Completion Certificate have been satisfied pursuant to Section 23.4(d) and Section 23.4(e) respectively.

 - (ii) are required to complete and deliver to Project Co a criminal records search form.
- (b) To the extent permitted by Applicable Law, Project Co shall, and shall cause each Project Co Party to, ensure that no person who discloses any Relevant Conviction, or who is found to have any Relevant Conviction following the completion of a criminal records search, in either case of which Project Co or a Project Co Party is aware or ought to be aware, is allowed access to the Lands, the New Metrolinx Infrastructure or the New Third Party Infrastructure to perform any Works, without the prior written consent of Contracting Authority, in its sole discretion.
- (c) To the extent permitted by Applicable Law, Project Co shall ensure that Contracting Authority is kept immediately notified and kept advised at all times of any person employed or engaged by Project Co or any Project Co Party in the provision of any of the Works who, subsequent to the commencement of such employment or engagement, (i) has been arrested or detained; (ii) receives a Relevant Conviction; or (iii) is charged with an offence that could lead to a Relevant Conviction (of which Project Co or a Project Co Party becomes aware or whose previous Relevant Convictions become known to Project Co or a Project Co Party). Project Co shall use commercially reasonable efforts to obtain, or to cause all Project Co Parties to obtain, all consents as may be required by Applicable Law or otherwise authorizing the disclosure of such information to Contracting Authority as contemplated in this Section 26.3.

26.4 Disciplinary Action

- (a) Contracting Authority, acting reasonably, may notify Project Co of any Project Co or Project Co Party employee who engages in misconduct or is incompetent or negligent in the performance of duties or whose presence or conduct on the Lands or at work is otherwise considered by

Contracting Authority to be undesirable, to constitute a threat to the health and/or safety of any of the users of the Lands and/or System Users or which Contracting Authority considers may potentially compromise (i) Contracting Authority’s reputation or integrity, or (ii) the nature of the public transit system in any one or more of the Municipalities or the Province of Ontario so as to affect public confidence in the public transit system in one or more of the Municipalities, the Province of Ontario or the Project. Upon investigation, Project Co may institute, or cause the relevant Project Co Party to institute, disciplinary proceedings, which shall be in accordance with the requirements of Applicable Law, and shall advise Contracting Authority in writing of the outcome of any disciplinary action taken in respect of such person.

26.5 Human Resources Policies

- (a) Project Co shall ensure that there are set up and maintained by it and by all Project Co Parties, human resources policies and procedures covering all relevant matters relating to the Works (including, for example, health and safety). Project Co shall ensure that the terms and the implementation of such policies and procedures comply with Applicable Law, Authority Requirements, and Good Industry Practice and that they are published in written form and that copies of them (and any revisions and amendments to them) are directly issued to Contracting Authority and all Project Co Parties.

26.6 Management Organizations

- (a) Project Co shall provide, and shall ensure that all Project Co Parties provide, to Contracting Authority, as required to keep such information current, the names of the management teams responsible for the provision of the Works.

27. CONTRACTING AUTHORITY’S REMEDIAL RIGHTS

27.1 Exercise of Remedial Rights

- (a) Contracting Authority may exercise all rights set out in this Section 27 at any time and from time to time if:
 - (i) Contracting Authority, acting reasonably, considers that a breach by Project Co of any obligation under this Project Agreement, or any act or omission on the part of Project Co or any Project Co Party:
 - (A) does or can reasonably be expected to create a serious threat to the health, safety or security of any person, including any System Users or Province Person; or
 - (B) does or can reasonably be expected to materially prejudice the performance of any Governmental Activities;

- (C) may potentially compromise Contracting Authority’s reputation or integrity, or the nature of the public transit system in any one or more of the Municipalities or the Province of Ontario, so as to affect public confidence in that system or the Project,

provided that:

- (D) in respect of a breach by Project Co of any obligation under this Project Agreement or any act or omission on the part of Project Co or any Project Co Party which can reasonably be expected to cause any of the consequences set out in Sections 27.1(a)(i)(A) and 27.1(a)(i)(B), Contracting Authority shall not exercise its rights under this Section 27 unless Project Co has failed to cure the relevant breach, act or omission within five Business Days after Notice from Contracting Authority or, if such breach, act or omission cannot reasonably be cured within such five Business Day period, Project Co thereafter fails to diligently and continuously pursue such cure and to cure such breach, act or omission within a reasonable period thereafter, provided that Project Co shall not be entitled to a cure period if any of the consequences set out in Sections 27.1(a)(i)(A) and 27.1(a)(i)(B) actually occur; and
 - (E) in respect of Section 27.1(a)(i)(C), Contracting Authority shall not exercise its rights under this Section 27 unless Project Co has failed to cure the relevant breach, act or omission within five Business Days after Notice from Contracting Authority or, if such breach, act or omission cannot reasonably be cured within such five Business Day period, Project Co thereafter fails to diligently and continuously pursue such cure and to cure such breach, act or omission within a reasonable period thereafter;
- (ii) Project Co has not caused the COR-Qualified Construction Project Co Party or the COR-Certified Construction Project Co Party, as the case may be, to perform its obligations with respect to its COR Certification or OHSAS 18001 Accreditation, as the case may be, in accordance with Section 11.25, or Project Co has not caused the COR-Qualified Construction Project Co Party or the COR-Certified Construction Project Co Party, as the case may be, to perform its obligations with respect to H&S Construction Inspections in accordance with Section 15.1(b), or to perform its obligations to rectify any non-compliance noted in any H&S Construction Inspection Report in accordance with Section 15.1(e);
 - (iii) Project Co has not performed or is not performing its obligations in respect of the Demolition Requirements in accordance with Section 11.26 or Project Co has not performed or is not performing its obligations to rectify any Demolition Default Event in accordance with Section 11.26; or
 - (iv) Project Co has failed to comply with any written direction issued by or on behalf of Contracting Authority.

27.2 Emergency

- (a) Notwithstanding that Project Co is not in breach of its obligations under this Project Agreement, Contracting Authority may exercise all of the rights set out in this Section 27 at any time and from time to time if Contracting Authority, acting reasonably, considers the circumstances to constitute an Emergency.

27.3 Rectification

- (a) Without prejudice to Contracting Authority's rights under Section 36 and any other rights under this Project Agreement, in any of the circumstances set out in Sections 27.1 or 27.2, Contracting Authority may, by written Notice, require Project Co to take such steps as Contracting Authority, acting reasonably, considers necessary or expedient to mitigate, rectify or protect against such circumstance, including, if applicable, the termination and replacement of Subcontractors or a limited suspension of the performance of the Works, and Project Co shall use commercially reasonable efforts to comply with Contracting Authority's requirements as soon as reasonably practicable.

- (b) If Contracting Authority gives Notice to Project Co pursuant to Section 27.3(a) and either:

- (i) Project Co does not either confirm, within five Business Days after such Notice or such shorter period as is appropriate in the case of an Emergency that it is willing to take the steps required in such Notice or present an alternative plan to Contracting Authority to mitigate, rectify and protect against such circumstances that Contracting Authority may accept or reject acting reasonably; or
- (ii) Project Co fails to take the steps required in such Notice or accepted alternative plan within such time as set out in such Notice or accepted alternative plan or within such longer time as Contracting Authority, acting reasonably, shall think fit,

then Contracting Authority may take such steps as it considers to be appropriate, acting reasonably, including requiring the termination and replacement of Subcontractors, either themselves or by engaging others (including a third party) to take any such steps.

- (c) Notwithstanding the foregoing provisions of this Section 27.3, in the event of an Emergency, the Notice under Section 27.3(a) shall be given as promptly as possible having regard to the nature of the Emergency and Contracting Authority may, prior to Project Co's confirmation under Section 27.3(b)(i), take such steps as are appropriate having regard to the nature of the Emergency.

- (a) Subject to Contracting Authority's obligations pursuant to Sections 27.5 and 27.6:

- (ii) Project Co shall reimburse Contracting Authority for all reasonable costs and expenses incurred by Contracting Authority in relation to the exercise of Contracting Authority's

rights pursuant to this Section 27, including in relation to Contracting Authority taking such steps, either itself or by engaging others (including a third party) to take any such steps as Contracting Authority considers appropriate and as are in accordance with this Section 27.

27.5 Reimbursement Events

- (a) In this Section 27.5, a “**Reimbursement Event**” means:

 - (ii) an Emergency that is not caused or contributed to by an act or omission of Project Co or any Project Co Party or a breach by Project Co or any Project Co Party of any obligation under this Project Agreement.
- (b) If Contracting Authority either takes steps itself or requires Project Co to take steps in accordance with this Section 27 as a result of a Reimbursement Event:
- (i) Contracting Authority shall reimburse Project Co for the reasonable costs and expenses incurred by Project Co in relation to the exercise of Contracting Authority’s rights pursuant to this Section 27 that would not otherwise have been incurred by Project Co in the proper performance of its obligations under this Project Agreement; and
 - (ii) Contracting Authority shall bear all costs and expenses incurred by Contracting Authority in relation to the exercise of Contracting Authority’s rights pursuant to this Section 27.

27.6 Reimbursement if Improper Exercise of Rights

- (a) If Contracting Authority exercises its rights pursuant to this Section 27, but Contracting Authority was not entitled to do so, Contracting Authority shall reimburse Project Co for the reasonable costs and expenses directly incurred by Project Co over and above those that would otherwise have been incurred by Project Co in the proper performance of its obligations under this Project Agreement and that are directly and reasonably incurred by Project Co in complying with those written requirements of Contracting Authority issued as a result of Contracting Authority having exercised such rights.
- (b) Project Co acknowledges and agrees that Project Co has no right to require a determination of whether or not Contracting Authority is entitled to exercise its rights pursuant to this Section 27 before taking any such action that Contracting Authority may require and Project Co shall comply with all of Contracting Authority’s requirements. Only concurrently with or after complying with Contracting Authority’s requirements shall Project Co be entitled to refer any Dispute for resolution in accordance with Schedule 27 – Dispute Resolution Procedure.

Project Co shall use commercially reasonable efforts to ensure that, for such purpose, all such information, reports, documents, records and the like in the possession of, or available to, the Construction Contractor shall be available to Project Co and Project Co shall include relevant terms in all Subcontracts to this effect.
- (b) Project Co shall also provide to Contracting Authority, and shall require each Subcontractor, including the Construction Contractor, to provide to Contracting Authority (at Contracting Authority’s reasonable cost), all information, reports, documents, records and the like required to be provided pursuant to Section 28.2(a) which subsequently come into the possession of, or become available to, Project Co or each Subcontractor, as Contracting Authority may reasonably require from time to time to enable Contracting Authority to provide reports, notices, returns and the like pursuant to Applicable Law, including information and documentation pertaining to the physical condition of the Lands, the New Metrolinx Infrastructure and the New Third Party Infrastructure, security, health and safety, fire safety, emergency preparedness, environmental matters, employees and human resources related matters, other than Sensitive Information.

- (d) Project Co shall promptly notify Contracting Authority of any actions, suits, proceedings, or investigations commenced, pending or threatened against Project Co or, to Project Co’s knowledge, any Subcontractor at law or in equity before any Governmental Authority or arbitral body (whether or not covered by insurance) that individually or in the aggregate could result in any material adverse effect on the business, properties, or assets or the condition, financial or otherwise, of Project Co or in any impairment of its ability to perform its obligations under this Project Agreement.
- (e) All information, reports, documents and records in the possession of, or available to, Project Co, including as referred to in Schedule 26 – Record Provisions, which are required to be provided to or available to Contracting Authority hereunder, shall be subject and open to inspection and audit by Contracting Authority at any time and from time to time, which inspection and audit shall take place during normal business hours and at Project Co’s normal places of business unless Contracting Authority and Project Co otherwise agree. Contracting Authority shall also have the right to monitor and audit the performance of any and all parts of the Works wherever located,

Except as otherwise provided herein, all of Contracting Authority's costs for the inspections, audits and monitoring shall be borne by Contracting Authority.

- (f) In conducting an audit of Project Co under Section 28.2(e) or as otherwise provided under this Project Agreement, Contracting Authority shall have all rights necessary or incidental to conducting an audit, including the right to have access to and inspect and take copies (at Contracting Authority's reasonable cost) of all books and records of Project Co required to be provided to or available to Contracting Authority hereunder, upon reasonable Notice and at reasonable times. Project Co shall fully cooperate with Contracting Authority and its auditors in the conduct of any audits, including by making available all such records and accounts (other than Sensitive Information) in existence at that time as they may require to perform a full and detailed audit, and Project Co further agrees to promptly review and settle with Contracting Authority all matters arising from such audits, including the refunding of monies to Contracting Authority where applicable. At the reasonable request of Contracting Authority's auditors, Project Co shall provide such information, reports, documents and records as Contracting Authority's auditors may reasonably require, other than Sensitive Information.
- (g) Contracting Authority's rights pursuant to this Section 28.2 shall be in addition to, and shall not limit, any other audit, information, inspection or similar rights under this Project Agreement.
- (h) Contracting Authority's rights pursuant to this Section 28.2 shall not limit or restrict any Governmental Authority's right of review, audit, information or inspection under Applicable Law. Contracting Authority's right pursuant to this Section 28.2 may also be exercised by the Auditor General of Ontario, Her Majesty the Queen in right of Canada and the Auditor General of Canada without the requirement for further action on the part of Contracting Authority.
- (i) Without limiting the generality of Section 28.2(a) and subject to Sections 42.1(a) and 42.3, in the event that Contracting Authority is required to provide information, including financial information, in relation to the Project, to the Province for corporate or financial reporting purposes, Project Co shall provide such information to Contracting Authority as Contracting Authority may reasonably require in order to comply with its corporate or financial reporting obligations. Project Co acknowledges and agrees that such information may include Sensitive Information.

30.3 Relevant Change in Law

- (a) On the occurrence of a Relevant Change in Law, either Party shall be entitled to seek compensation for any increase or decrease (as the case may be) in the net cost to Project Co of performing the Works so as to put such Party in no better and no worse position than it would have been in had the Relevant Change in Law not occurred. Any such compensation shall be calculated in accordance with this Section 30.3.

- (d) Project Co shall not be entitled to any relief under this Section 30.4 for a Pandemic and Epidemic Supply Chain Delay that may result from a Pandemic and Epidemic Change in Law. Any relief or compensation for Project Co for any Pandemic and Epidemic Supply Chain Delay shall be addressed under Section 34 of this Project Agreement.

31. VARIATIONS

31.1 Variation Procedure

- (a) Except as otherwise expressly provided in this Project Agreement, Schedule 22 – Variation Procedure shall apply in respect of Variations.
- (b) For greater certainty, Project Co shall, subject to and in accordance with Schedule 22 – Variation Procedure, be entitled to a Variation if a written direction issued by or on behalf of Contracting Authority to Project Co or any Project Co Party results in a variation, addition, reduction, substitution, omission, modification, deletion, removal or other change to the whole or any part of the Works.
- (c) Without limiting Project Co’s obligations pursuant to Section 11.10(a) and Schedule 22 – Variation Procedure, Project Co shall include in each Subcontract, and shall cause each Project Co Party to comply with, the Variation Procedure, to the extent that the Variation Procedure requires Project Co to minimize the cost and impact of Variations.

31.2 Innovation and Value Engineering

- (a) Project Co acknowledges that Contracting Authority at all times desires to reduce the overall cost to Contracting Authority of the Project, and Project Co agrees to cooperate, explore and work with Contracting Authority in investigating and considering innovation and value engineering and other cost saving measures.
- (b) If an innovation and value engineering proposal is at any time and from time to time originated and initiated solely by Project Co, Project Co may make a proposal (the “**Innovation Proposal**”) by Notice to Contracting Authority.
- (c) The Parties agree that the subject of an Innovation Proposal shall not include:
- (i) any Variation Enquiry initiated by Contracting Authority;
 - (ii) any Variation resulting from a Change in Law; or
 - (iii) any change to the Contracting Authority Activities.
- (d) The Innovation Proposal must:
- (i) set out sufficient detail to enable Contracting Authority to evaluate the Innovation Proposal in full;
 - (ii) specify Project Co’s reasons and justification for proposing the Innovation Proposal;

- (iii) request Contracting Authority to consult with Project Co with a view to deciding whether to agree to the Innovation Proposal and, if so, what consequential changes Contracting Authority requires as a result;
 - (iv) indicate any implications of the Innovation Proposal, including a difference between the existing and the proposed requirements of this Project Agreement, and the comparative advantages of each to Project Co and Contracting Authority;
 - (v) indicate if there are any dates by which a decision by Contracting Authority must be made;
 - (vi) indicate the capital cost of the Innovation Proposal, including the cost of financing; and
 - (vii) include such other information and documentation as may be reasonably requested by Contracting Authority to fully evaluate and consider the Innovation Proposal.
- (e) Contracting Authority shall, acting in good faith, evaluate the Innovation Proposal, taking into account all relevant issues, including whether:

- (i) If, after taking into account the agreed implementation and reasonably allocated development costs incurred by Project Co in connection with the Innovation Proposal and any other uses of the Innovation Proposal by Project Co, the Innovation Proposal causes or will cause the costs of Project Co and/or of a Subcontractor to decrease, the net savings in the costs of Project Co and/or the Subcontractor will be shared equally by Project Co and Contracting Authority, and Contracting Authority's share of the net savings shall, if the Parties agree, be reflected in a lump sum payment.
- (j) If an Innovation Proposal causes or will cause the costs of Contracting Authority to decrease, the net savings in the costs of Contracting Authority will be shared:
- (i) equally by Project Co and Contracting Authority following the implementation of the Innovation Proposal until the Termination Date; and
 - (ii) thereafter, Contracting Authority shall be entitled to the full benefit of the net savings in costs (if applicable),
- and Project Co's share of the net savings shall be reflected in a lump sum payment.

32. DELAY EVENTS

32.1 Definition

 - (v) details of any measures that Project Co proposes to adopt to prevent such event or circumstances from forming the basis of a future claim by Project Co for relief as a

Delay Event or to mitigate the consequences of such claim if such event or circumstances were to become a Delay Event.

- (c) As soon as possible but in any event within three Business Days after Project Co receiving, or becoming aware of, any supplemental information pertaining to the event or circumstances disclosed in Section 32.2(a), Project Co shall submit further particulars based on such information to the Contracting Authority Representative and the Independent Certifier.
- (d) The Contracting Authority Representative shall, after receipt of written details under Section 32.2(b), or of further particulars under Section 32.2(c), be entitled by written Notice to require Project Co to provide such further supporting particulars as the Contracting Authority Representative may reasonably consider necessary. Project Co shall afford the Contracting Authority Representative and the Independent Certifier reasonable facilities for their investigations, including on-site inspection.
- (e) In addition to complying with its obligations under Sections 32.2(a) and 32.2(b), Project Co shall provide written Notice to the Contracting Authority Representative and the Independent Certifier within five Business Days after becoming aware that an event or circumstances has satisfied, or will satisfy, in the opinion of Project Co, the applicable definition of a Delay Event. Project Co shall, within 10 Business Days after such notification, provide further written details of the Delay Event to the Contracting Authority Representative and the Independent Certifier, including, if and as applicable, to substitute or supplement the information given in Sections 32.2(a), 32.2(b) and 32.2(c), to substantiate or support Project Co's claim which shall include, to the extent not previously provided:
 - (i) a statement of which Delay Event upon which the claim is based;
 - (ii) details of the circumstances from which the Delay Event arises;
 - (iii) details of the contemporary records which Project Co shall maintain to substantiate its claim for extra time;

 - (v) details of any measures which Project Co proposes to adopt to mitigate the consequences of such Delay Event.
- (f) As soon as possible, but in any event within three Business Days after Project Co receiving, or becoming aware of, any supplemental information which may further substantiate or support Project Co's claim under Section 32.2(e), Project Co shall submit further particulars based on such information to the Contracting Authority Representative and the Independent Certifier.
- (g) The Contracting Authority Representative shall, after receipt of written details under Section 32.2(e), or of further particulars under Section 32.2(f), be entitled by written Notice to require

Project Co to provide such further supporting particulars as the Contracting Authority Representative may reasonably consider necessary. Project Co shall afford the Contracting Authority Representative and the Independent Certifier reasonable facilities for investigating the validity of Project Co's claim, including on-site inspection.

- (h) Subject to the provisions of this Section 32, the Contracting Authority Representative shall allow Project Co an extension of time equal to the delay caused by the Delay Event and shall fix (A) revised Scheduled Interim Completion Date(s) in respect of the applicable Interim Completion(s); (B) a revised Scheduled Substantial Completion Date, or (C) a revised Scheduled Final Completion Date, as applicable, as soon as reasonably practicable and in any event within 10 Business Days following the later of:
- (i) the date of receipt by the Contracting Authority Representative of Project Co's Notice given in accordance with Section 32.2(e) and the date of receipt of any further particulars (if such are required under Section 32.2(f)), whichever is later; and

- (j) If:
- (i) the Contracting Authority Representative declines to fix (A) revised Scheduled Interim Completion Date(s) in respect of the applicable Interim Completion(s); (B) a revised Scheduled Substantial Completion Date; or (C) a revised Scheduled Final Completion Date, as applicable;
 - (ii) Project Co considers that (A) different Scheduled Interim Completion Date(s); (B) a different Scheduled Substantial Completion Date, or (C) a different Scheduled Final Completion Date should be fixed; or
 - (iii) there is a dispute as to whether a Delay Event has occurred,
- then Project Co shall be entitled to refer the matter for determination by the Independent Certifier. The decision of the Independent Certifier may be disputed by either Party and referred for resolution in accordance with Schedule 27 – Dispute Resolution Procedure.
- (k) To the extent that Project Co does not comply with its obligations under Sections 32.2(a), (b), (c), (d), (e), (f) or (g), and subject to Section 32.2(l), such failure shall be taken into account in determining Project Co's entitlement to relief pursuant to this Section 32.
- (l) If Project Co does not provide further written details to the Contracting Authority Representative and the Independent Certifier as required under Section 32.2(b) within the 10 Business Day period referred to in such Section, Project Co acknowledges and agrees that, after a further 10 Business Days, Project Co shall not be entitled to rely upon, and Contracting Authority shall not be obligated to consider, the Notice given under Section 32.2(a) for the purposes of determining

Project Co's entitlement to relief under this Section 32. Project Co, at its option, may submit a new, currently dated Notice which complies with the provisions of Section 32.2(a) for the same event or circumstance which gave rise to the previous, unsubstantiated Notice, and the provisions of this Section 32 shall apply to any new Notice, *mutatis mutandis*. Project Co acknowledges and agrees that Contracting Authority, in determining Project Co's entitlement to an extension of time pursuant to this Section 32 and without limiting any other right of Contracting Authority under this Project Agreement, shall be entitled to take into account the delay between:

- (i) Project Co becoming aware of the occurrence of the event or circumstance forming the basis of the original Notice delivered pursuant to Section 32.2(a); and
 - (ii) Project Co submitting any new Notice pursuant to Section 32.2(a) in respect of that event or occurrence.

Project Co shall exercise all means within its discretion, such as directing any Project Co Party that is creating delays to increase their labour forces and equipment, to improve the organization and expediting of the Works, or to work overtime as may be necessary. Project Co shall provide any additional supervision, coordination and expediting, including overtime by its own personnel as may be required to achieve this end. The costs and expenses incurred by the use of such measures and overtime shall be borne by Project Co and/or the Project Co Parties and there shall be no adjustment to the Guaranteed Price as a result of such costs and expenses and for clarity, no extension to any Scheduled Interim Completion Date or to the Scheduled Substantial Completion Date.
- (n) Where there are concurrent delays, some of which are caused by Contracting Authority or others for whom Contracting Authority is responsible, and some of which are caused by Project Co or others for whom Project Co is responsible, Project Co shall not be entitled to an extension in any Scheduled Interim Completion Date or in the Scheduled Substantial Completion Date or additional compensation to the extent of the concurrent delays. Concurrent delays are those that are caused by two or more independent events which affect a Scheduled Interim Completion Date or the Scheduled Substantial Completion Date where the time period over which such delays occur overlap in time, but only for the duration of the overlap.
- (o) Subject to Sections 11.19(b) and 11.19(c), Contracting Authority shall provide Project Co with access to and use of the Metrolinx Lands and the Existing Metrolinx Infrastructure as required pursuant to Section 16 of this Project Agreement in a manner consistent with the applicable Project Works Schedules and in accordance with the notification requirements and restrictions set out in the Project Agreement, provided that Project Co agrees that the inability of Contracting Authority to provide Project Co with access to an area for construction activities not on the critical path for reasons set out in Sections 11.19(b) and 11.19(c) will not result in the occurrence of a Delay Event (and, for greater certainty, there shall not be a resulting change to any Scheduled Interim Completion Date or to the Scheduled Substantial Completion Date) or a Compensation Event (and, for certainty, there shall not be any resulting change to the Guaranteed Price).
- (p) In no event shall the extension of time for a Delay Event be more than the necessary extension of the critical path as a result of the Delay Event.

32.3 Mitigation

- (a) If Project Co is (or claims to be) affected by a Delay Event, Project Co shall, and shall require all Project Co Parties to, take and continue to take commercially reasonable steps:
 - (i) to eliminate or mitigate the consequences of such event upon the performance of its obligations under this Project Agreement;
 - (ii) to continue to perform its obligations under this Project Agreement to the extent possible notwithstanding the Delay Event; and
 - (iii) to resume performance of its obligations under this Project Agreement affected by the Delay Event as soon as practicable.
- (b) To the extent that Project Co does not comply with its obligations under this Section 32.3, such failure shall be taken into account in determining Project Co’s entitlement to an extension of time pursuant to this Section 32.

- (a) For the purposes of this Project Agreement, “**Compensation Event**” means any event referred to in Sections 32.1(a)(ii), 32.1(a)(iii), 32.1(a)(iv) (subject to Section 32.2(o)), 32.1(a)(v), 32.1(a)(vi), 32.1(a)(vii), 32.1(a)(viii), 32.1(a)(ix), 32.1(a)(x), 32.1(a)(xi), 32.1(a)(xii), 32.1(a)(xiii), 32.1(a)(xiv), 32.1(a)(xv), 32.1(a)(xvi), 32.1(a)(xvii), 32.1(a)(xxii), 32.1(a)(xxiii), 32.1(a)(xxvi), 32.1(a)(xxvii), 32.1(a)(xxviii), 32.1(a)(xxix), 32.1(a)(xxx), 32.1(a)(xxxi), 32.1(a)(xxxiii), 32.1(a)(xxxiv) and 32.1(a)(xxxv) as a direct result of which Project Co has incurred loss or expense, whether or not any of these events has also caused a delay.

33.2 Consequences of a Compensation Event

- (a) If a Compensation Event occurs, Project Co’s sole right to compensation shall be as set out in this Section 33. For greater certainty, except as aforesaid, no other Delay Event shall entitle Project Co to receive any compensation, except as otherwise provided in:
 - (i) Schedule 22 – Variation Procedure, in the case of a Delay Event referred to in Section 32.1(a)(i);
 - (ii) Section 35, in the case of a Delay Event referred to in Section 32.1(a)(xix);

- (b) Subject to Sections 33.2(c), 33.3 and 33.4, if it is agreed, or determined in accordance with Schedule 27 – Dispute Resolution Procedure, that there has been a Compensation Event, Project Co shall be entitled to such compensation as would place Project Co in no better and no worse position than it would have been in had the relevant Compensation Event not occurred. For greater certainty, in respect of a Compensation Event that is also a Delay Event, such compensation will include amounts which, but for the Delay Event, would have been paid by Contracting Authority to Project Co. Project Co shall promptly provide the Contracting Authority Representative with any information the Contracting Authority Representative may require in order to determine the amount of such compensation.
- (c) If Contracting Authority is required to compensate Project Co pursuant to this Section 33.2, then Contracting Authority may either pay such compensation as a lump sum payment or payments at times and in a manner to be agreed with Project Co, acting reasonably.
- (d) To the extent that Project Co does not comply with its obligations under Sections 32.2(a), (b), (c), (d), (e), (f) or (g), and subject to Section 32.2(1), such failure shall be taken into account in determining Project Co’s entitlement to relief pursuant to this Section 33.
- (e) If an event listed in Section 32.1(a)(i) to Section 32.1(a)(xxxv) caused Project Co to be delayed as of the time of the applicable Scheduled Milestone Payment Completion Date, when delay is measured in accordance with Section 32.2, and such delay resulted in Project Co failing to achieve Milestone Payment Completion for any Milestone Payment, and to the extent that such failure was not caused, or contributed to, by Project Co or any Project Co Party,
- (i) in the case of the First Milestone Payment, Contracting Authority shall pay an amount equal to the increase in the Cost of the Financing in respect of the First Milestone Payment arising from the applicable period of delay, provided Project Co has complied with its obligations pursuant to Section 33.3 without duplication of any amounts already paid by Contracting Authority in accordance with Section 33.2;
- (ii) in the case of the Second Milestone Payment, Contracting Authority shall pay an amount equal to the increase in the Cost of the Financing in respect of the Second Milestone Payment arising from the applicable period of delay, provided Project Co has complied with its obligations pursuant to Section 33.3 and without duplication of any amounts already paid by Contracting Authority in accordance with Section 33.2 including, but not limited to, any amounts already paid pursuant to Section 33.2(e)(i);
- (iii) in the case of the Third Milestone Payment, Contracting Authority shall pay an amount equal to the increase in the Cost of the Financing in respect of the Third Milestone Payment arising from the applicable period of delay, provided Project Co has complied with its obligations pursuant to Section 33.3 and without duplication of any amounts already paid by Contracting Authority in accordance with Section 33.2 including, but not limited to, any amounts already paid pursuant to Sections 33.2(e)(i) and 33.2(e)(ii);
- (iv) all compensation owed to Project Co arising from Sections 33.2(e)(i), 33.2(e)(ii) and 33.2(e)(iii) shall be calculated as of the Substantial Completion Date and shall be limited to only the compensation set out in Sections 33.2(e)(i), 33.2(e)(ii) and 33.2(e)(iii); and

- (v) any amount payable by Contracting Authority pursuant to Section 33.2(e) shall be payable on the Substantial Completion Payment Date.

33.3 Mitigation

For further clarity, Section 34.1(a)(ii) shall not apply in circumstances where Project Co has entered into an agreement for the design and construction of Utility Infrastructure and the applicable Utility Company has failed to comply with its obligations under such an agreement;

- (a) This Section 46.3 shall apply to the conduct of claims, made by a third person against a Party having, or claiming to have, the benefit of an indemnity pursuant to this Project Agreement. The Party having, or claiming to have, the benefit of the indemnity is referred to as the “**Beneficiary**” and the Party giving the indemnity is referred to as the “**Indemnifier**”.
- (b) If the Beneficiary receives any Notice, demand, letter or other document concerning any claim for which it appears that the Beneficiary is, or may become entitled to, indemnification under this Section 46, the Beneficiary shall give written Notice to the Indemnifier as soon as reasonably practicable and in any event within 10 Business Days after receipt of the same. Such Notice shall specify with reasonable particularity, to the extent that information is available, the factual basis for the claim and the amount of the claim.
- (c) Subject to Sections 46.3(d), 46.3(e) and 46.3(f), on the giving of such Notice by the Beneficiary, where it appears that the Beneficiary is or may be entitled to indemnification from the Indemnifier in respect of all, but not part only, of the liability arising out of the claim, the Indemnifier shall (subject to providing the Beneficiary with a secured indemnity to the Beneficiary’s reasonable satisfaction against all costs and expenses that the Beneficiary may incur by reason of such action) be entitled to dispute the claim in the name of the Beneficiary at the Indemnifier’s own expense and take conduct of any defence, dispute, compromise, or appeal of the claim and of any incidental negotiations. reasonable cooperation, access and assistance for the purposes of considering and resisting such claim. The Beneficiary shall have the right to employ separate counsel in respect of such claim and the reasonable fees and expenses of such counsel shall be to the account of the Indemnifier only where representation of both the Indemnifier and Beneficiary by common counsel would be inappropriate due to any actual or potential conflicting interests between the Indemnifier and Beneficiary.

- (d) With respect to any claim conducted by the Indemnifier:
- (i) the Indemnifier shall keep the Beneficiary fully informed and consult with it about material elements of the conduct of the claim;
 - (ii) the Indemnifier shall not bring the name or reputation of the Beneficiary into disrepute;
 - (iii) the Indemnifier shall not pay, compromise or settle such claims without the prior consent of the Beneficiary, such consent not to be unreasonably withheld or delayed;

 - (v) the Indemnifier shall use commercially reasonable efforts to have the Beneficiary named as a beneficiary under any release given by the persons bringing the claim to which this Section 46.3 relates.
- (e) The Beneficiary shall be free to pay or settle any such claim on such terms as it thinks fit and without prejudice to its rights and remedies under this Project Agreement if:
- (i) the Indemnifier is not entitled to take conduct of the claim in accordance with Section 46.3(c);
 - (ii) the Indemnifier fails to notify the Beneficiary of its intention to take conduct of the relevant claim as soon as reasonably practicable and in any event within 10 Business Days following the Indemnifier's receipt of the Notice from the Beneficiary under Section 46.3(b) or notifies the Beneficiary that the Indemnifier does not intend to take conduct of the claim; or
 - (iii) the Indemnifier fails to comply in any material respect with Section 46.3(d).

For greater certainty, Project Co acknowledges and agrees that where Contracting Authority is the Beneficiary, Contracting Authority may retain or take over such conduct in any matter involving Personal Information or any matter involving public policy. On receipt of such Notice the Indemnifier shall promptly take all steps necessary to transfer the conduct of such claim to the Beneficiary, and shall provide to the Beneficiary all relevant documentation and all reasonable cooperation, access and assistance for the purposes of considering and resisting such claim. If the Beneficiary gives any Notice pursuant to this Section 46.3(f), then the Indemnifier shall be

released from any liabilities arising under the applicable indemnity hereunder in respect of the applicable claim.

- (g) If the Indemnifier pays to the Beneficiary an amount in respect of an indemnity and the Beneficiary subsequently recovers, whether by payment, discount, credit, saving, relief or other benefit or otherwise, a sum or anything else of value (the “**Recovery Amount**”) which is directly referable to the fact, matter, event or circumstances giving rise to the claim under the indemnity, the Beneficiary shall forthwith repay to the Indemnifier whichever is the lesser of:
- (i) an amount equal to the Recovery Amount less any out-of-pocket costs and expenses properly incurred by the Beneficiary in recovering the same; and
 - (ii) the amount paid to the Beneficiary by the Indemnifier in respect of the claim under the relevant indemnity,

provided that there shall be no obligation on the Beneficiary to pursue any Recovery Amount and that the Indemnifier is repaid only to the extent that the Recovery Amount, aggregated with any sum recovered from the Indemnifier, exceeds the loss sustained by the Beneficiary except, however, that if the Beneficiary elects not to pursue a Recovery Amount, the Indemnifier shall be entitled to require an assignment to it of the right to do so.

- (h) Any person taking any of the steps contemplated by this Section 46.3 shall comply with the requirements of any insurer who may have an obligation to provide an indemnity in respect of any liability arising under this Project Agreement.

46.4 Mitigation – Indemnity Claims

Qualifications

Our opinions herein are subject to the following qualifications and reservations, namely:

1. The enforceability of any Document and the rights and remedies set out therein or any judgment arising out of or in connection therewith is subject to and may be limited by any applicable bankruptcy, reorganization, winding-up, insolvency, moratorium or other laws of general application affecting creditors’ rights from time to time in effect.
2. The enforceability of each of the Documents and the rights and remedies set out therein is subject to and may be limited by general principles of equity, and no opinion is given as to any specific remedy that may be granted, imposed or rendered, including equitable remedies such as those of specific performance and injunction, or the availability of equitable defences.
3. The enforceability of any Document will be subject to the limitations contained in the *Limitations Act, 2002* (Ontario), and we express no opinion as to whether a court may find any provision of any Document to be unenforceable as an attempt to vary or exclude a limitation period under that Act.

4. Pursuant to the *Currency Act* (Canada), a judgment in money rendered by a Court in the Province of Ontario must be awarded in Canadian currency and such judgment may be based on a rate of exchange in effect other than the day of payment of the judgment.
5. To the extent that a particular contractual provision is characterized by a Court as a penalty and not as a genuine pre-estimate of damages, it will not be enforceable.
6. A Court may not treat as conclusive those certificates and determinations which the Documents state are to be so treated.
7. A receiver or receiver and manager appointed pursuant to the provisions of any Document, for certain purposes, may not be treated by a Court as being solely the agent of Project Co notwithstanding any agreement to the contrary.
8. The ability to recover or claim for certain costs or expenses may be subject to judicial discretion.
9. With respect to any provisions of the Documents pursuant to which the parties to such Documents are permitted or required to submit a dispute arising out of such Documents to arbitration, we express no opinion as to the enforceability of such arbitration provisions in all circumstances since under the *Arbitration Act, 1991* (Ontario) a court of competent jurisdiction in Ontario may, in its discretion and upon certain grounds, refuse to stay judicial proceedings in which event an arbitration under such arbitration provisions may not be commenced or continued. In addition, the *Arbitration Act, 1991* (Ontario) provides that a court may hear an appeal of an arbitration award on a question of law, or set aside an arbitration award or declare it invalid, in each case on certain prescribed grounds.
10. Any requirement in any of the Documents that interest be paid at a higher rate after than before default may not be enforceable.
11. The effectiveness of provisions which purport to relieve a person from a liability or duty otherwise owed may be limited by law, and provisions requiring indemnification or reimbursement may not be enforced by a Court, to the extent that they relate to the failure of such person to perform such duty or liability.
12. No opinion is expressed as to the enforceability of any provision contained in any Document which purports to sever from the Document any provision therein which is prohibited or unenforceable under applicable law without affecting the enforceability or validity of the remainder of the document.
13. No opinion is expressed regarding any waiver of service of process, presentment, demand, protest or notice of dishonour which may be contained in any of the Documents.
14. Any award of costs is in the discretion of a Court of competent jurisdiction.
15. The enforceability of rights of indemnity set out in the Documents may be limited under applicable law to the extent that they directly or indirectly relate to liabilities imposed by law on Contracting Authority for which it would be contrary to public policy to require Project Co to

indemnify Contracting Authority or to the extent that they constitute the indirect enforcement of a foreign revenue or penal law.

16. We express no opinion as to the enforceability by any person who is not a party to the Documents of any provision therein that purports to bind or affect or confer a benefit on such person.

This opinion is being delivered solely in connection with the transaction addressed herein and may not be relied upon by any person other than the addressees, and their successors and permitted assigns, or for any purpose other than the transaction addressed herein.

Yours very truly,

5. NO TERMINATION BY SUBCONTRACTOR WITHOUT DEFAULT NOTICE

The Subcontractor shall not exercise any right it may have to terminate the Subcontract or to treat it as having been repudiated by the Construction Contractor or to discontinue the Subcontractor’s performance thereunder unless:

- (a) the Subcontractor first delivers an executed copy of the Subcontract and a written notice (a “**Default Notice**”) to Contracting Authority setting out in reasonable detail the default(s) on which the Subcontractor intends to rely in terminating the Subcontract or to treat it as having been repudiated by the Construction Contractor or to discontinue the Subcontractor’s performance thereunder; and
- (b) within a period of five Business Days of Contracting Authority receiving the Default Notice the default(s) on which the Subcontractor intends to rely in terminating the Subcontract or to treat it as having been repudiated by the Construction Contractor or to discontinue the Subcontractor’s performance thereunder have not been remedied; and provided that if, within such period of five Business Days, Contracting Authority agrees to pay the Subcontractor’s reasonable costs of continued performance, such period of five Business Days shall be extended to 45 days.

6. NOVATION OF THE SUBCONTRACT

(a) The Subcontractor acknowledges and agrees that where the Design and Construction Contract has been terminated:

- (i) by Project Co;
- (ii) as a result of the termination of the Project Agreement; or
- (iii) due to the insolvency of the Construction Contractor,

the Subcontract shall not terminate solely by reason of the termination of the Design and Construction Contract unless Contracting Authority shall have failed to request a novation of the Subcontract pursuant to Section 6(b) within 20 days following the date of such termination.

(b) Contracting Authority may at any time if:

- (i) the Project Agreement and the Design and Construction Contract have been terminated; or
- (ii) Contracting Authority's right to terminate the Project Agreement has arisen and is continuing and as a result of such termination of the Project Agreement, the Design and Construction Contract would be terminated,

deliver a notice (a "**Novation Notice**") electing to novate the Subcontract either to Contracting Authority or a third party designated by Contracting Authority in the Novation Notice (the "**Substitute**"), provided that Contracting Authority can demonstrate to the Subcontractor, acting reasonably, that the Substitute shall have sufficient financial resources, or shall be supported by a satisfactory guarantee, to carry out the obligations of the Substitute under the Subcontract.

(c) Subject to Section 6(d), upon receipt by the Subcontractor of a Novation Notice:

- (i) the Construction Contractor and the Subcontractor will be deemed to be released from their existing and future obligations under the Subcontract to each other (except with respect to any and all indemnities from the Construction Contractor or the Subcontractor to the other in respect of the period prior to the receipt of the Novation Notice), and Contracting Authority or the Substitute, as applicable, and the Subcontractor will be deemed to assume those same existing and future obligations towards each other (except in respect of the aforesaid indemnities);
- (ii) the existing and future rights of the Construction Contractor against the Subcontractor under the Subcontract and vice versa will be deemed to be cancelled (except with respect to any and all indemnities from the Construction Contractor or the Subcontractor to the other in respect of the period prior to the receipt of the Novation Notice), and Contracting Authority or the Substitute, as

applicable, and the Subcontractor will be deemed to acquire those same existing and future rights against each other (except in respect of the aforesaid indemnities), subject to any applicable credit from the Subcontractor to Contracting Authority if Contracting Authority pays for the Subcontractor's reasonable costs of continued performance pursuant to Section 5;

- (iii) any guarantee, bond or covenant in favour of the Construction Contractor from any third party in respect of any term, provision, condition, obligation, undertaking or agreement on the part of the Subcontractor to be performed, observed or carried out by the Subcontractor as contained in, referred to, or inferred from the Subcontract shall be assigned, novated or granted, as required by Contracting Authority or the Substitute, as applicable, each acting reasonably, to Contracting Authority or the Substitute, as applicable, and the Subcontractor shall cause such assignment, novation or grant on substantially the same terms and conditions as the original guarantee, bond or covenant, provided, however, that where Construction Contractor shall continue to hold, or shall continue to be entitled to or have rights under, such guarantee, bond or covenant as security for any obligations of the Subcontractor, the assignment, novation or grant of the guarantee, bond or covenant to the extent of any such obligations to Construction Contractor shall be conditional on the satisfaction of those obligations to Construction Contractor; and
- (iv) at Contracting Authority's request, the Subcontractor shall enter into, and shall cause any guarantor, covenantor or surety under any guarantee, bond or covenant referred to in Section 6(c)(iii) to enter into, and Contracting Authority shall or shall cause the Substitute to enter into, as applicable, all such agreements or other documents as reasonably necessary to give effect to the foregoing, including an agreement between Contracting Authority or the Substitute, as applicable, and the Subcontractor, acceptable to Contracting Authority and the Subcontractor, each acting reasonably, on substantially the same terms as the Subcontract.
- (d) The Construction Contractor shall, at its own cost, cooperate fully with Contracting Authority and the Substitute in order to achieve a smooth transfer of the Subcontract to Contracting Authority or the Substitute, as applicable, and to avoid or mitigate in so far as reasonably practicable any inconvenience, including the administration of the Subcontract, ongoing supervisory activities and scheduling.
- (e) The rights granted by Section 6(b) shall be of no force or effect if, at any time the Subcontractor receives a Novation Notice, the Subcontractor has already received notice in writing from another entity entitled to the benefit of step-in rights relating to the Subcontract that it is or has validly exercised those step-in rights. If the Subcontractor receives any such notice on the same day as a Novation Notice, the Novation Notice shall be effective, except where the other notice is given by the Lenders, in which case such other notice and not the Novation Notice shall be effective.

- (f) If Contracting Authority gives a Novation Notice within the time provided hereunder at any time after the Subcontractor has terminated the Subcontract or treated it as having been repudiated by Construction Contractor or discontinued the Subcontractor's performance thereunder in accordance with the terms of this Subcontractor's Direct Agreement, the Subcontractor agrees that the Subcontract shall be reinstated and deemed to have continued despite any termination or treatment as having been repudiated, and Contracting Authority shall pay the Subcontractor's reasonable costs for re-commencing the obligations it has under the Subcontract and the Subcontractor shall be entitled to reasonable compensation and/or relief for re-commencing such obligations, having regard to the additional costs and delays incurred as a result of having terminated the Subcontract or having treated it as being repudiated by Construction Contractor or having discontinued its performance thereunder.
- (g) The Subcontractor acknowledges that if Contracting Authority novates the Subcontract to itself pursuant to Section 6(b), Contracting Authority shall have the right to further novate the Subcontract to a Substitute in accordance with and otherwise on, and subject to, the terms and conditions of this Subcontractor's Direct Agreement.

7. SUBCONTRACTOR LIABILITY

- (a) The liability of the Subcontractor hereunder shall not be modified, released, diminished or in any way affected by:
 - (i) any independent inspection, investigation or enquiry into any matter which may be made or carried out by or for Contracting Authority, or by any failure or omission to carry out any such inspection, investigation or enquiry; or
 - (ii) the appointment by Contracting Authority of any other person to review the progress of or otherwise report to Contracting Authority in respect of the Project, or by any action or omission of such person whether or not such action or omission might give rise to any independent liability of such person to Contracting Authority,

provided always that nothing in this Section 7 shall modify or affect any rights which the Subcontractor might have otherwise had to claim contribution from any other person whether under statute or common law.

- (b) In the event Contracting Authority delivers a Novation Notice, the Subcontractor shall have no greater liability to Contracting Authority or any Substitute than it would have had to Construction Contractor under the Subcontract, and the Subcontractor shall be entitled in any proceedings by Contracting Authority or any Substitute to rely on any liability limitations in the Subcontract.

8. PROJECT CO AND CONSTRUCTION CONTRACTOR AS PARTY

- (a) Project Co acknowledges and agrees that the Construction Contractor shall not be in breach of the Design and Construction Contract by complying with its obligations hereunder.

- (c) The Construction Contractor shall not, without the prior written consent of Contracting Authority and Project Co, assign, transfer, charge, subcontract, subparticipate or otherwise dispose of any interest in this Subcontractor's Direct Agreement except as may be permitted under the Design and Construction Contract.
- (d) The Subcontractor shall not, without the prior written consent of Contracting Authority and Project Co, assign, transfer, charge, subcontract, subparticipate or otherwise dispose of any interest in this Subcontractor's Direct Agreement except as may be permitted under the Subcontract.

10. NOTICES

- (a) All notices, requests, demands, instructions, certificates, consents and other communications required or permitted under this Subcontractor's Direct Agreement shall be in writing (whether or not "written notice" or "notice in writing" is specifically required by the applicable provision of this Subcontractor's Direct Agreement) and served by sending the same by registered mail or by hand (in each case, with a copy by electronic submission), as follows:

 - (i) during which a Project Co Event of Default is subsisting (whether or not a Default Notice has been served);
 - (ii) during the Notice Period; or
 - (iii) during which an Enforcement Event is subsisting.
- (b) At least five Business Days before the Lenders' Agent delivers a Step-In Notice, the Lenders' Agent shall deliver written notice (an “**Appointed Representative Notice**”) to Contracting Authority of:
 - (i) its intention to deliver a Step-In Notice; and
 - (ii) the identity of its proposed Appointed Representative.
- (c) Upon issuance of a Step-In Notice, the Appointed Representative shall assume, jointly with Project Co, all of Project Co's rights under the Contracting Authority Project Documents.
- (d) During the Step-In Period, Contracting Authority shall deal with the Appointed Representative instead of Project Co in connection with all matters related to the Contracting Authority Project Documents. Project Co agrees to be bound by all such dealings between Contracting Authority and the Appointed Representative to the same extent as if they had been between Contracting Authority and Project Co.

9. STEP-OUT RIGHTS

- (a) The Appointed Representative may, at any time during the Step-In Period, deliver written notice (a “**Step-Out Notice**”) to Contracting Authority to terminate the Step-In Period on the Step-Out Date.
- (b) On expiry of the Step-In Period:
 - (i) the rights and obligations of the Appointed Representative in relation to Contracting Authority under the Contracting Authority Project Documents arising prior to the expiry of the Step-In Period will be assumed by Project Co to the exclusion of the Appointed Representative;
 - (ii) Contracting Authority will no longer deal with the Appointed Representative and will deal with Project Co in connection with all matters related to the Contracting Authority Project Documents; and

- (iii) the Appointed Representative and Contracting Authority shall be and hereby are released from all obligations and liabilities to one another under the Contracting Authority Project Documents.
- (c) There will not be more than one Step-In Period in respect of any one Default Notice.

10. NOVATION TO SUITABLE SUBSTITUTE

- (a) Subject to Section 10(b), at any time:

- (i) after an Enforcement Event has occurred;
- (ii) during the Notice Period; or
- (iii) during the Step-In Period,

the Lenders' Agent may deliver to Contracting Authority and any Appointed Representative written notice (a "**Novation Notice**") that it wishes to transfer Project Co's rights and obligations under the Contracting Authority Project Documents to a proposed transferee, together with all information reasonably necessary for Contracting Authority to decide whether the proposed transferee is a Suitable Substitute. The Novation Notice shall specify a Business Day not less than 30 days from the date on which Contracting Authority receives the Novation Notice ("**Novation Date**") for the transfer of Project Co's rights and obligations under the Contracting Authority Project Documents to the proposed transferee in accordance with the provisions of Section 10(e).

- (b) Contracting Authority shall promptly notify the Lenders' Agent of any additional information it requires in order to assess whether the proposed transferee is a Suitable Substitute. Contracting Authority shall notify the Lenders' Agent, in writing, as to whether the person to whom the Lenders' Agent proposes to transfer Project Co's rights and liabilities under the Contracting Authority Project Documents is approved by Contracting Authority as a Suitable Substitute, on or before the date falling 30 days after the later of the date of receipt by Contracting Authority of the Novation Notice and the date of receipt of any additional information requested by Contracting Authority. For greater certainty, if Contracting Authority fails to respond within such period, Contracting Authority shall be deemed not to have approved the proposed transferee.
- (c) Contracting Authority shall not unreasonably withhold or delay its approval of a proposed transferee as a Suitable Substitute, but it shall, without limitation, be reasonable for Contracting Authority to withhold its approval if:
 - (i) there are unremedied breaches under the Project Agreement which are capable of being remedied by the Appointed Representative or the Suitable Substitute and there is no rectification plan acceptable to Contracting Authority, acting reasonably, in respect of such breaches;
 - (ii) the proposed transferee is a Restricted Person or other person who is not permitted to be a Project Co Party pursuant to the Project Agreement; or

- (iii) the proposed security interests to be granted by the Suitable Substitute to the Lender Representative are materially different from the Security, materially adversely affect the ability of the Suitable Substitute to perform under the Contracting Authority Project Documents or have the effect of increasing any liability of Contracting Authority, whether actual or potential.
- (d) If Contracting Authority withholds its approval of a proposed transferee as a Suitable Substitute in accordance with Section 10(c), the Lenders' Agent may give one or more subsequent Novation Notices pursuant to the provisions of Section 10(a) containing changed particulars relating to the same proposed transferee or particulars relating to another proposed transferee which the Lenders' Agent has good cause to believe will be acceptable to Contracting Authority, acting reasonably, provided that only one Novation Notice may be outstanding at any one time.
- (e) On the Novation Date:
 - (i) Project Co and Contracting Authority will be released from their obligations under the Contracting Authority Project Documents to each other, and the Suitable Substitute and Contracting Authority will assume those same obligations towards each other;
 - (ii) each of the rights of Project Co against Contracting Authority under the Contracting Authority Project Documents and the rights of Contracting Authority against Project Co under the Contracting Authority Project Documents will be cancelled, and the Suitable Substitute and Contracting Authority will acquire those same rights against each other;
 - (iii) the Parties will enter into, and the Lenders' Agent shall cause the Suitable Substitute and the Lender Representative to enter into, all such agreements or other documents as are reasonably necessary to give effect to the foregoing, including:
 - (A) an agreement between Contracting Authority and the Suitable Substitute, on substantially the same terms as the Project Agreement; and
 - (B) an agreement among Contracting Authority, the Suitable Substitute and the Lender Representative on substantially the same terms as this Lenders' Direct Agreement;
 - (iv) any subsisting ground for termination by Contracting Authority of the Project Agreement will be deemed to have no effect and any subsisting Default Notice will be automatically revoked.

11. TRANSFERS

Contracting Authority shall, at Project Co's cost and expense, take whatever action the Lenders' Agent, the Appointed Representative or a Suitable Substitute may reasonably require for perfecting any assumption or transfer of or release pursuant to Sections 8, 9 or 10, including the execution of any transfer

or assignment, and the giving of any notice, order or direction and the making of any registration which, in each case, the Lenders' Agent, the Appointed Representative or the Suitable Substitute reasonably requires.

12. CONSTRUCTION CONTRACTOR'S DIRECT AGREEMENT

- (a) Notwithstanding any provision in the Construction Contractor's Direct Agreement, Contracting Authority hereby undertake that it will not exercise any rights they may have under or arising out of any of the Construction Contractor's Direct Agreement, except as provided in Sections 12(b) to 12(f) inclusive.
- (b) Following termination of the Project Agreement (other than as a result of a novation pursuant to this Lenders' Direct Agreement) in accordance with this Lenders' Direct Agreement, Contracting Authority shall from such date (the "**Exercise Date**") be entitled to exercise its rights under the Construction Contractor's Direct Agreement to step in to and/or novate the Design and Construction Contract in accordance with the Construction Contractor's Direct Agreement.
- (c) Following the Exercise Date, Contracting Authority shall not do anything to prejudice the rights which are not transferred to them pursuant to the Construction Contractor's Direct Agreement.
- (d) Where all amounts which may be or become owing by Project Co to the Lenders under the Lending Agreements have been irrevocably paid in full, the Lenders' Agent shall promptly release and discharge all Security in respect of the Design and Construction Contract assumed or novated by Contracting Authority pursuant to the Construction Contractor's Direct Agreement.
- (e) Notwithstanding the terms of the Construction Contractor's Direct Agreement and any other provisions of this Section 12, the Construction Contractor (and any guarantor thereof) shall remain responsible, and be liable, to Project Co in respect of all costs, claims, damages, losses and liabilities which shall have arisen out of or in connection with the Design and Construction Contract in respect of the period prior to the Exercise Date.
- (f) Without prejudice to Sections 12(a) to 12(e) inclusive, Contracting Authority shall not, prior to the date on which this Lenders' Direct Agreement terminates:
 - (i) claim, recover, retain or receive (or seek to claim, recover, retain or receive) any amount under the Construction Contractor's Direct Agreement (and/or the Design and Construction Contract) from the Construction Contractor;
 - (ii) take any action to wind-up, liquidate, dissolve or appoint a receiver or receiver and manager of the Construction Contractor or to institute or sanction a voluntary arrangement or any other bankruptcy or insolvency proceedings in relation to the Construction Contractor; or

- (iii) compete with the rights of the Lenders' Agent on a winding-up or other insolvency or bankruptcy of the Construction Contractor, nor claim to be subrogated to any rights of the Lenders' Agent or any Lender.

Contracting Authority agrees and undertakes that if it receives any amount in contravention of the provisions of this Section 12(f), it will immediately turn the same over to the Lenders' Agent for the account of the Lenders' Agent and the Lenders and, pending such payment, hold the same in trust for the Lenders' Agent and the Lenders.

13. SUBCONTRACTOR'S DIRECT AGREEMENT

Notwithstanding any provision in a Subcontractor's Direct Agreement, Contracting Authority hereby undertakes that it will not exercise any rights they may have under or arising out of any Subcontractor's Direct Agreement unless:

- (a) the Project Agreement and the Design and Construction Contract have been terminated;

- (b) Contracting Authority is entitled to terminate the Project Agreement pursuant to the terms thereof and of this Lenders' Direct Agreement.

15. NOTICE OF PROJECT CO DELAY OR PROCEEDING AT RISK

- (a) The Parties acknowledge that if the Independent Certifier determines Project Co is Proceeding at Risk pursuant to Section 14.6(f) of the Project Agreement, Contracting Authority may, in its sole discretion, give notice to the Lenders' Agent that Project Co is Proceeding at Risk, together with a copy of the Independent Certifier's written opinion provided pursuant to such Section of the Project Agreement.
- (b) The Parties acknowledge that, if Contracting Authority delivers Notice to Project Co in relation to Section 14.1(a)(i), Section 14.1(a)(ii) or Section 14.1(a)(iii) of Schedule 12 – Works Schedule Requirements, Contracting Authority may, in its sole discretion, give notice to the Lenders' Agent that it has delivered such Notice to Project Co, together with the relevant information supporting Contracting Authority's reasons for delivering such Notice to Project Co.

Such assignee, as a condition precedent to any such assignment, transfer or other disposition, shall assume the obligations and acquire the rights of Project Co under this Lenders' Direct Agreement pursuant to an assumption agreement with, and in form and substance satisfactory to, Contracting Authority and the Lenders' Agent, each acting reasonably. Contracting Authority and the Lenders' Agent shall, at Project Co's cost and expense, do all things and execute all further documents as may be necessary in connection therewith.

The Lenders' Agent, as a condition precedent to any such assignment, transfer or other disposition, shall cause the assignee to enter into a new agreement with Project Co and Contracting Authority on substantially the same terms as this Lenders' Direct Agreement and Project Co and Contracting Authority shall enter into such new agreement with the assignee. Project Co and Contracting Authority shall, at the Lenders' Agent's cost and expense, do all things and execute all further documents as may be necessary in connection therewith.

At any time and from time to time, the Crown may designate any ministry, branch, agency, division, department or office of the Government of Ontario to carry out administrative responsibility for the rights and obligations of Contracting Authority under this Lenders' Direct Agreement and Project Co and the Lenders' Agent may deal exclusively with the designated person in respect of all such matters and is entitled to rely on the actions, directions, requests, notices, consents, approvals, waivers, comments relating to the review of documentation and other administrative matters and decisions determined by such designated person from time to time, until the Crown has notified Project Co and the Lenders' Agent in writing that such designated person is no longer the person designated by the Crown hereunder and such notice shall have effect on the later of the date of delivery of such notice and the date specified in the written notice. The Crown shall advise Project Co and the Lenders' Agent in writing of any designation hereunder. The rights and obligations of the parties to this Lenders' Direct Agreement shall be in no way affected by reason of any such designation.  - (i) within five Business Days or, if such period has been extended in accordance with Section 5, 45 days of Contracting Authority receiving a Default Notice; or
 - (ii) if Contracting Authority has not received a Default Notice and if Contracting Authority’s right to terminate the Project Agreement has arisen and is continuing,

deliver a notice (a “**Step-In Notice**”) electing to replace Project Co under the Design and Construction Contract either with Contracting Authority or a third party designated by Contracting Authority in the Step-In Notice (the “**Substitute**”), provided that Contracting Authority can demonstrate to the Construction Contractor, acting reasonably, that the Substitute shall have sufficient financial resources, or shall be supported by a satisfactory guarantee, to carry out the obligations of the Substitute under the Design and Construction Contract.

- (b) Subject to Section 6(d), upon receipt by the Construction Contractor of a Step-In Notice:
- (i) Project Co and the Construction Contractor will be deemed to be released from their existing and future obligations under the Design and Construction Contract to each other (except with respect to any and all indemnities from Project Co or the Construction Contractor to the other in respect of the period prior to the receipt of the Step-In Notice), and Contracting Authority or the Substitute, as applicable, and the Construction Contractor will be deemed to assume those same existing and future obligations towards each other (except in respect of the aforesaid indemnities);
 - (ii) the existing and future rights of Project Co against the Construction Contractor under the Design and Construction Contract and vice versa will be deemed to be cancelled (except with respect to any and all indemnities from Project Co or the Construction Contractor to the other in respect of the period prior to the receipt of the Step-In Notice), and Contracting Authority or the Substitute, as applicable, and the Construction Contractor will be deemed to acquire those same existing and future rights against each other (except in respect of the aforesaid indemnities), subject to any applicable credit from the Construction Contractor to Contracting Authority if Contracting Authority pays for the Construction Contractor's reasonable costs of continued performance pursuant to Section 5;
 - (iii) any guarantee, bond, covenant, letter of credit or similar performance security in favour of Project Co from any third party in respect of any term, provision, condition, obligation, undertaking or agreement on the part of the Construction Contractor to be performed, observed or carried out by the Construction Contractor as contained in, referred to, or inferred from the Design and Construction Contract shall be assigned, novated or granted, as required by Contracting Authority or the Substitute, as applicable, each acting reasonably, to Contracting Authority or the Substitute, as applicable, and the Construction Contractor shall cause such assignment, novation or grant on substantially the same terms and conditions as the original guarantee, bond, covenant, letter of credit or similar performance security, provided however that where Project Co shall continue to hold, or shall continue to be entitled to or have rights under, such guarantee, bond, covenant, letter of credit or similar performance security, as security for any obligations of the Construction Contractor, the assignment, novation or grant of the guarantee, bond or covenant, letter of credit or similar performance security to the extent of any such obligations to Project Co shall be conditional on the satisfaction of those obligations to Project Co; and

Contracting Authority or the Substitute, as applicable, and the Construction Contractor, acceptable to Contracting Authority and the Construction Contractor, each acting reasonably, on substantially the same terms as the Design and Construction Contract.

- (c) Subject to Section 6(d), Project Co shall, at its own cost, cooperate fully with Contracting Authority and the Substitute in order to achieve a smooth transfer of the Design and Construction Contract to Contracting Authority or the Substitute, as applicable, and to avoid or mitigate in so far as reasonably practicable any inconvenience, including the administration of the Design and Construction Contract, ongoing supervisory activities and scheduling.
- (d) The rights granted by Sections 6(b) and 6(c) shall be of no force or effect if, at any time the Construction Contractor receives a Step-In Notice, the Construction Contractor has already received notice in writing from another entity entitled to the benefit of step-in rights relating to the Design and Construction Contract that it is or has validly exercised those step-in rights. If the Construction Contractor receives any such notice on the same day as a Step-In Notice, the Step-In Notice shall be effective, except where the other notice is given by the Lenders, in which case such other notice and not the Step-In Notice shall be effective.
- (e) If Contracting Authority gives a Step-In Notice within the time provided hereunder at any time after the Construction Contractor has terminated the Design and Construction Contract or treated it as having been repudiated by Project Co or discontinued the Construction Contractor's performance thereunder in accordance with the terms of this Construction Contractor's Direct Agreement, the Construction Contractor agrees that the Design and Construction Contract shall be reinstated and deemed to have continued despite any termination or treatment as having been repudiated, and Contracting Authority shall pay the Construction Contractor's reasonable costs for re-commencing the obligations it has under the Design and Construction Contract and the Construction Contractor shall be entitled to reasonable compensation and/or relief for re-commencing such obligations, having regard to the additional costs and delays incurred as a result of having terminated the Design and Construction Contract or having treated it as being repudiated by Project Co or having discontinued its performance thereunder.

- (b) In the event Contracting Authority delivers a Step-In Notice, the Construction Contractor shall have no greater liability to Contracting Authority or any Substitute than it would have had to Project Co under the Design and Construction Contract, and the Construction Contractor shall be entitled in any proceedings by Contracting Authority or any Substitute to rely on any liability limitations in the Design and Construction Contract.

APPENDIX D

CONDUCT OF CLAIMS

This Appendix D shall apply to the conduct of claims, made by a third person against a party having, or claiming to have, the benefit of an indemnity pursuant to this Independent Certifier Agreement. The party having, or claiming to have, the benefit of the indemnity is referred to as the “**Beneficiary**” and a party giving the indemnity is referred to as an “**Indemnifier**”.

- (1) If the Beneficiary receives any notice, demand, letter or other document concerning any claim for which it appears that the Beneficiary is, or may become entitled to, indemnification under Section 11 of the Independent Certifier Agreement, the Beneficiary shall give written notice to each Indemnifier potentially obligated in respect thereof, as soon as reasonably practicable and in any event within 10 Business Days following receipt of the same. Such notice shall specify with reasonable particularity, to the extent that information is available, the factual basis for the claim and the amount of the claim.
- (2) Subject to Sections (3), (4) and (5) of this Appendix D, on the giving of such notice by the Beneficiary, where it appears that the Beneficiary is or may be entitled to indemnification from an Indemnifier in respect of all, but not part only, of the liability arising out of the claim, such Indemnifier shall (subject to providing the Beneficiary with a secured indemnity to the Beneficiary’s reasonable satisfaction against all costs and expenses that the Beneficiary may incur by reason of such action) be entitled to dispute the claim in the name of the Beneficiary at the Indemnifier’s own expense and take conduct of any defence, dispute, compromise, or appeal of the claim and of any incidental negotiations. The Beneficiary shall give such Indemnifier all reasonable cooperation, access and assistance for the purposes of considering and resisting such claim. The Beneficiary shall have the right to employ separate counsel in respect of such claim and the reasonable fees and expenses of such counsel shall be to the account of the Indemnifier only where representation of both the Indemnifier and the Beneficiary by common counsel would be inappropriate due to any actual or potential conflicting interests between the Indemnifier and the Beneficiary. If and to the extent that both Contracting Authority and Project Co are given notice in respect of the same claim, they shall cooperate in the conduct of the claim and give each other such reasonable access and assistance as may be necessary or desirable for purposes of considering, resisting and defending such claim.
- (3) With respect to any claim conducted by an Indemnifier:
 - (i) the Indemnifier shall keep the Beneficiary fully informed and consult with it about material elements of the conduct of the claim;
 - (ii) the Indemnifier shall not bring the name or reputation of the Beneficiary into disrepute;
 - (iii) the Indemnifier shall not pay, compromise or settle such claims without the prior consent of the Beneficiary, such consent not to be unreasonably withheld or delayed;
 - (iv) the Indemnifier shall not admit liability or fault to any third party without the prior consent of the Beneficiary, such consent not to be unreasonably withheld or delayed; and

- (v) the Indemnifier shall use commercially reasonable efforts to have the Beneficiary named as a beneficiary under any release given by the persons bringing the claim to which Section (3) of this Appendix D relates.
- (4) The Beneficiary shall be free to pay or settle any such claim on such terms as it thinks fit and without prejudice to its rights and remedies under this Independent Certifier Agreement if:
- (i) none of the Indemnifiers is entitled to take conduct of the claim in accordance with Section (2) of this Appendix D;
 - (ii) none of the Indemnifiers notifies the Beneficiary of its intention to take conduct of the relevant claim as soon as reasonably practicable and in any event within 10 Business Days following the notice from the Beneficiary under Section (1) of this Appendix D or each of the Indemnifiers notifies the Beneficiary that it does not intend to take conduct of the claim; or
 - (iii) none of the Indemnifiers complies in any material respect with Section (3) of this Appendix D.
- (5) The Beneficiary shall be free at any time to give notice to the applicable Indemnifier that the Beneficiary is retaining or taking over, as the case may be, the conduct of any defence, dispute, compromise or appeal of any claim, or of any incidental negotiations, to which Section (2) of this Appendix D applies. For greater certainty, the Independent Certifier acknowledges and agrees that where Contracting Authority is the Beneficiary, Contracting Authority may retain or take over such conduct in any matter involving Personal Information or any matter involving public policy. On receipt of such notice the applicable Indemnifier shall promptly take all steps necessary to transfer the conduct of such claim to the Beneficiary, and shall provide to the Beneficiary all relevant documentation and all reasonable cooperation, access and assistance for the purposes of considering and resisting such claim. If the Beneficiary gives any notice pursuant to Section (5) of this Appendix D, then the applicable Indemnifier shall be released from any liabilities arising under the applicable indemnity hereunder in respect of the applicable claim.
- (6) If an Indemnifier pays to the Beneficiary an amount in respect of an indemnity and the Beneficiary subsequently recovers, whether by payment, discount, credit, saving, relief or other benefit or otherwise, a sum or anything else of value (the “**Recovery Amount**”) which is directly referable to the fact, matter, event or circumstances giving rise to the claim under the indemnity, the Beneficiary shall forthwith repay to that Indemnifier whichever is the lesser of:
- (i) an amount equal to the Recovery Amount less any out-of-pocket costs and expenses properly incurred by the Beneficiary in recovering the same; and
 - (ii) the amount paid to the Beneficiary by such Indemnifier in respect of the claim under the relevant indemnity,

provided that there shall be no obligation on the Beneficiary to pursue any Recovery Amount and that the Indemnifier shall be repaid only to the extent that the Recovery Amount, aggregated with any sum recovered from the Indemnifier, exceeds the loss sustained by the Beneficiary except,

however, that if the Beneficiary elects not to pursue a Recovery Amount, the Indemnifier shall be entitled to require an assignment to it of the right to do so.

- (7) Any person taking any of the steps contemplated by this Appendix D shall comply with the requirements of any insurer who may have an obligation to provide an indemnity in respect of any liability arising under this Independent Certifier Agreement.

- (d) “CRITICAL NON-CONFORMANCE”.

- 4.2 The comment “NO COMMENT” will be assigned to each Works Submittal that, in the opinion of the Contracting Authority Representative, generally conforms to the requirements of the Project Agreement. Project Co shall comply with and implement such Works Submittal.
- 4.3 For each Works Submittal that requires approval from third parties, including, for clarity, approval from the City of Burlington, the City of Burlington and the Town of Oakville (in respect of New Burlington/Oakville Infrastructure), as applicable, the Contracting Authority Representative may not issue a “NO COMMENT” or a “MINOR NON-CONFORMANCE” comment if the applicable third party has not issued a similar comment to such Works Submittal.
- 4.4 The comment “MINOR NON-CONFORMANCE” will be assigned to each Works Submittal that, in the opinion of the Contracting Authority Representative, contains any Minor Non-Conformance but does not contain any Major Non-Conformance or Critical Non-Conformance. Project Co shall correct such Works Submittal and shall comply with and implement such Works Submittal after correction, including in accordance with the comments. If the Contracting Authority Representative assigns to a Works Submittal the additional comment “RE-SUBMIT”, Project Co shall correct and re-submit such Works Submittal to the Contracting Authority Representative,
- (a) no later than 20 Business Days after the comment has been provided to Project Co;
 - (b) within the time period set out in Schedule 12 – Works Schedule Requirements in the case of a resubmission of a Progress Works Schedule; or
 - (c) within such longer time period as determined by the Contracting Authority Representative, acting reasonably and as set out in writing.

If at any time it is discovered that Project Co has not corrected the deficiencies on Works Submittals stamped “MINOR NON-CONFORMANCE”, then Project Co will be required to modify the Works Submittals and the Works, including the New Metrolinx Infrastructure or New Third Party Infrastructure if applicable, as required to ensure that the Works comply with the Output Specifications, any other applicable Schedule to the Project Agreement, and the Project Co Proposal Extracts and Project Co may be required, at the Contracting Authority Representative’s discretion, to resubmit the relevant Works Submittals. In such circumstances the Contracting Authority Representative shall act promptly in considering whether such deficiencies have been corrected. No extension of time will be given or additional compensation paid in respect of any such modification or re-submittal.

- 4.5 The comment “MAJOR NON-CONFORMANCE” will be assigned to each Works Submittal that, in the opinion of the Contracting Authority Representative, contains any Major Non-Conformance, but does not contain any Critical Non-Conformance. The comment “CRITICAL NON-CONFORMANCE” will be assigned to each Works Submittal that, in the opinion of the Contracting Authority Representative, contains any Critical Non-Conformance. Project Co shall correct and re-submit such Works Submittal,
- (a) no later than 10 Business Days after the comment “MAJOR NON-CONFORMANCE” or “CRITICAL NON-CONFORMANCE” has been provided to Project Co;

- (b) within the time period set out in Schedule 12 – Works Schedule Requirements in the case of a resubmission of a Progress Works Schedule; or
- (c) within such longer time period, as determined by the Contracting Authority Representative, acting reasonably and as set out in writing.

The Contracting Authority Representative will then review such re-submitted Works Submittal and assign a comment to the corrected Works Submittal. The Works Submittal shall be corrected, revised and resubmitted as often as may be required to obtain a comment that permits Project Co to proceed. No extension of time will be given or additional compensation paid in respect of any such modification or re-submittal. In addition to the above, a Works Submittal with a “CRITICAL NON-CONFORMANCE” comment will be a Proceeding at Risk Matter in accordance with Section 14.6(a)(ii) of the Project Agreement.

- 4.6 Where the Contracting Authority Representative issues the comment “MINOR NON-CONFORMANCE”, “MAJOR NON-CONFORMANCE” or “CRITICAL NON-CONFORMANCE”, the Contracting Authority Representative shall provide reasons for the comment, referencing the particulars of the Section(s) of the Project Agreement that the Works Submittal fails to satisfy, and, if requested by the Project Co Representative, the Contracting Authority Representative shall meet with the Project Co Representative to discuss the reasons for the comment.
- 4.7 If, at any time after assigning any comment to a Works Submittal, the Contracting Authority Representative or Project Co discovers any significant deficiencies or any failure to conform to the requirements of the Project Agreement, the Contracting Authority Representative may revise the comment assigned to any Works Submittal. If the Parties agree or if it is determined in accordance with Section 5 that the revised comment is correct, Project Co shall make all such corrections to the Works Submittals and the Works. No extension of time will be given or additional compensation paid in respect of any such modification or re-submittal.
- 4.8 For the purpose of facilitating and expediting the review and correction of Works Submittals, the Contracting Authority Representative and the Project Co Representative shall meet as may be mutually agreed to discuss and review any outstanding Works Submittals and any comments thereon.
- 4.9 Where a Works Submittal is voluminous, the Contracting Authority Representative at his or her discretion may elect to issue the appropriate comment only to the cover page or first sheet of the Works Submittal, if any, and return to Project Co the cover page or first page together with individual pages or sheets on which comments are made, together with an explanation of the status of all pages not returned to Project Co. Any pages returned without such an explanation as to their status shall be deemed to be “NO COMMENT” by Contracting Authority.
- 4.10 In lieu of returning a Works Submittal, the Contracting Authority Representative may, by letter, notify Project Co of the comment assigned to the Works Submittal and if such comment is “MINOR NON-CONFORMANCE”, “MAJOR NON-CONFORMANCE” or “CRITICAL NON-CONFORMANCE”, the letter shall contain comments in sufficient detail for Project Co to identify the correction sought.

5 DISPUTES

- 5.1 If Project Co disputes any act of Contracting Authority or the Contracting Authority Representative in respect of a Works Submittal under this Schedule 10 – Review Procedure, Project Co shall promptly notify the Contracting Authority Representative and the Independent Certifier of the details of such Dispute and shall submit the reasons why Project Co believes a different comment should be assigned, together with appropriate supporting documentation. The Contracting Authority Representative shall review the Works Submittal, the reasons and supporting documentation and within five Business Days after receipt thereof shall either confirm the original comment or notify Project Co of a revised comment. If the Contracting Authority Representative confirms the original comment, Project Co may request that the Independent Certifier resolve the Dispute and render a decision within five Business Days following such request.
- 5.2 If either Party is not satisfied, acting reasonably, with the resolution of the Independent Certifier, subject to Section 10.2, either Party may refer the matter for determination in accordance with Schedule 27 - Dispute Resolution Procedure.
- 5.3 Notwithstanding the provisions of Sections 5.1 and 5.2, the Contracting Authority Representative may direct that Project Co revise the Works Submittals in accordance with the comments of the Contracting Authority Representative and proceed to perform and complete the Works on the basis of such revised Works Submittals. For clarity, such direction shall be considered a Dispute and Project Co may proceed in accordance with this Section 5 and Schedule 27 – Dispute Resolution Procedure.

6 EFFECT OF REVIEW

- 6.1 Any review and comment by Contracting Authority or the Contracting Authority Representative of any Works Submittals are for general conformity to the obligations and requirements of the Project Agreement, and any such review and comment shall not relieve Project Co of the risk and responsibility for the Works and for meeting all of Project Co's obligations under and requirements of the Project Agreement, and shall not create any new or additional obligations or liabilities for Contracting Authority. Without limiting the generality of the foregoing, any and all errors or omissions in Works Submittals or of any review and comment shall not exclude or limit Project Co's obligations or liabilities in respect of the Works under the Project Agreement or exclude or limit Contracting Authority's rights in respect of the Works under the Project Agreement.

7 WORKS SUBMITTAL EXPLANATION

- 7.1 At any time, the Contracting Authority Representative may, acting reasonably, require Project Co or any Project Co Parties, including Project Co's consultants and any other relevant personnel, at no additional cost to Contracting Authority, to explain to the Contracting Authority Representative and Contracting Authority's advisors the intent of Project Co's Works Submittals, including in relation to any design and any associated documentation and as to its satisfaction of the Output Specifications or any other Schedule to the Project Agreement, as applicable. Project Co shall provide the explanation to the Contracting Authority Representative within five Business

Days (or such longer period as the Parties may agree) from the date of receipt of the request from the Contracting Authority Representative.

8 REVISIONS

- 8.1 Project Co shall ensure that Works Submittals keep the same, unique reference number throughout the review process, and that subsequent revisions of the same Works Submittal are identified by a sequential revision number. Correspondence related to such Works Submittal shall reference the reference number and revision number.
- 8.2 Re-submittals shall clearly show all revisions from the previous Works Submittal. For electronic and printed copies, bound documents, including reports and manuals, shall contain a preface that clearly states how revisions are marked and the previous revision number against which the revisions have been marked. Project Co shall use a consistent format for mark-ups of documents (for example, deletions struck out and additions underscored). Project Co shall clearly mark revised portions of drawings (with appropriate means to visually distinguish between the parts of the drawing that are revised and the parts that are not revised) and shall include the revision number and description of the revision on the drawing.
- 8.3 Re-submittals shall include all required revised documents, all documents submitted in the previous Works Submittal that do not require revisions and all responses to comments provided by Contracting Authority associated with the Works Submittal.
- 8.4 Project Co shall ensure that all revisions on print media be initialled by hand by the individual designer, design checker and, where applicable, by the drafter and the drafting checker and shall identify the persons who initialled the Works Submittal. Electronic versions of the Works Submittal shall, in all cases, include a scan of the initialed print media document (pdf format) or, if submitted alongside a hard copy, shall identify the persons who initialled the revisions in the printed version of the Works Submittal. All such revisions must be able to be integrated into the Record Drawings.
- 8.5 Project Co shall keep all Design Data current, including a current set of the most recently issued submittal documents available on Site in the construction trailer for use by Contracting Authority and the Contracting Authority Representative. If any Design Data is revised as part of a Works Submittal, all other Design Data relying on or based on that Design Data shall also be revised accordingly. All such revised Design Data shall also be submitted with the Works Submittal to which it relates.
- 8.6 Works Submittals that are replacements in kind shall keep the original submittal number with the next sequential revision number.

- 9.3 Any Dispute concerning the implementation of a Works Submittal, subject to Section 5.1, shall be referred in the first instance to the Independent Certifier for resolution.

10 VARIATIONS

- 10.1 No alteration or modification to the design, quality and quantity of the Works arising from the development of detailed design or from the co-ordination of the design in connection with any Works Submittal shall be construed or regarded as a Variation.
- 10.2 If, having received comments from the Contracting Authority Representative on any Works Submittal, Project Co considers that compliance with those comments would amount to a Variation, Project Co shall, within 10 Business Days following receipt of and before complying with the comments, provide written Notice to Contracting Authority of the same and, if it is agreed by the Parties that a Variation would arise if the comments were complied with, Contracting Authority may, at their election,
- (a) issue a Variation Enquiry (and it shall be dealt with in accordance with Schedule 22 - Variation Procedure); or
 - (b) amend their comment on the Works Submittal.

If the Parties do not agree that a Variation would arise if the comments were complied with, either Party may proceed to resolve the matter in accordance with Section 5.3, including for clarity, the exercise by Contracting Authority of its rights under Section 5.3. Subject to the foregoing sentence, any failure by Project Co to notify Contracting Authority in accordance with this Section 10.2 that Project Co considers that compliance with any comments of the Contracting Authority Representative would amount to a Variation shall constitute an irrevocable acceptance by Project Co that any compliance with the Contracting Authority Representative's comments shall be without cost to Contracting Authority and without any extension of time.

- (d) If an event listed in Section 32.1(a) of the Project Agreement caused Project Co to be delayed, as of the time of the Scheduled Substantial Completion Date, but pursuant to Section 32.2(n) of the Project Agreement does not result in an extension to the Scheduled Substantial Completion Date, and such delay resulted in Project Co failing to achieve the requirements for the achievement of Substantial Completion, the obligation of Project Co to pay liquidated damages in accordance with Section 4.5(a) shall not apply for the number of Business Days of delay that are attributable to the applicable Section 32.1(a) event.

4.6 Failure to Achieve LEED Requirements

- (a) In the event that Project Co fails to obtain a LEED Silver Certification for the Long Branch GO Station Infrastructure as set out in Schedule 15 – Output Specifications within 24 months following the Long Branch Interim Completion Date (the “**LEED Silver Certification Requirement**”), other than as a direct result of any act or omission of Contracting Authority or any Contracting Authority Party, Project Co shall pay Contracting Authority liquidated damages in the amount of \$[REDACTED]. Such payment shall constitute full and final settlement of any and all damages that may be claimed by Contracting Authority as a result of Project Co failing to achieve the LEED Silver Certification Requirement, and would be difficult or impossible to quantify upon Project Co failing to achieve the LEED Silver Certification Requirement. For

greater certainty, Project Co's failure to achieve the LEED Silver Certification Requirement shall not result in a Project Co Event of Default.

4.7 Failure to Achieve Second Drury Lane Interim Completion

- (a) If Project Co has failed to achieve the requirements for the Second Drury Lane Interim Completion Certificate and the Second Drury Lane Interim Completion Certificate has not been issued on or before the date that is 30 days following the Scheduled Second Drury Lane Interim Completion Date (the "**Second Drury Lane Interim Completion LD Commencement Date**") then Project Co shall pay the liquidated damages in the amount of \$[REDACTED] per Business Day, commencing on the Second Drury Lane Handover LD Commencement Date and concluding on the earlier of,
- (i) the Second Drury Lane Interim Completion Date; and
 - (ii) the date on which the termination of the Project Agreement takes effect in accordance with its terms.
- (b) If an event listed in Section 32.1(a) of the Project Agreement caused Project Co to be delayed, as of the time of the Scheduled Second Drury Lane Interim Completion Date, but pursuant to Section 32.2(n) of the Project Agreement does not result in an extension to the Scheduled Second Drury Lane Interim Completion Date, and such delay resulted in Project Co failing to achieve the requirements for the issuance of the Second Drury Lane Interim Completion Certificate, the obligation of Project Co to pay liquidated damages in accordance with Section 4.7(a) shall not apply for the number of Business Days of delay that are attributable to the applicable Section 32.1(a) event.

5. CONSTRUCTION ENFORCEMENT REGIME

5.1 Construction Period Deductions

- (a) If, at any time prior to Substantial Completion, Project Co commits one or more Construction Period Quality Failures, Contracting Authority may, in its sole discretion, deduct corresponding Construction Period Deductions from the Substantial Completion Payment. The cumulative amount of all Construction Period Deductions (the "**Total Construction Period Deduction**") shall be applied against and shall decrease the Substantial Completion Payment.

5.2 Calculation of the Total Construction Period Deduction and the Construction Period Deductions

- (a) The Total Construction Period Deduction shall be calculated in accordance with the following formula:

$$TCPD = \sum CPD_n$$

Where:

TCPD means the Total Construction Period Deduction from Financial Close to Substantial Completion; and

\sum CPD_n means the sum of Construction Period Deductions from Financial Close to Substantial Completion in relation to Construction Period Quality Failures calculated in accordance with this Schedule 21 (the “**Construction Period Quality Failure Deduction**”).

- (b) The Construction Period Deduction attributable to each Construction Period Quality Failure shall be as follows:
- (i) in the case of a Minor Construction Period Quality Failure for a Non-Conformance identified by Project Co, including for a Non-Conformance Report initiated by Project Co, there shall be no Construction Period Deduction;
 - (ii) in the case of a Medium Construction Period Quality Failure for a Non-Conformance identified by Project Co, including for a Non-Conformance Report initiated by Project Co, each Construction Period Deduction shall equal \$[REDACTED];
 - (iii) subject to Section 5.3, in the case of a Minor Construction Period Quality Failure for a Non-Conformance identified by Contracting Authority, including for a Non-Conformance Report initiated by Contracting Authority:
 - (A) the first Construction Period Deduction shall equal \$[REDACTED]; and
 - (B) each subsequent Construction Period Deduction arising from a failure to remediate prior to the expiration of the applicable Remedial Period, shall be 120 per cent of the immediately previous Construction Period Deduction but shall not exceed 150 per cent of the applicable first Construction Period Deduction;
 - (iv) in the case of a Medium Construction Period Quality Failure identified by Contracting Authority, including for a Non-Conformance Report initiated by Contracting Authority:
 - (A) the first Construction Period Deduction shall equal \$[REDACTED]; and
 - (B) each subsequent Construction Period Deduction arising from a failure to remediate prior to the expiration of the applicable Remedial Period shall equal 120 per cent of the immediately previous Construction Period Deduction but shall not exceed 150 per cent of the applicable first Construction Period Deduction; and
 - (v) in the case of a Critical Construction Period Quality Failure:
 - (A) the first Construction Period Deduction shall equal \$[REDACTED]; and
 - (B) each subsequent Construction Period Deduction arising from a failure to remediate prior to the expiration of the applicable Remedial Period shall equal 120 per cent of the immediately previous Construction Period Deduction but shall not exceed 150 per cent of the applicable first Construction Period Deduction.
- (c) For clarity, the occurrence of a Construction Period Quality Failure will immediately give rise to a right, on behalf of Contracting Authority, to apply the Construction Period Deductions against the Substantial Completion Payment, irrespective of the Remedial Period permitted.

- (d) After the occurrence of a Construction Period Quality Failure, Project Co shall remediate the Construction Period Quality Failure prior to the expiration of the applicable Remedial Period set out in Appendix A. If, prior to the expiration of the applicable Remedial Period, Project Co demonstrates, to the satisfaction of the Contracting Authority Representative, acting reasonably, that it has remedied the Construction Period Quality Failure, no further Construction Period Deduction shall be made in respect of that Construction Period Quality Failure. If Project Co fails to remediate a Construction Period Quality Failure prior to the expiration of the applicable Remedial Period, Contracting Authority, may, in its sole discretion, apply a further Construction Period Deduction, calculated in accordance with this Section 5.2, and a further Remedial Period (or Remedial Periods) of the same duration shall be deemed to have commenced. Contracting Authority may, in its sole discretion, apply the applicable Construction Period Deduction each time Project Co fails to remediate a Construction Period Quality Failure prior to the expiration of the applicable Remedial Period until such time as Project Co demonstrates, to the satisfaction of the Contracting Authority Representative, acting reasonably, that it has remediated the applicable Construction Period Quality Failure.

5.3 Tolerances for Minor Construction Period Quality Failures for Non-Conformance Reports Initiated by Contracting Authority

- (a) Contracting Authority shall assess Construction Period Quality Failures on a month to month basis. Except as provided in Section 5.3(c), Contracting Authority shall not apply a Construction Period Deduction due to a Minor Construction Period Quality Failure for a Non-Conformance Report initiated by Contracting Authority in respect of any month in which the total number of Minor Construction Period Quality Failures for Non-Conformance Reports initiated by Contracting Authority for that month is less than or equal to 10 (the “**Minor Construction Period Quality Failure Tolerance**”).
- (b) If the Minor Construction Period Quality Failure Tolerance is exceeded, Contracting Authority may, in its sole discretion, apply a Construction Period Deduction for each Minor Construction Period Quality Failure for a Non-Conformance Report initiated by Contracting Authority in excess of the Minor Construction Period Quality Failure Tolerance during the applicable month.
- (c) If, in any month, a Minor Construction Period Quality Failure for a Non-Conformance Report initiated by Contracting Authority is due to circumstances that are substantively the same cause as a previous Minor Construction Period Quality Failure for a Non-Conformance Report initiated by Contracting Authority (within the same month or in a different month) (a “**Repeated Minor Construction Period Quality Failure**”), then a Construction Period Deduction shall be made in respect of the third and each subsequent Repeated Minor Construction Period Quality Failure, irrespective of the Minor Construction Period Quality Failure Tolerance.

5.4 Administration of Construction Period Quality Failures and Construction Period Deductions

- (a) Subject to Sections 5.4(b) to 5.4(e) inclusive, Contracting Authority shall use the Monthly Non-Conformance Report produced by Project Co for the purposes of calculating the relevant Construction Period Deductions.
- (b) If either Party believes that there is an error or omission in a Monthly Non-Conformance Report, that Party shall promptly provide Notice to the other Party of such error or omission. Immediately after a Notice given pursuant to this Section 5.4(b), Project Co and Contracting

Authority shall attempt to resolve or clarify the error or omission and amend the applicable Monthly Non-Conformance Report, to their mutual satisfaction, acting reasonably. Subject to Section 5.4(e), if the Parties fail to resolve or clarify the error or omission within 10 Business Days after a Notice is given pursuant to this Section 5.4(b), either Party may refer the matter to the Dispute Resolution Procedure. Subject to Section 5.4(d) and Section 5.4(e), the Parties are prohibited from giving Notice of an error or omission in the applicable Monthly Non-Conformance Report pursuant to this Section 5.4(b) after the expiration of 60 days after the date of the applicable Monthly Non-Conformance Report.

- (c) Subject to Section 5.4(e), if Project Co fails to monitor or accurately report a Construction Period Event or Construction Period Quality Failure then, in addition to the Construction Period Deduction to be made in respect of the relevant Construction Period Quality Failure (if any), a failure to monitor or report a Construction Period Event or a Construction Period Quality Failure shall be deemed to be a Minor Construction Period Quality Failure.
- (d) In the event that Contracting Authority or Project Co discovers new errors, omissions or failures of the type referred to in Section 5.4(b) or Section 5.4(c), such errors, omissions or failures shall be dealt with in accordance with Section 5.4(b) or Section 5.4(c), as applicable, and, for clarity, Contracting Authority may, in its sole discretion, apply Construction Period Deductions in respect of any Construction Period Quality Failures discovered pursuant to this Section 5.4(d) in the manner set out in Section 5.2. Any such Construction Period Deductions shall be made from the Substantial Completion Payment. For clarity, the 60 day deadline set out in Section 5.4(b) shall not apply to errors, omissions or failures revealed pursuant to this Section 5.4(d).
- (e) For the purposes of Sections 5.4(b), 5.4(c) and 5.4(d), if Project Co or a Project Co Party has engaged in any fraudulent action or inaction, deliberate misrepresentation, or gross misconduct or incompetence,
 - (i) in the preparation of the Monthly Non-Conformance Report; or
 - (ii) in carrying out the Work resulting in Construction Period Quality Failures,then,
 - (iii) the 60 day deadline set out in Section 5.4(b) shall not apply; and
 - (iv) a failure to monitor or accurately report a Construction Period Event or Construction Period Quality Failure pursuant to Section 5.4(c) shall be deemed to be a Critical Construction Period Quality Failure.

5.5 Additional Requirements for Tracking and Reporting

- (a) In addition to the requirements of Section 7.2 of Schedule 11 – Quality Management, the Non-Conformance Tracking System shall record Construction Period Deductions pursuant to this Schedule 21.
- (b) In addition to the requirements of Section 7.2 of Schedule 11 – Quality Management, the Monthly Non-Conformance Report shall contain:

- (i) the number of Construction Period Deductions in each Construction Period Failure Category accrued within the last month pursuant to this Schedule 21; and
 - (ii) summary statistics and historic trends since Financial Close for the number of Construction Period Deductions in each Construction Period Failure Category each month pursuant to this Schedule 21.
- (c) Project Co shall track and set out the Total Construction Period Deduction in each monthly Works Report (both on a month by month basis and as a running total). Project Co shall report on the final Total Construction Period Deduction in the Substantial Completion Notice. If Contracting Authority disagrees with the Total Construction Period Deduction set out by Project Co in any Works Report or in the Substantial Completion Notice, then Contracting Authority shall notify Project Co and the Independent Certifier of such disagreement. In the event of a disagreement between the Parties over the Total Construction Period Deduction set out in the Substantial Completion Notice, the Parties shall seek to agree to any matter(s) in dispute with respect to the Total Construction Period Deduction. If the matter(s) cannot be resolved within 15 Business Days after Contracting Authority's notification of disagreement (or such other period as may be otherwise agreed by the Parties), then such matter shall be dealt with in accordance with Schedule 27 – Dispute Resolution Procedure. For clarity, notwithstanding any disagreement between the Parties with respect to the quantum of the Total Construction Period Deduction, the Total Construction Period Deduction as calculated and determined by Contracting Authority in accordance with this Section 5 shall be applied against and shall decrease the Substantial Completion Payment.

5.6 Disputing a Non-Conformance Report During the Works

- (a) In respect of the following circumstances, the Parties shall be subject to the binding determination of the Independent Certifier pursuant to Sections 4.3 and 4.4 of Schedule 27 – Dispute Resolution Procedure and the Independent Certifier's decision shall be final and shall not be subject to resolution pursuant to Schedule 27 – Dispute Resolution Procedure:
- (i) a Notice of objection to a Non-Conformance Report has not been resolved by mutual agreement between Contracting Authority and Project Co within five Business Days after the delivery of a Notice of the objection pursuant to Section 7.1(c) and Section 7.1(e) of Schedule 11 – Quality Management; and
 - (ii) the Non-Conformance Report referred to in Section 5.6(a)(i) would have been a Construction Period Quality Failure with a Construction Period Failure Category of “Minor” if the Notice of objection referred to in Section 5.6(a)(i) had not been issued.

5.7 Relief from Construction Period Deductions

- (a) Subject to Project Co meeting the obligations set out in Section 32.2 and Section 32.3 of the Project Agreement, if a Construction Period Quality Failure,
- (i) has been assessed in accordance with this Schedule 21; and
 - (ii) has arisen from a Non-Conformance that has been directly caused by one or more of the events set out in Section 32.1(a) of the Project Agreement, whether or not such event constitutes a Delay Event,

such Construction Period Quality Failure shall not be applied as part of the Construction Period Deduction in accordance with this Section 5.

6. MAXIMUM LIABILITY AND WITHDRAWAL OF RAIL CORRIDOR ACCESS PRIVILEGES

6.1 Maximum Liability for Liquidated Damages and Construction Enforcement Regime

- (a) The liquidated damages payable by Project Co in accordance with Sections 3.1 shall be limited to \$[REDACTED] on an aggregate basis.
- (b) The liquidated damages payable by Project Co,
 - (i) in accordance with Sections 3.3, 4.1, 4.2, 4.3, 4.4, 4.5, 4.6 and 4.7; plus
 - (ii) the Total Construction Period Deduction calculated in accordance with Section 5,shall be limited to \$[REDACTED], on an aggregate basis.
- (c) The liquidated damages payable by Project Co in respect of an Incident of Train Delay pursuant to Sections 3.1(a), 3.1(c) and 3.1(d) shall be limited to \$[REDACTED] per Incident of Train Delay.

6.2 Withdrawal of Rail Corridor Access Privileges

- (a) If, on any day, Project Co causes more than one Significant Incident of Train Delay, it shall, no later than five Business Days after the day on which that Significant Incident of Train Delay occurred, provide a detailed explanation to Contracting Authority as to the cause of each applicable Significant Incident of Train Delay and a rectification plan designed to eliminate future Train Delays (each a “**Train Delay Rectification Plan**”), for review and approval by Contracting Authority, in its sole discretion.
- (b) If Project Co,
 - (i) causes more than three Significant Incidents of Train Delay in a 90 calendar day period; or
 - (ii) has incurred an obligation to pay 50 per cent or more of the liquidated damages aggregate cap set out in Section 6.1(a),

(each a “**Significant Train Delay Event**”), Project Co shall immediately lose its rights to access the Rail Corridor Lands, subject to demobilization and any directions issued by Contracting Authority with respect to vacating the Rail Corridor Lands. Project Co shall, no later than five Business Days after the Significant Train Delay Event occurs, provide to Contracting Authority both a Train Delay Rectification Plan and a revised Rail Corridor Access Plan, each setting out a rectification plan designed to eliminate future Train Delays, for review and approval by Contracting Authority. Project Co’s right to access the Rail Corridor Lands shall not be reinstated until Contracting Authority has reviewed and approved, in its sole discretion, the Train Delay Rectification Plan and the revised Rail Corridor Access Plan, which approval may contain conditions imposed on Project Co and intended to eliminate Train Delays.

- (c) Contracting Authority shall review the Train Delay Rectification Plan and the revised Rail Corridor Access Plan submitted in accordance with Section 6.2(b) and provide its comments no later than 10 Business Days after the date of Project Co's submission.

- (vi) Project Co has mitigated or will mitigate the impact of the Variation, including on the Project Works Schedules, the performance of the Works, the expected usage of utilities, and the Direct Cost of the proposed Variation to be incurred.
- (c) Project Co shall use commercially reasonable efforts to obtain the best value for money when procuring and/or delivering any work, services, supplies, materials or equipment required by the Variation, including, at the request of Contracting Authority, applying, using and comparing applicable industry benchmarks or benchmarking data for such purposes, and will comply with all Good Industry Practice in relation to any such procurement, to a standard no less than Project Co would apply if all costs incurred were to its own account without recourse to Contracting Authority, including using commercially reasonable efforts to mitigate such costs. Also, to the extent the procurement or delivery of any work, services, supplies, materials or equipment required by the Variation results in costs or expenses that are in excess of those costs or expenses established by industry benchmarks or benchmarking data, Project Co shall provide Contracting Authority sufficient information and analysis to demonstrate to Contracting Authority's satisfaction, acting reasonably, that such excess costs or expenses are reasonable and justified in the context of the subject Variation.
- (d) As soon as practicable, and in any event not more than 15 Business Days after Contracting Authority receives an Estimate, Project Co and Contracting Authority shall discuss and seek to agree on the Estimate, including any amendments to the Estimate agreed to by the Parties.

 - (i) subject to Section 1.2(b) and Section 1.7(f), withdraw the Variation Enquiry by written Notice to Project Co; or
 - (ii) issue a written confirmation of the Estimate signed by Contracting Authority (the “**Variation Confirmation**”), including any agreed modifications thereto or any modifications resulting for the determination of a Dispute in respect thereof, which

Variation Confirmation may be subject to Project Co obtaining financing pursuant to Section 1.8.

- (b) Within five Business Days following Project Co's receipt of a Variation Confirmation issued pursuant to Section 1.7(a)(ii), Project Co shall execute and deliver a copy of such executed Variation Confirmation to Contracting Authority.
- (c) If Contracting Authority does not issue a Variation Confirmation within such 15 Business Days, then, subject to Section 1.2(b) and Section 1.7(f), the Variation Enquiry shall be deemed to have been withdrawn.
- (d) Upon the Variation Confirmation being issued, and if applicable upon Project Co obtaining financing pursuant to Section 1.8:
 - (i) the Parties shall as soon as practicable thereafter do all acts and execute all documents to amend the Project Agreement necessary to implement the Variation, including in respect of any required extension of time and including provision for payment to Project Co as provided in Section 1.10;
 - (ii) Project Co shall implement the Variation as provided for in the Variation Confirmation, and subject to amendments pursuant to Section 1.7(d)(i), all provisions of the Project Agreement applicable to the Works shall apply to the Works as thereby changed and no additional claim with respect to the Variation or Variation Confirmation will be considered; and
 - (iii) payment in relation to the Variation shall be as provided for in Section 1.10 and pursuant to any amendments pursuant to Section 1.7(d)(i).

 - (i) Project Co obtains such financing acceptable to Contracting Authority in its sole discretion; or
 - (ii) Contracting Authority in its sole discretion waives such requirement.
- (f) Except as hereinafter provided, until a Variation Confirmation has been issued:
 - (i) the determination of whether or not to proceed with a Variation shall at all times be at Contracting Authority's sole discretion, despite any Dispute or any other matter in relation to a Variation being referred to or determined in accordance with Schedule 27 – Dispute Resolution Procedure; and
 - (ii) Contracting Authority may at any time withdraw a Variation Enquiry and, subject to Section 1.7(g), Contracting Authority shall not be obligated to Project Co in respect of a Variation until such time as Contracting Authority in its sole discretion issues a Variation Confirmation and, if applicable, Project Co has obtained the financing requested by Contracting Authority or Contracting Authority has waived such requirement, provided that Contracting Authority may not withdraw a Variation Enquiry in circumstances where

Contracting Authority is obligated pursuant to the terms of the Project Agreement to proceed with a Variation. In such circumstances Schedule 27 – Dispute Resolution Procedure shall be employed to finalize any aspects of the Variation which cannot otherwise be agreed to in accordance with the terms of this Schedule 22.

- (g) If a Variation Confirmation is not issued for any Variation Enquiry in respect of which Project Co has used commercially reasonable efforts to produce a fair and accurate Estimate, Contracting Authority shall reimburse Project Co for the Direct Cost reasonably and properly incurred by Project Co in connection with preparing the Estimate.

1.8 Financing

- (a) Subject to Section 1.9, if Project Co in its Estimate confirms that existing financing is not available to pay for the proposed Variation and if Contracting Authority requests Project Co to obtain financing for a Variation, then a Variation Confirmation may be issued subject to Project Co obtaining financing. In such event, Project Co shall use commercially reasonable efforts to obtain the requested financing on terms satisfactory to Project Co and Contracting Authority, provided that, Project Co shall not be required to seek debt financing from any source other than the existing Lenders.
- (b) If Project Co has used commercially reasonable efforts to obtain the requested financing but has been unable to obtain an offer of financing on terms reasonably satisfactory to Project Co and Contracting Authority within 60 days following the date that Contracting Authority issues the Variation Confirmation, then Project Co shall have no further obligation to obtain financing for the Variation and any Variation Confirmation subject to financing shall no longer have any effect unless Contracting Authority, in its sole discretion, waives the requirement for financing or unless Contracting Authority is obligated to proceed with the Variation pursuant to the terms of the Project Agreement.
- (c) Subject to Section 1.9, if Project Co obtains an offer of financing on terms reasonably satisfactory to Project Co, Project Co shall provide Contracting Authority with details of such financing, and Contracting Authority shall, in its sole discretion, determine whether Project Co should proceed with such financing. If Contracting Authority determines that Project Co should not proceed with such financing, then Project Co shall have no further obligation to obtain financing for the Variation and any Variation Confirmation subject to financing shall no longer have any effect unless Contracting Authority, in its sole discretion, waives the requirement for financing or unless Contracting Authority is obligated to proceed with the Variation pursuant to the terms of the Project Agreement.
- (d) Subject to Section 1.9, Contracting Authority may at any time withdraw the requirement for Project Co to use commercially reasonable efforts to obtain financing, after which Project Co shall have no further obligation to obtain financing for the Variation and any Variation Confirmation subject to financing shall no longer have any effect unless Contracting Authority in its sole discretion waives the requirement for financing or unless Contracting Authority is obligated to proceed with the Variation pursuant to the terms of the Project Agreement.
- (e) If Contracting Authority waives the requirement for financing or if Project Co has no further obligation to obtain financing for the Variation pursuant to Sections 1.8(b), 1.8(c) or 1.8(d), then

Project Co shall proceed with the Variation as set out in the Variation Confirmation and Contracting Authority shall pay for the Variation as provided for in Section 1.10(a)(ii).

1.9 Increase or Decrease in the Cost of the Financing

- (a) If there is an increase or a decrease in the Cost of the Financing as a result of a Variation, the Guaranteed Price shall be increased or decreased by the increase or decrease to the Cost of the Financing. Project Co shall provide the calculation of the increase or decrease in the Cost of the Financing, together with a certificate of the Lenders' Agent verifying such calculation. Where the increase in the Cost of the Financing includes breakage costs, but the impact of the Variation on the Cost of the Financing could also be accommodated without incurring breakage costs, calculations for both options shall be provided to Contracting Authority, together with a certificate of the Lenders' Agent addressed to Project Co (which will expressly provide that the certificate may be relied upon by Contracting Authority) verifying such calculations. Contracting Authority shall, in its sole discretion, within five Business Days after receiving such certificate from the Lenders' Agent, select its preferred option by providing written Notice to Project Co and the Lenders' Agent. For greater certainty, the increases or decreases in the Cost of the Financing shall be calculated in a commercially reasonable manner and in accordance with the Lending Agreements, and without regard to the identity of the party paying such costs and expenses and, with respect to any swap breakage costs or gains, such costs or gains shall be calculated in accordance with standard market practices.
- (b) If a Variation gives rise to a net benefit to Project Co through a reduction of the Cost of the Financing, then Project Co shall pay any net benefit received by Project Co to Contracting Authority.

1.10 Payment

- (a) If a Variation Confirmation has been issued and is not subject to financing, or if the requirement for financing has been satisfied by Project Co or has been waived by Contracting Authority, a price adjustment for the Variation, as set out in the Estimate and as adjusted and confirmed by the Variation Confirmation, shall be made as follows:
- (i) the Guaranteed Price shall be adjusted as set out in the Variation Confirmation; or
- (ii) payment for Capital Expenditures as set out in the Variation Confirmation and not financed by Project Co shall be paid as follows:
- (A) Contracting Authority shall pay such Capital Expenditures in lump sum payments based on a payment schedule agreed by Contracting Authority and Project Co, acting reasonably, to reflect the amount and timing of the Capital Expenditures to be incurred by Project Co in carrying out the Variation to the extent borne by Contracting Authority; and
- (B) where payment for part of the Variation reflects the carrying out of, or specific progress towards, an element within the Variation, Project Co shall provide satisfactory evidence confirming that the part of the Variation corresponding to each occasion when payment is due under the payment schedule has been duly carried out.

In the event Contracting Authority and Project Co fail to agree as to the terms of the payment schedule, the payment schedule shall be determined in accordance with Schedule 27 – Dispute Resolution Procedure, provided that, where all or any part of the Variation is being carried out by a third party under a contract with Project Co, subject to the terms of any contract between Project Co and that third party in relation to the implementation of the Variation having been approved by Contracting Authority, the process under Schedule 27 – Dispute Resolution Procedure shall determine a payment schedule which would enable Project Co to be funded by Contracting Authority in time to make payments to that third party in accordance with its contract with Project Co.

For greater certainty, (I) the Milestone Payments and Substantial Completion Payment shall only be adjusted as a result of a Variation if the Guaranteed Price is adjusted pursuant to Section 1.10(a)(i), and (II) none of, the Guaranteed Price, the Milestone Payments, or the Substantial Completion Payment shall be adjusted as a result of the Variation if Project Co is paid for Capital Expenditures pursuant to Section 1.10(a)(ii).

- (b) Contracting Authority shall make payment to Project Co within 20 Business Days following receipt by Contracting Authority of invoices presented to Contracting Authority in accordance with the agreed payment schedule accompanied (where applicable) by the relevant evidence that the relevant part of the Variation has been carried out.
- (c) Payments by Contracting Authority in respect of a Variation shall be subject to applicable holdback provisions of the Construction Act, as applicable.
- (d) Project Co shall not be entitled to any amount in excess of the amount of the Estimate confirmed in the Variation Confirmation.
- (e) Upon request by Project Co, Contracting Authority shall provide to Project Co copies of any consent or approval issued by Contracting Authority and/or Infrastructure Ontario's or Metrolinx's board of directors in connection with a proposed Variation.

1.11 Reduction in Works

- (a) If a Variation involves any reduction in the Works which results in savings in the Direct Cost to Project Co, such savings shall result in a reduction in the compensation payable to Project Co under the Project Agreement in an amount equal to such reduction in the Direct Cost and the First Milestone Payment, the Second Milestone Payment, the Third Milestone Payment or the Substantial Completion Payment (as applicable, at Contracting Authority's discretion) shall be reduced accordingly.

1.12 Variation Directive

- (a) If an Estimate is not promptly agreed upon by Contracting Authority and Project Co or if there is a Dispute in relation thereto or if Contracting Authority, in its sole discretion, requires a Variation to be implemented prior to issuing a Variation Confirmation, then Contracting Authority may issue a Variation Directive and, following receipt of the Variation Directive, Project Co shall promptly proceed to implement the Variation.
- (b) Without limiting Project Co's obligation to promptly implement such Variation:

- (i) the determination of the valuation and time extensions, if any, required in connection with such Variation, shall be made as soon as reasonably possible after commencement of the implementation of the Variation;
- (ii) pending final determination of the valuation and time extensions, if any, required in connection with such Variation, the Independent Certifier or the Contracting Authority Representative, as applicable and, in each case, acting reasonably, shall determine the valuation in accordance with Appendices A and B hereto, with any Dispute to be determined in accordance with Schedule 27 – Dispute Resolution Procedure; and
- (iii) Contracting Authority shall fund all Variations implemented by way of a Variation Directive as provided for in Section 1.10(a)(ii).

2. PROJECT CO VARIATIONS

2.1 General

- (a) Project Co shall deliver to Contracting Authority a written Notice (a “**Project Co Variation Notice**”) for each Variation proposed by Project Co.

2.2 Project Co Variation Notice

- (a) A Project Co Variation Notice shall:
 - (i) set out details of the proposed Variation in sufficient detail to enable Contracting Authority to evaluate it in full;
 - (ii) specify Project Co’s reasons for proposing the Variation;
 - (iii) indicate all reasonably foreseeable implications of the Variation, including whether there are any costs or cost savings to Contracting Authority; and
 - (iv) indicate the latest date by which a Variation Enquiry must be issued.
- (b) If Contracting Authority, in its sole discretion, elects to consider the Variation proposed by Project Co, Contracting Authority may issue to Project Co a Variation Enquiry and the procedure set out in Section 1 will apply.
- (c) Project Co shall, promptly upon demand, reimburse Contracting Authority for all out-of-pocket costs and expenses reasonably incurred by Contracting Authority in connection with Contracting Authority’s consideration of any Variation proposed by Project Co pursuant to Section 2 of this Schedule 22, including legal and consulting fees and disbursements, regardless of whether (i) a Variation Enquiry or Estimate is issued in connection therewith or (ii) such Variation is implemented.

- (b) the insurance premium payable or the terms and conditions for insuring that risk are such that the risk is not generally being insured against in the worldwide insurance market.

Project Co has the onus of demonstrating, to Contracting Authority’s reasonable satisfaction that the foregoing definition applies to a particular risk.

6.2 Project Co shall notify Contracting Authority as soon as possible and, in any event, within 15 Business Days after becoming aware of same, that a risk, or any component of a risk, has become an Uninsurable Risk, and shall provide Contracting Authority with all relevant details in relation to such risk, including a copy of the relevant insurance policy.

- (a) elect to assume responsibility for the Uninsurable Risk and, in respect of the year in which the relevant risk becomes an Uninsurable Risk and every year thereafter, withhold, in equal instalments over the course of such year, from the payment or payments otherwise due to Project Co an amount equal to the annual premium (index linked) relating to the Uninsurable Risk as was current on the date immediately prior to the date on which the relevant risk became an Uninsurable Risk, in which case this Project Agreement shall continue in full force and effect; or

- (b) terminate this Project Agreement in accordance with Section 38.2 of the Project Agreement as if such termination had occurred as a result of the Parties having failed to reach agreement in accordance with Section 38.2 of the Project Agreement following the occurrence of an event of Force Majeure, and, in accordance with the provisions of Schedule 23 – Compensation on Termination, pay to Project Co an amount equal to the Non-Default Termination Sum.
- 6.5 On the occurrence of an Uninsurable Risk, Contracting Authority may, in its absolute discretion, either:

- (b) terminate this Project Agreement in accordance with Section 38.2 of the Project Agreement as if such termination had occurred as a result of the Parties having failed to reach agreement in accordance with Section 38.2 of the Project Agreement following the occurrence of an event of Force Majeure, and, in accordance with the provisions of Schedule 23 – Compensation on Termination, pay to Project Co an amount equal to the Non-Default Termination Sum.
- 6.6 With respect to any Uninsurable Risk:
- (a) Project Co shall continue to approach the insurance market on a regular basis and, in any event, at intervals of not less than 180 days and use reasonable efforts to obtain (or cause to be obtained) insurance to cover as much or all of the Uninsurable Risk as can be insured in the available insurance market from time to time; and
- (b) Subject to Section 6.6(a), Project Co shall be relieved of its obligation to maintain (or cause to be maintained) insurance in respect of the Uninsurable Risk.
- 6.7 Where a risk which was previously an Uninsurable Risk ceases to be so, Project Co shall, at its own expense, obtain and maintain (or cause to be obtained and maintained) insurance in accordance with the requirements of this Schedule 25 in respect of the risk and the provisions of this Section 6 shall no longer apply to such risk.

- 7.1 In the event of damage to, or destruction of, all or substantially all of the New Metrolinx Infrastructure and the New Third Party Infrastructure for which there is coverage under an insurance policy, any insurance proceeds received by Project Co shall first be applied so as to ensure the performance by Project Co of its obligations under this Project Agreement, including, where appropriate, the reinstatement, restoration or replacement of the New Metrolinx Infrastructure, the New Third Party Infrastructure, or any other assets, materials or goods

shall initially be submitted to the Independent Certifier for independent determination by the Independent Certifier within such period as may be specified in the Project Agreement, or if no period is specified, within 10 Business Days after submission to the Independent Certifier.

- 4.3 Without limiting any obligations of the Parties under the Independent Certifier Agreement, the Parties shall cooperate with the Independent Certifier and provide such information, records and documents as may be required by the Independent Certifier to make the determination within the period referred to in Section 4.2 of this Schedule 27.
- 4.4 The Independent Certifier's decision to issue or not to issue,
- (a) the notice that the requirements for Milestone Payment Completion for the First Milestone Payment, the Second Milestone Payment or the Third Milestone Payment, as applicable, have been met shall be final and binding on the Parties solely in respect of determining the applicable Milestone Payment Completion Date, and no Dispute in relation to a Milestone Payment Completion Date shall be subject to resolution pursuant to this Schedule 27; and
 - (b) the Substantial Completion Certificate shall be final and binding on the Parties solely in respect of determining the Substantial Completion Payment Date and a Dispute in relation to the Substantial Completion Payment Date shall not be subject to resolution pursuant to this Schedule 27.

Save and except as aforesaid, the Independent Certifier's determinations are not binding on the Parties, and all Disputes in relation to the Independent Certifier's decisions shall be resolved pursuant to this Schedule 27, provided however that Section 5 of this Schedule 27 shall not apply unless otherwise agreed by the Parties on terms acceptable to the Parties.

5. Adjudication

- 5.1 If the Parties fail to resolve any Dispute through the process referred to in Section 2 and 3 of this Schedule 27 within 15 Business Days following referral of the Dispute to an executive in accordance with Section 3.1 (or such other period as may be agreed or expressly stipulated in respect of the relevant matter) and it is not a Dispute referred to in Section 4.2 of this Schedule 27 or a Dispute referred to arbitration or litigation pursuant to Section 4.4 of this Schedule 27 (except as otherwise agreed to in writing by the Parties pursuant to Section 11.6 of this Schedule 27), either Party may refer the Dispute to an adjudicator selected in accordance with Section 5.2 of this Schedule 27 (the "**Adjudicator**").
- 5.2 The Adjudicator nominated by the Party issuing the Notice of Dispute shall be agreed between the Parties or, failing agreement, shall be determined by the Ontario Superior Court of Justice (following an application thereto by the Party issuing the Notice of Dispute) pursuant to the *Arbitration Act, 1991* (Ontario) as if the adjudicator was an arbitrator under the *Arbitration Act, 1991* (Ontario) and shall:
- (a) be independent of and at arm's length to Project Co, Contracting Authority, any Government Entity, the Lenders and any other person having an interest in the New

Metrolinx Infrastructure and/or New Third Party Infrastructure or any of the Project Documents;

- (b) if the Dispute arises during the Project Term, be familiar with the construction of facilities and infrastructure similar to those included in this Project; and
- (c) be a person who has the qualifications and experience with respect to the particular issues in Dispute, including, where the issues in Dispute include whether Project Co has or will adversely impact the Contracting Authority Activities, then such qualifications and experience should include relevant experience in the provision of activities similar to the Contracting Authority Activities.

5.3 The Adjudicator shall resolve the Dispute in accordance with the United Kingdom Construction Industry Council’s *Model Adjudication Procedure; Fourth Edition* (the “**Model Adjudication Procedure**”) the terms of which are incorporated herein by reference, subject to the following modifications:

- (a) notwithstanding paragraph 14 of the Model Adjudication Procedure, within seven Business Days following appointment in relation to a particular Dispute, the Adjudicator shall require the Parties to submit in writing their respective arguments; provided that, where necessary, the onus of proving that the New Metrolinx Infrastructure and/or the New Third Party Infrastructure is operating in accordance with all relevant specifications and requirements set forth in the Project Agreement is on Project Co. The Adjudicator shall, in his absolute discretion, determine the procedure of the adjudication proceedings including whether a hearing is necessary in order to resolve the Dispute;
- (b) notwithstanding paragraphs 16 and 24 of the Model Adjudication Procedure, in any event, and subject to Section 5.4 of this Schedule 27, the Adjudicator shall provide to both Parties his written decision on the Dispute, within 10 Business Days following appointment (or within such other period as the Parties may agree after the reference). The Adjudicator shall give detailed reasons for the Adjudicator’s decision. The Adjudicator shall be entitled to award compensation to a Party and shall be entitled to state the relief for such Party, which may include deeming the occurrence of any Relief Event, Delay Event and/or Compensation Event. Unless otherwise provided for in this Schedule 27, the Adjudicator’s decision shall be binding on the Parties, but not final.
- (c) notwithstanding paragraphs 29 and 30 of the Model Adjudication Procedure, the Adjudicator’s costs, including any legal fees, of any reference shall be borne as the Adjudicator shall specify or in default, equally by the Parties. In no circumstances shall the Adjudicator be entitled to order a successful or partially successful Party in an adjudication to pay more than one half of the Adjudicator’s fees. Each Party shall bear its own costs arising out of the reference, including legal costs and the costs and expenses of any witnesses.
- (d) the Adjudicator shall be deemed not to be an arbitrator but shall render his decision as an expert and the provisions of the *Arbitration Act, 1991* (Ontario) and the law relating to arbitration shall not apply to the Adjudicator (other than as set out in Section 5.2 of this

Schedule 27) or his determination or the procedure by which he reached his determination;

- (e) notwithstanding paragraph 26 of the Model Adjudication Procedure, the Adjudicator shall act impartially and may take the initiative in ascertaining the facts and the law. Unless otherwise expressly provided in the Project Agreement, the Adjudicator shall have the power to open up, review and revise any opinion, certificate, instruction, determination or decision of whatever nature given under the Project Agreement. For greater certainty, the Independent Certifier's decision to issue or not to issue,
 - (i) the notice that the requirements for Milestone Payment Completion for the First Milestone Payment, the Second Milestone Payment or the Third Milestone Payment, as applicable, have been met shall be final and binding on the Parties solely in respect of determining the applicable Milestone Payment Completion Date, and no Dispute in relation to any Milestone Payment Completion Date shall be subject to resolution pursuant to this Schedule 27; and
 - (ii) the Substantial Completion Certificate shall be final and binding solely in respect of determining the Substantial Completion Payment Date and a Dispute in relation to the Substantial Completion Payment Date shall not be subject to resolution pursuant to this Schedule 27;
- (f) the Adjudicator shall execute a non-disclosure agreement (the “**Non-Disclosure Agreement**”) in a form satisfactory to the Parties, providing that, among other things, all information, data and documentation disclosed or delivered by a Party to the Adjudicator in consequence of or in connection with his appointment as the Adjudicator shall be treated as confidential and without prejudice to any potential litigation proceedings. The Adjudicator shall not, save except as expressly permitted by the Non-Disclosure Agreement, disclose to any person any such information, data or documentation, and all such information, data or documentation shall remain the property of the Party disclosing or delivering the same and all copies shall be returned to such Party on completion of the Adjudicator's mandate with respect to the Dispute; and
- (g) notwithstanding paragraph 34 of the Model Adjudication Procedure, the Adjudicator shall not be liable for anything done or omitted to be done in the discharge or purported discharge of his functions as Adjudicator unless the act or omission is in bad faith. Any employee or agent of the Adjudicator is similarly protected from liability.

5.4 Where it is determined by the Adjudicator that:

- (a) corrective measures must be taken by Project Co to resolve a Dispute, those measures must be implemented by Project Co as soon as reasonably practical, without payment by Contracting Authority unless (i) the Adjudicator determines otherwise; or (ii) that determination is subsequently reversed by a binding and final determination made in a court proceeding;

- (b) corrective measures are not required to be taken by Project Co to resolve a Dispute, Contracting Authority may, at its option, require corrective measures to be taken forthwith by Project Co, in which case those measures must be implemented by Project Co as soon as reasonably practical provided that Contracting Authority undertakes to pay Project Co for Direct Costs, plus reasonable overhead and profit incurred by Project Co as such costs are so incurred; provided that no such costs should exceed the amount Project Co is entitled to receive pursuant to Schedule 22 – Variation Procedure thereby incurred upon completion of those corrective measures, but any such undertaking and payment shall be without prejudice to Contracting Authority’s right to contest the determination made by the Adjudicator in a subsequent proceeding. Contracting Authority shall provide Project Co such reasonable extensions of time in respect of Project Co’s obligations under the Project Agreement necessary to allow Project Co to effect the corrective measures and such extension of time may be treated as a Delay Event, if so determined by the Adjudicator.

5.5 Subject to a right to require the Dispute to be arbitrated or litigated pursuant to Sections 6, 7 and 8 of this Schedule 27 by giving the required Notices to arbitrate or litigate within the time periods specified therein, the Parties agree that the Adjudicator’s determination is final and binding and not subject to appeal, arbitration, litigation or any other dispute resolution process, and both Parties expressly waive all rights of appeal in connection with the Adjudicator’s determination.

6. Referral of Disputes to Arbitration or Litigation

6.1 If:

- (a) the amount awarded by the Adjudicator pursuant to Section 5 of this Schedule 27 is more than \$[REDACTED] (index linked) in the aggregate or \$[REDACTED] (index linked) in any one year,
- (b) the Dispute involves issues other than monetary claims by one Party against the other Party and which a Party reasonably believes are material and significant to that Party, or
- (c) a Notice of Dispute has been issued for a Dispute in relation to the Independent Certifier’s decisions for which Section 4.4 of this Schedule 27 provides that Section 5 of this Schedule 27 shall not apply to resolve such Dispute,

then, subject to the right of a Party to require litigation of the Dispute pursuant to Section 8.1 of this Schedule 27 or a consolidation of proceedings pursuant to Section 9 of this Schedule 27, either Party may, by written Notice signed by their Party Representative, request that the Dispute be resolved by arbitration pursuant to Section 7 of this Schedule 27 upon the written consent of the other Party. Such Notice will not be effective unless it indicates it is a Notice to arbitrate, is signed by the Party Representative and is delivered to the other Party Representative within 15 Business Days after receipt of the Adjudicator’s decision or the Notice of Dispute referred to in Section 6.1(c) of this Schedule 27, as applicable, and provided further that such Notice expressly identifies the specific Dispute and decision of the Adjudicator or the Independent Certifier, as applicable, that is to be the subject of the arbitration.

6.2 If a Party is entitled to refer a Dispute to which Section 5 of this Schedule 27 applies to arbitration or litigation pursuant to Sections 6.1 or 8.1 of this Schedule 27 then, unless the Parties otherwise expressly agree in writing, all information, documents and submissions prepared by a Party for the Adjudicator which are not business records that would otherwise be kept in the normal course of business by the Party for its business purposes, and all decisions and determinations by the Adjudicator, shall be confidential and inadmissible in any arbitration or litigation proceeding. For greater certainty, the Adjudicator shall not be called as a witness by either party in any arbitration or litigation proceeding.

7. Resolution by Arbitration

7.1 Upon the mutual written consent of the Parties,

- (a) where the Parties fail to resolve a Dispute through the process set out in Sections 2, 3, 4 and 5 (to the extent required) of this Schedule 27, and
- (b) all other requirements set out in this Schedule 27 have been satisfied,

such Dispute may be referred to arbitration in accordance with the *Arbitration Act, 1991* (Ontario) and this Section 7.

7.2 Disputes referred to arbitration shall be resolved by a single arbitrator unless one of the Parties, by Notice in writing delivered to the other Party within five Business Days after a Notice to arbitrate pursuant to Section 6.1 of this Schedule 27 has been delivered, expressly requires that the Dispute that is the subject of that Notice to arbitrate be resolved by a three person arbitration tribunal, in which case that particular Dispute shall be resolved by a three person arbitration tribunal.

7.3 If the arbitration tribunal is comprised of a single arbitrator, the arbitrator shall be appointed as follows:

- (a) if the Parties agree on the arbitrator, the Parties shall jointly appoint the arbitrator as soon as possible and in any event within five Business Days after delivery of the Notice to arbitrate pursuant to Section 6 of this Schedule 27; and
- (b) if the Parties fail to agree or jointly appoint the arbitrator within such five Business Day period, either Party may apply to the Ontario Superior Court of Justice for appointment of the arbitrator, in which case the court shall appoint the arbitrator at the earliest opportunity in accordance with the following:
 - (i) from the lists of potential arbitrators submitted to the court by the Parties, provided that potential arbitrators meeting the necessary qualifications and experience set out in this Schedule 27 are on the list; or
 - (ii) if one Party fails to submit its list of potential arbitrators to the court within five Business Days following a request from the court to submit a list, from the list submitted by the other Party provided that potential arbitrators meeting the

necessary qualifications and experience set out in this Schedule 27 are on the list of that other Party; or

- (iii) if no list is submitted by either Party, or if the list or lists submitted do not include potential arbitrators with the necessary qualifications and experience, the court shall be entitled at its sole discretion to appoint anyone who meets the requirements set out in this Schedule 27 for the qualifications and experience of the arbitrator.

7.4 If the arbitration tribunal is comprised of three arbitrators:

- (a) the arbitrators shall be appointed as follows:
 - (i) each Party shall appoint one arbitrator no later than five Business Days after delivery of the Notice to arbitrate pursuant to Section 6 of this Schedule 27;
 - (ii) if a Party fails to appoint an arbitrator within five Business Days after delivery of the Notice to arbitrate, the other Party is entitled to apply to the Ontario Superior Court of Justice to appoint that arbitrator, in which case the court shall appoint that arbitrator at the earliest opportunity using a comparable process to that described in Section 7.3(b) of this Schedule 27;
 - (iii) the arbitrators appointed in accordance with the foregoing shall, within five Business Days after their appointment, jointly appoint a third arbitrator who shall also act as the chair of the arbitration tribunal and who, in addition to all other required qualifications, shall have experience in arbitration or judicial processes and procedures; and
 - (iv) if the two arbitrators appointed by the Parties fail to appoint a third arbitrator within the required time, either of the other two arbitrators may apply to the Ontario Superior Court of Justice for appointment of the third arbitrator, in which case the court shall appoint the third arbitrator at the earliest opportunity using a comparable process to that described in Section 7.3(b) of this Schedule 27; and
- (b) the arbitrators appointed by the Parties shall at all times be neutral and act impartially and shall not act as advocates for the interests of the Party who appointed them.

7.5 All arbitrators must have qualifications and experience relevant to the issues in the Dispute and also have qualifications and experience as arbitrators. Where the issues in Dispute include whether Project Co has or will adversely impact the Contracting Authority Activities, then such qualifications and experience should include relevant experience in the provision of activities similar to the Contracting Authority Activities.

7.6 No one shall be nominated or appointed to act as an arbitrator who is or was in any way interested, financially or otherwise, in the conduct of the Works or in the business affairs of Contracting Authority, Project Co, or any consultant, subconsultant or subcontractor of any of them.

- 7.7 The arbitrator(s) shall have the jurisdiction and power to:
- (a) amend or vary any and all rules under the *Arbitration Act, 1991* (Ontario), including rules relating to time limits, either by express agreement of the Parties or, failing such agreement, as the arbitrator(s) consider appropriate and necessary in the circumstances to resolve the Dispute and render an award;
 - (b) require some or all of the evidence to be provided by affidavit;
 - (c) hold a hearing at which evidence and submissions are presented by the Parties;
 - (d) direct either or both Parties to prepare and provide the arbitrator(s) with such documents, test results or other things as the arbitrator(s) may require to assist them in the resolution of the Dispute and rendering of an award;
 - (e) require either Party to supply or prepare for examination by the arbitrator(s) and the other Party, any document or information the arbitrator(s) considers necessary;
 - (f) inspect the Works, giving reasonable Notice to each Party of the time when, and the place where, the arbitrator(s) intend(s) to conduct any inspections;
 - (g) award any remedy or relief that a court or judge of the Ontario Superior Court of Justice could order or grant subject to and in accordance with the Project Agreement, including interim orders, interim and permanent injunctions, and specific performance; and
 - (h) require either or both Parties to take and provide to the arbitrator(s) such measurements, perform such tests, perform such audits, or take any and all such other measures or steps as the arbitrator(s) consider necessary or desirable to aid them in making a fair and reasonable award.
- 7.8 The place of arbitration shall be Toronto, Ontario. The language of the arbitration shall be English.
- 7.9 The costs of an arbitration are in the discretion of the arbitrator(s) who, in addition to any jurisdiction and authority under applicable law to award costs, has the jurisdiction and authority to make an order for costs on such basis as the arbitrator(s) considers appropriate in the circumstances, including to award actual legal fees and disbursements and expert witness fees, and to specify or order any or all of the following:
- (a) the Party entitled to costs;
 - (b) the Party who must pay the costs;
 - (c) the amount of the costs or how that amount is to be determined; and
 - (d) how all or part of the costs must be paid.

- 7.10 In exercising discretion to award costs, however, the arbitrator(s) will take into account the desire of the Parties that costs should generally be awarded to each Party in proportion to the relative success that each Party has in the arbitration.
- 7.11 The award of the arbitrator(s) shall be final and binding upon both Parties, and both Parties expressly waive all rights of appeal in connection with the award of the arbitrator(s). Judgment may be entered upon the award in accordance with Applicable Law in any court having jurisdiction.
- 7.12 The Parties agree to and shall co-operate fully with the arbitrator(s) and proceed with the arbitration expeditiously, including in respect of any hearing, in order that an award may be rendered as soon as practicable by the arbitrator(s), given the nature of the Dispute. The arbitrator(s) shall render a decision as soon as possible and, in any event, shall use all reasonable efforts to render a decision no later than 20 Business Days after the date of the hearing, or such longer period of time as agreed to in writing by the Parties. If the arbitration tribunal is comprised of three arbitrators, the decision of a majority of the arbitration tribunal shall be deemed to be the decision of the arbitration tribunal, and where there is no majority decision, the decision of the chair of the arbitration tribunal shall be deemed to be the decision of the arbitration tribunal.
- 7.13 The Project Agreement, including this Schedule 27, constitutes an agreement to arbitrate that shall be specifically enforceable.
- 7.14 Any arbitrator appointed pursuant to this Section 7 of this Schedule 27 shall keep all information about the Dispute confidential and shall not disclose such information to anyone other than the Parties.

8. Litigation

- 8.1 Notwithstanding that a Notice to arbitrate has been delivered pursuant to Section 6.1 of this Schedule 27, following receipt of the Adjudicator's award or determination pursuant to Section 5 of this Schedule 27, or if applicable, a Notice of Dispute has been issued following receipt of a decision of the Independent Certifier if the Dispute is a Dispute in relation to the Independent Certifier's decisions for which Section 4.4 of this Schedule 27 provides that Section 5 of this Schedule 27 shall not apply, if one or more of the following apply then either Party may elect, by written Notice signed by their Party Representative, to require that the Dispute be referred to and resolved solely by litigation in the Ontario Superior Court of Justice, and both Parties agree to attorn to the exclusive jurisdiction of the courts of the Province of Ontario in respect of the Dispute:
- (a) if the actual or potential total value or amount at issue in the Dispute (as determined by adding all claims and counterclaims) is more than \$[REDACTED] (index linked) in the aggregate or \$[REDACTED] (index linked) in any one year; or
 - (b) if the Dispute is considered by Contracting Authority to involve material issues of public health or safety.

Such Notice will not be effective unless it indicates it is a Notice to submit the Dispute to litigation, is signed by the Party Representative and is delivered to the other Party Representative within 15 Business Days after receipt of the Adjudicator’s determination, or the Notice of Dispute referred to in Section 6.1(c) of this Schedule 27, as applicable, and provided further that such Notice expressly identifies the specific Dispute and determination of the Adjudicator or Independent Certifier, as applicable, that is to be the subject of the litigation.

- 8.2 If neither Party delivers a Notice of election to resolve a particular Dispute by litigation in the manner and within the time specified in Section 8.1 of this Schedule 27, then provided that one Party has, in the manner and within the time period specified in Section 6.1 of this Schedule 27, given Notice to the other Party of election to resolve that Dispute by arbitration, and subject to a consolidation of proceedings pursuant to Section 9 of this Schedule 27, that Dispute shall be resolved only by arbitration pursuant to Sections 7.2 to 7.14 of this Schedule 27.

9. Consolidation of Project Agreement Adjudication, Arbitration and Litigation

- 9.1 For all Disputes that arise prior to Substantial Completion, unless:

- (a) both Parties otherwise agree;
- (b) the issue in a particular Dispute arises in connection with the Review Procedure;
- (c) the issue in a particular Dispute is such that waiting until after Substantial Completion to resolve that Dispute will cause irreparable harm to one of the Parties;
- (d) the issue in a particular Dispute arises in connection with requirements of achieving or deficiencies in not achieving Substantial Completion; or
- (e) in respect to a particular Dispute, the Dispute is consolidated with any Third Party Arbitration or Third Party Litigation (as hereinafter defined) pursuant to Section 10 of this Schedule 27,

all adjudication, arbitral and litigation proceedings between the Parties prior to Substantial Completion shall be stayed and consolidated into, as applicable, a single adjudication, arbitration and a single litigation proceeding, with the adjudication, arbitration and, if applicable, litigation, proceeding promptly and expeditiously after Substantial Completion.

10. Consolidation with Third Party Disputes

- 10.1 Subject to Section 10.4 of this Schedule 27, if either Party is involved in an arbitration in the Province of Ontario with a third party (“**Third Party Arbitration**”), and if such Third Party Arbitration involves common factual or legal issues (including common issues of damages) which are also the subject of a Dispute between the Parties for which a Notice of Dispute has been given, then any arbitration of the Dispute between the Parties which includes those common factual, legal or damages issues (“**Project Agreement Arbitration**”) shall be stayed, consolidated or joined with the Third Party Arbitration(s) but only if Contracting Authority, Project Co and the other Parties all agree or, failing their agreement, if a court in the Province of

Ontario on application considers it just and convenient in all the circumstances that the Project Agreement Arbitration should be stayed or consolidated or joined with the Third Party Arbitration.

10.2 Subject to Section 10.4 of this Schedule 27, if either Party is involved in litigation in the Province of Ontario with a third party (“**Third Party Litigation**”) and if:

- (a) such Third Party Litigation involves common factual or legal issues (including common issues of damages) which are the subject of a Project Agreement Arbitration; and
- (b) one of the Parties is brought directly into the Third Party Litigation as a Party to that litigation,

then on the application of either Party to the court in the Province of Ontario having jurisdiction the court may, if it determines that it is just and convenient in all the circumstances, order a stay of either or both the Project Agreement Arbitration proceeding and Third Party Litigation, or order a joinder of the Project Agreement Arbitration and the Third Party Litigation. If such joinder is ordered, the Project Agreement Arbitration and the Third Party Litigation ordered to be joined by the court shall be determined by that court or by another court in Ontario such that the Project Agreement Arbitration and the Third Party Litigation shall be resolved in one forum. For purposes of the foregoing, joinder of the Project Agreement Arbitration and the Third Party Litigation shall be construed to include stays and conditional stays of issues in the Project Agreement Arbitration pending the commencement and completion of third party proceedings by one or both of the Parties in the Third Party Litigation.

10.3 In considering whether to order a stay, consolidation or joinder of a Project Agreement Arbitration with a Third Party Arbitration or Third Party Litigation, the court will be entitled to give substantial weight to the desire by the Parties that all Disputes which are related to Third Party Arbitration or Third Party Litigation be resolved in a single forum to avoid multiplicity of proceedings and the potential for contradictory findings of fact, liability and quantum, and to ensure the arbitrator or court has the advantage of obtaining full evidence and disclosure from the Parties and from the other Parties, as applicable and as required to resolve the Dispute and to make findings of fact, liability and quantum of damages and awards or judgments binding on the Parties based on all available evidence.

10.4 Sections 10.1 and 10.2 of this Schedule 27 only apply:

- (a) if the Dispute between the Parties includes a claim by one Party against the other for contribution or indemnity for that Party’s liability or potential liability to the third party where such liability results or will result from an award in the Third Party Arbitration or a judgment in the Third Party Litigation; and
- (b) to those specific issues that are common issues in the Project Agreement Arbitration, the Third Party Arbitration and the Third Party Litigation, such that all other issues in the Dispute shall continue to be resolved by Project Agreement Arbitration and shall not be consolidated with the Third Party Arbitration or Third Party Litigation.

11. Miscellaneous

- 11.1 Project Co and Contracting Authority shall diligently carry out their respective obligations under the Project Agreement during the pendency of any Disputes, including adjudication proceedings, arbitration proceedings or litigation proceedings. If during the pendency of any Dispute it is considered necessary by either Party to proceed in respect of the matter that is in Dispute, then without prejudice to Project Co's rights in respect of the Dispute (including in respect of Delay Events, Compensation Events and Variations), Project Co shall proceed in accordance with the direction of Contracting Authority, and in the event the matter in dispute is determined in favour of Project Co, then, to the extent that such Dispute affects the New Metrolinx Infrastructure or the New Third Party Infrastructure, proceeding in accordance with Contracting Authority's position: (i) prior to Substantial Completion, shall, subject to and in accordance with Section 32 of the Project Agreement, be treated as a Delay Event; and subject to and in accordance with Section 33 of the Project Agreement, be treated as a Compensation Event; and (ii) following Substantial Completion shall, subject to and in accordance with Schedule 22 – Variation Procedure, result in a Variation. For greater certainty, in respect of any Dispute relating to the Works referred to in Section 4.2 of this Schedule 27, the Independent Certifier shall be the decision maker of first instance and the Parties shall comply with the initial decision of the Independent Certifier unless and until it is overturned in a subsequent arbitration or litigation proceeding.
- 11.2 Nothing contained in this Schedule 27 will prevent the Parties from seeking interim protection from the courts of the Province of Ontario, including seeking an interlocutory injunction, if necessary to prevent irreparable harm to a Party.
- 11.3 The Parties shall indemnify each other in respect of any damages suffered or incurred on amounts agreed to be paid pursuant to resolution of a Dispute by the Party Representatives or by the executives of the Parties pursuant to Sections 2 and 3 of this Schedule 27, and on the amount of any award or judgment as follows:
- (a) for amounts payable by Project Co to Contracting Authority, Project Co shall indemnify Contracting Authority as provided for at Section 46.1(e) of the Project Agreement from and against any damages suffered or incurred resulting from any overpayment to Project Co or, as applicable, any underpayment or non-payment by Project Co from the date of any overpayment to Project Co or, as applicable, from the date on which payment was due under the Project Agreement to Contracting Authority until the date of payment; or
 - (b) for amounts payable by Contracting Authority to Project Co, Contracting Authority shall indemnify Project Co as provided for at Section 46.2(d) of the Project Agreement from and against any damages suffered or incurred resulting from any overpayment to Contracting Authority or, as applicable, any underpayment or non-payment by Contracting Authority from the date of any overpayment to Contracting Authority or, as applicable, from the date on which payment was due under the Project Agreement to Project Co until the date of payment.
- 11.4 Project Co shall ensure that any and all documents and other information in the possession or control of any Project Co Party that are available to Project Co and that may be necessary for the resolution of a Dispute on an informed basis by the Party Representatives or by the executives of

the Parties pursuant to Sections 2 and 3 of this Schedule 27, or by an expert, an adjudicator, an arbitrator or a court of competent jurisdiction, are made available in a timely manner to Contracting Authority and the Contracting Authority Representative.

- 11.5 Contracting Authority shall ensure that any and all documents and other information in the possession or control of any Contracting Authority Party that are available to Contracting Authority and that may be necessary for the resolution of a Dispute on an informed basis by the Party Representatives or by the executives of the Parties pursuant to Sections 2 and 3 of this Schedule 27, or by an adjudicator, an arbitrator or court of competent jurisdiction, are made available in a timely manner to Project Co and the Project Co Representative.
- 11.6 The Parties can, by written agreement, on a Dispute by Dispute basis:
- (a) extend any or all timelines set out in this Schedule 27;
 - (b) agree to waive or by-pass any one or more of the Dispute resolution processes in Sections 2, 3, 4 and 5 of this Schedule 27 and, instead, proceed directly to resolution of the Dispute by arbitration or litigation pursuant to Sections 6, 7 and 8 of this Schedule 27; and
 - (c) agree to (i) resolve a Dispute by litigation rather than adjudication or arbitration notwithstanding the requirements of Section 5 and Section 7 of this Schedule 27, or (ii) agree to resolve a Dispute by arbitration rather than adjudication or litigation notwithstanding the requirements of Section 5 and Section 8 of this Schedule 27, or (iii) agree to resolve a Dispute by adjudication rather than arbitration or litigation notwithstanding the requirements of Section 7 and Section 8 of this Schedule 27.
- 11.7 Project Co shall provide Contracting Authority with all reasonable cooperation, access, and assistance for the purposes of considering and resisting any claim made by a third party in connection with the Project, including ensuring that any and all documents and other information in the possession or control of Project Co or any Project Co Party that is available to Project Co or a Project Co Party and that may be necessary for the consideration or resisting of the third party claim on an informed basis by Contracting Authority, are made available in a timely manner to Contracting Authority.

 - (iii) the exercise of any right, or the grant of any waiver or consent, under any Lending Agreement;
 - (iv) the disposition of any rights or interests in, or the creation of any rights of participation in respect of, the Lending Agreements or the creation or granting of any other form of benefit or interest in either the Lending Agreements or the contracts, revenues or assets of Project Co whether by way of security or otherwise; or
 - (v) any other arrangement put in place by Project Co or another person which has an effect which is similar to any of the foregoing provisions of this definition above or which has the effect of limiting Project Co’s ability to carry out any of the foregoing provisions of this definition.
- (f) **“Refinancing Financial Model”** means a comprehensive and detailed financial model satisfactory to Contracting Authority, acting reasonably, prepared for the purpose of Section 2 of this Schedule 28, which financial model shall be similar in form and content to the Financial Model, suitable for the purposes for which it will be used in this Schedule 28, and shall take into account:
- (i) cash flows for the entire remaining Project Term;
 - (ii) any changes in structure and funding since the date of the Project Agreement;
 - (iii) the performance of the Works to the date of the Refinancing;
 - (iv) macroeconomic assumptions; and
 - (v) all other relevant factors.
- (g) **“Refinancing Gain”** means an amount equal to the greater of zero and $(A - B)$, where:

A = the sum of the Senior Debt Amount and Junior Debt Amount as projected to be outstanding at Substantial Completion immediately prior to the Refinancing (using the Refinancing Financial Model but without taking into account the effect of the Refinancing).

B = the sum of the Senior Debt Amount and Junior Debt Amount as projected to be outstanding at Substantial Completion immediately prior to the Refinancing (using the Refinancing Financial Model and taking into account the effect of the Refinancing).

- (h) “**Rescue Refinancing**” means any Refinancing which takes place due to the failure or prospective failure of Project Co to comply with any material financial obligation under the Lending Agreements, or any of them, which does not increase any liability of Contracting Authority, whether actual or potential.

2. REFINANCING

2.1 Project Co shall not carry out:

- (a) any Qualifying Refinancing unless Project Co has obtained the prior written consent of Contracting Authority, subject to Section 2.2; or
- (b) any Exempt Refinancing or any other Refinancing which does not result in a Refinancing Gain unless Project Co has delivered Notice of such Refinancing to Contracting Authority at least ten Business Days before such Refinancing, except that such Notice shall not be required for a disposition by a Lender of its rights or participation in the Lending Agreements where such disposition is a trade of bonds issued as provided under a book-based system of a depository and pursuant to a trust indenture that comprises a portion of the Financing.

2.2 Contracting Authority may withhold its consent to any Qualifying Refinancing, in its sole discretion:

- (a) where any person with whom Project Co proposes to carry out a Qualifying Refinancing is a Restricted Person;
- (b) if, at the time the Qualifying Refinancing is contemplated and effected, the Qualifying Refinancing will materially adversely affect the ability of Project Co to perform its obligations under the Project Documents or the Project Agreement; or
- (c) if, at the time the Qualifying Refinancing is contemplated and effected, the Qualifying Refinancing will have the effect of increasing any liability of Contracting Authority, whether actual or contingent, present or future, known or unknown.

2.3 Contracting Authority shall be entitled to receive:

- (a) a [REDACTED]% share of any Refinancing Gain arising from a Qualifying Refinancing, in respect of any Refinancing Gain up to (when considered in aggregate with all previous Qualifying Refinancings) a Refinancing Gain of \$[REDACTED];
 - (b) a [REDACTED]% share of any further Refinancing Gain arising from a Qualifying Refinancing, in respect of any Refinancing Gain in excess of \$[REDACTED] and up to (when considered in aggregate with all previous Qualifying Refinancings) a Refinancing Gain of \$[REDACTED]; and
 - (c) a [REDACTED]% share of any further Refinancing Gain arising from a Qualifying Refinancing.
- 2.4 Project Co shall promptly provide Contracting Authority with full details of any proposed Qualifying Refinancing, including a copy of the proposed Refinancing Financial Model and the basis for the assumptions used in the proposed Refinancing Financial Model. Contracting Authority shall (before, during and at any time after any Refinancing) have unrestricted rights of audit over the Refinancing Financial Model and any documentation (including any aspect of the calculation of the Refinancing Gain) used in connection with such Refinancing (whether or not such Refinancing is determined to be a Qualifying Refinancing). Project Co shall promptly, and, in any event, within five Business Days after receiving a written request from Contracting Authority, provide any information in relation to a proposed Refinancing as Contracting Authority may reasonably require. Project Co shall keep Contracting Authority informed as to any changes to the terms of the Refinancing. Both Contracting Authority and Project Co shall at all times act in good faith with respect to any Refinancing.
- 2.5 Contracting Authority's share of the Refinancing Gain shall be received as a reduction in the amount of the Substantial Completion Payment.
- 2.6 Contracting Authority and Project Co will negotiate in good faith to agree upon the basis and method of calculation of the Refinancing Gain. If the parties fail to agree upon the basis and method of calculation of the Refinancing Gain or the payment of Contracting Authority's share, the Dispute shall be determined in accordance with Schedule 27 - Dispute Resolution Procedure. Both Contracting Authority and Project Co shall work collaboratively to establish the rate setting process required to complete the Refinancing.
- 2.7 The Refinancing Gain shall be calculated after taking into account the reasonable out-of-pocket costs that each Party directly incurs in relation to the Qualifying Refinancing and on the basis that, within 15 Business Days following any Qualifying Refinancing, Project Co will reimburse Contracting Authority for all such reasonable out-of-pocket costs incurred by Contracting Authority.

2.1 Guarantee

- (a) Construction Guarantor does hereby absolutely, unconditionally and irrevocably guarantee to Contracting Authority, as a direct obligation, the full and prompt performance and observance by Project Co of each and every covenant, agreement, undertaking and obligation of Project Co contained in the Project Agreement with respect to the Design and Construction Work (collectively, the “**Guaranteed Obligations**”), and for greater certainty the Guaranteed Obligations do not include any covenants, agreements, undertakings and obligations of Project Co under the Project Agreement which are not expressly defined in this Section 2.1(a).
- (b) Notwithstanding any other provision of this Guarantee:
- (i) Construction Guarantor’s undertakings and obligations are derivative of and not in excess of Project Co’s obligations under the Project Agreement and Construction Guarantor retains all rights, claims, defences and limitations of liability possessed by Project Co under the terms of the Project Agreement or arising from the Parties’ performance or failure to perform thereunder and shall be entitled to assert any contractual defences that would have been available to Project Co, including, for greater certainty, that the alleged non-performance or non-observance by Project Co of the Guaranteed Obligations arises out of or is a result of a Contracting Authority Event of Default as set out in section 37.1(a) of the Project Agreement; and
- (ii) in no event shall the aggregate liability of the Construction Guarantor under this Guarantee and the DB Guarantor under the DB Guarantee exceed the maximum liability of the DB Guarantor under the DB Guarantee, but this limit of liability shall not extend to interest and enforcement costs payable under this Guarantee.

2.2 General Provisions Relating to the Guarantee

- (a) Each and every default in performance or observance of any of the Guaranteed Obligations by Project Co shall give rise to a separate claim and cause of action hereunder, and separate claims or suits may be made and brought, as the case may be, hereunder as each such default occurs.
- (b) The Guarantee herein provided for shall be a continuing, absolute and unconditional guarantee of performance and observance of the Guaranteed Obligations and shall remain in full force and effect until each and all of the Guaranteed Obligations shall have been fully and satisfactorily discharged in accordance with the terms and provisions of the Project Agreement and Construction Guarantor shall have fully and satisfactorily discharged all of its obligations under this Guarantee.
- (c) The liability of Construction Guarantor hereunder shall remain in full force and effect irrespective of and shall in no way be affected or impaired by (and no Notice to Construction Guarantor shall be required in respect of):

- (i) any compromise, waiver, renewal, extension, indulgence, amendment, addition, deletion, change in, modification of, or release of any security (including any other guarantee, letter of credit or bond) for or in respect of any of the Guaranteed Obligations;
 - (ii) any amalgamation, merger or consolidation of Project Co or Construction Guarantor or any sale, lease or transfer of any of the assets of Project Co or Construction Guarantor;
 - (iii) any Change in Ownership of Project Co or Construction Guarantor;
 - (iv) the termination or other expiry of the Project Agreement;
 - (v) any Delay Event (it being acknowledged, however, that the performance of the Guaranteed Obligations shall be extended accordingly);
 - (vi) any change in the financial condition of Project Co or Construction Guarantor;
 - (vii) any Project Co Event of Default described in Section 36.1(a)(i) of the Project Agreement, or any resulting release, stay or discharge of any Guaranteed Obligation;
 - (viii) any lack or limitation of power, incapacity or disability on the part of Project Co or any other irregularity, defect or informality on the part of Project Co with respect to the Guaranteed Obligations;
 - (ix) any provision of any laws, statutes, rules or regulations of general application in relation to suretyship or any other circumstance that might constitute, under law generally applicable to suretyship, a defence available to, or a discharge of, Construction Guarantor in respect of the Guaranteed Obligations or this Guarantee;
 - (x) the exercise of any rights under the Lending Agreements, including the right of Lenders to cure any Project Co Event of Default by or on behalf of Project Co hereunder and/or to assume the obligations of Project Co and complete the Design and Construction Work in the manner provided in the Project Agreement;
 - (xi) the assignment by Contracting Authority in accordance with the provisions of Section 49.2 of the Project Agreement; or
 - (xii) any other occurrence or circumstance whatsoever, whether similar or dissimilar to the foregoing that, under law generally applicable to suretyship, might otherwise constitute a legal or equitable defence or discharge of the liabilities of a guarantor or surety that might otherwise limit recourse against Construction Guarantor.
- (d) The obligations and liabilities of Construction Guarantor hereunder shall not be impaired, diminished, abated or otherwise affected by the commencement by or against Project Co or Construction Guarantor of any proceedings under any bankruptcy or insolvency law or laws relating to the relief of debtors, readjustment of indebtedness, reorganizations, arrangements, compositions or extension or other similar laws.

- (e) Contracting Authority shall not be bound to exhaust their recourse against Project Co or others or any securities (including the Security described in Schedule 25 – Insurance and Performance Security Requirements of the Project Agreement) or other guarantees it may at any time hold before being entitled to performance of the Guaranteed Obligations by the Construction Guarantor and Construction Guarantor renounces all benefits of discussion and division.
- (f) It is the intent and purpose hereof that Construction Guarantor shall not be entitled to and does hereby waive any and all defences which are, under law generally applicable to suretyship, available to a guarantor, sureties and other secondary parties at law or in equity. Without limiting the generality of the foregoing, Construction Guarantor hereby waives Notice of acceptance of this Guarantee and of the non-performance by Project Co, diligence, presentment, protest, dishonour, demand for performance from Contracting Authority and Notice of non-performance or failure to perform on the part of Project Co and all other Notices whatsoever. The Guarantee hereunder is a guarantee of performance and compliance. In order to hold Construction Guarantor liable hereunder, there shall be no obligation on the part of Contracting Authority at any time to demand or resort for performance to Project Co, its properties or assets or to any security, property or other rights or remedies whatsoever, nor shall there be any requirement that Project Co be joined as a party to any proceeding for the enforcement of any provision of this Guarantee and Contracting Authority shall have the right to enforce the provisions of this Guarantee irrespective of whether or not legal proceedings or other enforcement efforts against Project Co are pending, seeking resort to or realization upon or from any of the foregoing. Without limiting the foregoing, it is understood that repeated and successive demands may be made and recoveries may be had hereunder as and when from time to time, Project Co shall default under or with respect to any of the Guaranteed Obligations, and that, notwithstanding recovery hereunder for or in respect of any such default, the Guarantee herein shall remain in full force and effect unamended and shall apply to each and every subsequent default.
- (g) Without prejudice to and without releasing, discharging, limiting or otherwise affecting in whole or in part the obligations and liabilities of Construction Guarantor under this Guarantee and without in any way requiring the consent of or giving Notice to Construction Guarantor, Contracting Authority may grant time, renewals, extensions, indulgences, releases and discharges to and accept compositions from or otherwise deal with Project Co and/or Construction Guarantor or others, including any other guarantor, as Contracting Authority may see fit and Contracting Authority may take, abstain from taking or perfecting, vary, exchange, renew, discharge, give up, realize on or otherwise deal with security and guarantees in such manner as Contracting Authority may see fit.
- (h) Neither an action or proceeding brought under this Guarantee regarding the Guaranteed Obligations nor any judgment or recovery in consequence of that action or proceeding operates as a bar or defence action or defence to any further action that may be brought under this Guarantee. Construction Guarantor acknowledges that, if judgment is granted on an action or proceeding commenced under this Guarantee, the obligations of Construction Guarantor to Contracting Authority do not merge with or end Construction Guarantor's obligations hereunder.
- (i) The liability of Construction Guarantor under this Guarantee shall arise forthwith after demand has been made in writing on Construction Guarantor.

- (j) Construction Guarantor agrees to pay to Contracting Authority any and all reasonable and direct out-of-pocket costs and expenses, including reasonable legal fees (on a substantial indemnity basis) incurred by it in connection with enforcing any of its rights hereunder.

- (v) the authorization, execution, delivery and performance by Construction Guarantor of this Guarantee and the Ancillary Documents to which it is a party do not violate or conflict with, or constitute a default under:

- (viii) Construction Guarantor is able to meet its obligations as they generally become due.

5.3 Entire Agreement

Except where provided otherwise in this Guarantee, this Guarantee, together with the Project Agreement and the Ancillary Documents, constitute the entire agreement between the parties in connection with its subject matter and supersedes all prior representations, communications, negotiations and understandings, whether oral, written, express or implied, concerning the subject matter of this Guarantee, including the Request for Proposals.

Each provision of this Guarantee shall be valid and enforceable to the fullest extent permitted by law. If any provision of this Guarantee is declared invalid, unenforceable or illegal by the courts of a competent jurisdiction, such provision may be severed and such invalidity, unenforceability or illegality shall not prejudice or affect the validity, enforceability and legality of the remaining provisions of this Guarantee. If any such provision of this Guarantee is invalid, unenforceable or illegal, the parties shall, acting in good faith, promptly negotiate new provisions to eliminate such invalidity, unenforceability or illegality and to restore this Guarantee as near as possible to its original intent and effect.

5.5 Enurement

The Crown shall advise the Construction Guarantor in writing of any designation hereunder. The rights and obligations of the parties to this Guarantee shall be in no way affected by reason of any such designation. The Construction Guarantor acknowledges the right of the Crown to delegate administrative responsibilities hereunder as set forth in this Section 5.7.

Contracting Authority shall provide, no later than five Business Days following receipt by Contracting Authority of a request by the Lenders’ Agent, either: (i) the written authorization referred to in this Section 5(a); or (ii) written justification detailing Contracting Authority’s rationale for refusing to provide such authorization.

 - (i) in the case of third party legal liability or employer's liability insurance, to the relevant claimant in satisfaction of the claim, demand, proceeding or liability in respect of which such Insurance Proceeds are payable;
 - (ii) in the case of any property builders' risk "All Risk" insurance, boiler and machinery insurance or property insurance policies that Project Co is required to maintain under the Project Agreement:
 - (A) if the Account Trustee has not received a Default Notice and:
 - (1) if the amount of such Insurance Proceeds, together with the aggregate of all Insurance Proceeds in respect of the assets in respect of which such Insurance Proceeds have been paid in the same calendar month, is less than \$[REDACTED], to Project Co to repair, restore or replace the assets in respect of which such Insurance Proceeds have been paid; or
 - (2) if the amount of such Insurance Proceeds, together with the aggregate of all Insurance Proceeds in respect of the assets in respect of which such Insurance Proceeds have been paid in the same calendar month, is equal to or greater than \$[REDACTED], to the Lenders' Agent to reimburse Project Co for the costs of repairing, restoring or replacing the assets in respect of which such Insurance Proceeds have been paid; or
 - (B) if the Account Trustee has received a Default Notice, to the Insurance Trust Account to be distributed by the Account Trustee in such amounts and to such persons as the Lenders' Agent may at any time or from time to time direct in writing, provided that, if the Account Trustee has

received a Change of Authorization Notice, the Account Trustee shall release such Insurance Proceeds from the Insurance Trust Account in such amounts and to such parties as Contracting Authority may at any time or from time to time direct in writing, in each case, to repair, restore or replace the assets in respect of which such Insurance Proceeds have been paid; and

- (iii) in the case of any other Insurance Policies, to the Lenders' Agent, or, following receipt by the Account Trustee of a Change of Authorization Notice, to Contracting Authority, to be distributed to the parties entitled thereto.
- (b) The Account Trustee shall distribute any excess Insurance Proceeds remaining after the distributions contemplated in Section 6(a) have been made, including any Insurance Proceeds held in the Insurance Trust Account:
 - (i) if the Account Trustee has not received a Default Notice, to Project Co; and
 - (ii) if the Account Trustee has received a Default Notice, to such persons as the Lenders' Agent, or, following receipt by the Account Trustee of a Change of Authorization Notice, Contracting Authority, may at any time or from time to time direct in writing.
- (c) Each of Project Co, the Lenders' Agent and Contracting Authority shall forthwith deliver, or cause to be delivered, to the Account Trustee, any and all Insurance Proceeds it received from time to time and is not otherwise entitled to in accordance with the terms of this Insurance Trust Agreement.
- (d) The Account Trustee shall deposit to the Insurance Trust Account all amounts that are paid over to it pursuant to the Insurance Policies or otherwise by Project Co, Contracting Authority or the Lenders' Agent and shall not transfer, release or distribute any such proceeds other than in accordance with this Insurance Trust Agreement.

7. ACCOUNT AGREEMENT

- (a) The Account Trustee hereby agrees to promptly provide to the Lenders' Agent all monthly statements and other information with respect to the Insurance Trust Account provided to the Account Trustee by the Bank pursuant to the relevant account agreement. The Account Trustee further agrees that it shall make such requests to the Bank for additional information with respect to the Insurance Trust Account as Contracting Authority may from time to time request in writing.

8. THE ACCOUNT TRUSTEE

- (a) The Account Trustee shall not have any duty or obligation to manage, control, use, make any payment in respect of, register, record, insure, inspect, sell, dispose of or otherwise deal with any part of the Trust Property except as expressly provided by the terms of this Insurance Trust Agreement. The Account Trustee shall carry out all written directions given by the Lenders' Agent, Contracting Authority or Project Co, as applicable, in accordance with this Insurance Trust Agreement and shall not be required to exercise any discretion in exercising any of its duties under this Insurance Trust Agreement in pursuance of such written directions. The Account Trustee shall not be bound to do or take any act, action or proceeding by virtue of the powers conferred on it hereby unless and until it shall have been required to do so under the terms hereof and has received instruction, advice or direction from the Lenders' Agent, Contracting Authority or Project Co, as applicable, as to the action to be taken (except with respect to actions specifically set out herein to be performed by the Account Trustee).
- (b) The Account Trustee will exercise its powers and carry out its obligations hereunder as account trustee honestly, in good faith and in the best interests of the beneficiaries hereunder and in connection therewith will exercise that degree of care, diligence, and skill that a reasonably prudent professional trustee would exercise in comparable circumstances. Unless otherwise required by law, the Account Trustee will not be required to give bond surety or security in any jurisdiction for the performance of any duties or obligations hereunder. No provision of this Insurance Trust Agreement shall be construed to relieve the Account Trustee from liability for its own dishonesty, fraud, negligence (including negligence in the handling of funds), willful misconduct, bad faith or reckless disregard of any duty hereunder.
- (c) The Account Trustee will not be subject to any liability whatsoever, in tort, contract or otherwise in connection with the Trust Property or the carrying out of its duties under this Insurance Trust Agreement to the Lenders' Agent, the Lenders, Contracting Authority, Project Co or any other person for any action taken or permitted by it to be taken, or for its failure to take any action, or for not performing any act or fulfilling any duty, obligation or responsibility hereunder by reason of any occurrence beyond the control of the Account Trustee (including, but not limited to, any act or provision of any present or future law or of any Governmental Authority, any act of God or war, or the unavailability of any wire or communication facility), provided that the foregoing limitation will not apply in respect of any action or failure to act arising from or in connection with wilful misconduct, negligence or reckless disregard of duty by the Account Trustee. The Account Trustee in doing anything or permitting anything to be done in respect of the Trust Property or the carrying out of its duties under this Insurance Trust Agreement is, and will be conclusively deemed to be, acting as trustee for the beneficiaries hereunder and not in any other capacity. Except to the extent provided in this Section 8(c), the Account Trustee will not be subject to any liability for debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Trust Property, arising out of anything done or permitted by it to be done or its failure to take any action in respect of the execution of its duties hereunder and resort will be had solely to the Trust Property for the payment or performance thereof, and no other

property or assets of the Account Trustee, whether owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedure with regard to any obligation under this Insurance Trust Agreement.

- (d) The Account Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers hereunder, or in acting at the request or direction of the Lenders' Agent on behalf of the Lenders or of Contracting Authority or of Project Co, unless it shall have received adequate indemnity or security against such risk or liability satisfactory to it.
- (e) Notwithstanding the foregoing, the Account Trustee shall be liable for any action or failure to act arising from or in connection with the dishonesty, fraud, negligence (including negligence in the handling of funds), wilful misconduct, bad faith or reckless disregard of any duty hereunder by the Account Trustee or any of its directors, officers or employees, or the failure to comply with the standard of care referred to in Section 8(b).
- (f) Except as otherwise provided in Sections 8(c), 8(d) and 8(e):
 - (i) the Account Trustee may rely and shall be protected in acting or refraining from acting upon any signature, resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order or other paper or document reasonably believed by it in good faith to be genuine and to have been signed or presented by the proper party or parties; and
 - (ii) the Account Trustee may exercise its powers and perform its duties by or through such attorneys, representatives, agents and employees as it shall appoint; and may consult with counsel, accountants and other skilled persons selected and employed or retained by it, and the Account Trustee shall not be liable for anything done, suffered or omitted in good faith by it in accordance with the written advice of such counsel, accountants or other skilled persons (provided that such advice pertains to such matters as the Account Trustee may reasonably presume to be within the scope of such person's area of competency) and not contrary to any express provision in this Insurance Trust Agreement.
- (g) Project Co hereby agrees to pay, indemnify and hold harmless the Account Trustee from and against any and all loss, liability, cost, claim and expense incurred by the Account Trustee with respect to the performance of this Insurance Trust Agreement by the Account Trustee or any of the Account Trustee's directors, officers or employees, unless arising from its or their own dishonesty, fraud, negligence (including negligence in the handling of funds), wilful misconduct, bad faith or reckless disregard of any duty hereunder.
- (h) Subject to the terms and conditions set forth in the Account Trustee fee letter, the Account Trustee shall receive from the Trust Property reasonable compensation for its services hereunder and shall be reimbursed by Project Co for its reasonable fees and expenses (including the disbursements and reasonable fees of counsel).

- (i) The Account Trustee agrees to look solely to Project Co, and not, except as expressly set forth herein, to the Lenders' Agent, the Lenders or Contracting Authority for any claim for indemnification which may arise under this Insurance Trust Agreement.
- (j) The Account Trustee shall be responsible for keeping all appropriate books and records relating to the receipt and disbursement of all money which it receives hereunder.
- (k) If at any time the Account Trustee is served with any judicial or administrative order, judgment, decree, writ or other form of judicial or administrative process which in any way affects the Trust Property held by it hereunder (including, but not limited to, orders of attachment or garnishment or other forms of levies or injunctions or stays relating to the transfer of Trust Property) (each, an "**Order**"), the Account Trustee is authorized to comply therewith in any manner as it or legal counsel of its own choosing deems appropriate. The Account Trustee shall in no way be bound to call for further evidence (whether as to due execution validity or effectiveness, or the jurisdiction of any court, or as to the truth of any fact), and shall not be responsible for any loss that may be occasioned by its failing to do so. If the Account Trustee complies with any Order, the Account Trustee shall not be liable to any of the parties hereto or to any other person or entity even though such Order may be subsequently modified or vacated or otherwise determined to have been without legal force or effect. If the Account Trustee is served with any Order, it shall forthwith and, in any event, within three Business Days, deliver a copy of such Order to each of the Lenders' Agent, Contracting Authority and Project Co.
- (l) Unless otherwise specifically set forth herein, the Account Trustee shall proceed as soon as practicable to collect any cheques or other collection items at any time deposited hereunder. All such collections shall be subject to the Account Trustee's usual collection practices or terms regarding items received by the Account Trustee for deposit or collection. Except and to the extent provided herein, the Account Trustee shall not be required, or have any duty, to notify any person of any payment or maturity under the terms of any instrument deposited hereunder, nor to take any legal action to enforce payment of any cheque, note or security deposited hereunder, or to exercise any right or privilege which may be afforded to the holder of any such security.
- (m) In the event that the Account Trustee determines that any direction, instruction, notice or other communication given under this Insurance Trust Agreement by the Lenders' Agent or, where the Account Trustee has received a Change of Authorization Notice, Contracting Authority, is ambiguous or uncertain, the Account Trustee may, in its sole discretion, refrain from taking any action other than retaining possession of the Trust Property, unless the Account Trustee has received written instructions, signed by the Lenders' Agent or, if the Account Trustee has received a Change of Authorization Notice, Contracting Authority, which resolve such ambiguity or uncertainty, provided that the Account Trustee shall, forthwith upon determining that such direction, instruction, notice or other communication is ambiguous or uncertain, seek clarification from the Lenders' Agent, or where the Account Trustee has received a Change of Authorization Notice, Contracting Authority, to resolve such ambiguity or uncertainty.

- (n) Prior to receipt of a Change of Authorization Notice by the Account Trustee, any instruction, notice or other communication delivered to the Account Trustee by the Lenders' Agent shall be paramount to and supersede any direction, instruction, notice or other communication from any other party to this Insurance Trust Agreement, and the Account Trustee shall comply with such direction, instruction, notice or other communication from the Lenders' Agent. After the Account Trustee has received a Change of Authorization Notice, any instruction, notice or other communication delivered to the Account Trustee by Contracting Authority shall be paramount to and supersede any direction, instruction, notice or other communication from any other party to this Insurance Trust Agreement, and the Account Trustee shall comply with such direction, instruction, notice or other communication from Contracting Authority.
- (o) Each of the Lenders' Agent and Contracting Authority shall provide to the Account Trustee an incumbency certificate setting out the names and sample signatures of individuals authorized to give instructions to the Account Trustee hereunder. The Account Trustee shall be entitled to rely on each such incumbency certificate until a revised or replacement incumbency certificate is provided to the Account Trustee by the Lenders' Agent or Contracting Authority, as applicable. The Account Trustee shall refuse to act upon any instruction given by the Lenders' Agent or Contracting Authority which is signed by any person other than an individual named in the incumbency certificate provided to the Account Trustee by the Lenders' Agent or Contracting Authority, as applicable, pursuant to this Section 8(o), as any such incumbency certificate may be amended, supplemented or replaced from time to time.
- (p) The Account Trustee shall be entitled to rely on, and act upon, any direction, instruction, notice or other communication provided to it hereunder which is sent to it by facsimile transmission or other form of electronic submission, provided that any such direction, instruction, notice or other communication is signed by an individual named in the incumbency certificate delivered to the Account Trustee by the Lenders' Agent or Contracting Authority, as applicable, pursuant to Section 8(o).
- (q) The Account Trustee shall retain the right not to act and shall not be liable for refusing to act if, due to a lack of information or for any other reason whatsoever, the Account Trustee, in its sole judgment, determines that such act might cause it to be in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline. Further, should the Account Trustee, in its sole judgment, determine at any time that its acting under this Insurance Trust Agreement has resulted in its being in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline, then it shall have the right to resign on 10 days' written notice to Project Co and Contracting Authority, or any shorter period of time as agreed to by Project Co and Contracting Authority, notwithstanding the provisions of Section 8(a) of this Insurance Trust Agreement, provided that (i) the Account Trustee's written notice shall describe the circumstances of such non-compliance; and (ii) if such circumstances are rectified to the Account Trustee's satisfaction within such 10 day period, then such resignation shall not be effective.

 - (ii) the obligations of Project Co to Contracting Authority have been paid and performed in full.

- (b) The Account Trustee may terminate this Insurance Trust Agreement at any time upon 60 days prior written notice to the other parties hereto, provided that no termination of this Insurance Trust Agreement by the Account Trustee shall be effective until such time as the Lenders' Agent, Contracting Authority, and Project Co have entered into a replacement Insurance Trust Agreement on the same terms and conditions as this Insurance Trust Agreement with a replacement account trustee satisfactory to the Lenders' Agent, the Lenders and Contracting Authority.

- (e) Project Co acknowledges and agrees that any update to the Rail Corridor Access Plan submitted pursuant to this Section 3.3 does not revise or alter any Application for Access submitted to Metrolinx prior to the submission of any update to the Rail Corridor Access Plan, nor will it impact the dates or deadlines for review of any such applications by Metrolinx.

3.4 Planning and Status Meetings

- (a) Project Co shall attend Rail Corridor Access meetings with Metrolinx once a month (each a "**Monthly Access Meeting**") commencing, with the exception of Non-Disruptive Access, no later than 60 Business Days prior to the first planned Rail Corridor Access by Project Co. The Monthly Access Meetings shall be for the purpose of reviewing outstanding Rail Corridor Access requirements for the next four week period.

8.2 Delay of a Requested Rail Corridor Access

- (a) Metrolinx may, in its sole discretion, at any time after the submission by Project Co of a Booking Request, but in any event prior to the issuance by Metrolinx of a Rail Corridor Access Permit, delay the date or time for any requested Rail Corridor Access. In the event of such a delay, subject in all cases to Section 4.3(d), the following rules shall apply:
 - (i) for a Non-Disruptive Access, Minor Track Access (Regular White Space) or Minor Track Access (Extended White Space (Special Routings)),
 - (A) if Metrolinx has given Project Co at least 20 Business Days' prior Notice of the delay and the delay is for less than or equal to seven days, Project Co shall not be eligible for a Delay Event, a Compensation Event or any other compensation of any kind whatsoever arising from the delay; and

- (B) if Metrolinx fails to give the Notice required by Section 8.2(a)(ii)(A) or if the delay is for more than seven days the delay shall, subject to and in accordance with Section 32 of the Project Agreement, be treated as a Delay Event and, subject to and in accordance with Section 33 of the Project Agreement, be treated as a Compensation Event;
- (ii) for a Platform Access or a Minor Track Access (other than a Minor Track Access (Regular White Space) and a Minor Track Access (Extended White Space (Special Routings))),
 - (A) if Metrolinx has given Project Co at least 80 Business Days' prior Notice of the delay and the delay is for less than or equal to seven days, Project Co shall not be eligible for a Delay Event, a Compensation Event or any other compensation of any kind whatsoever arising from the delay; and
 - (B) if Metrolinx fails to give the Notice required by Section 8.2(a)(ii)(A) or if the delay is for more than seven days the delay shall, subject to and in accordance with Section 32 of the Project Agreement, be treated as a Delay Event and, subject to and in accordance with Section 33 of the Project Agreement, be treated as a Compensation Event;
- (iii) for Major Track Accesses,
 - (A) if Metrolinx has given Project Co at least 155 Business Days prior Notice of the delay and the delay is for less than or equal to seven days, Project Co shall not be eligible for a Delay Event, a Compensation Event or any other compensation of any kind whatsoever arising from the delay; and
 - (B) if Metrolinx fails to give the Notice required by Section 8.2(a)(iii)(A) or if the delay is for more than seven days, such delay shall, subject to and in accordance with Section 32 of the Project Agreement, be treated as a Delay Event and, subject to and in accordance with Section 33 of the Project Agreement, be treated as a Compensation Event; and
- (iv) for all Categories of Access and Subcategories of Access, if Metrolinx delays a requested Rail Corridor Access in a Booking Request pursuant to Section 8.2(a)(i)(A), 8.2(a)(ii)(A) or 8.2(a)(iii)(A), as applicable, Metrolinx shall identify, up to ten Business Days following the provision of any such Notice, as applicable, an alternate date and time for the Rail Corridor Access. If Metrolinx delays a requested Rail Corridor Access in a Booking Request pursuant to Section 8.2(a)(i)(A), 8.2(a)(ii)(A) or 8.2(a)(iii)(A), as applicable, without identifying an alternative date and time for the Rail Corridor Access in accordance with the time period set forth in this Section 8.2(a)(iv), it shall be considered to be a delay in excess of seven days pursuant to Sections 8.2(a)(ii)(B), 8.2(a)(ii)(B) or 8.2(a)(iii)(B), as applicable.

9. IMPLEMENTING TRACK PROTECTION AND FLAGGING REQUIREMENTS

9.1 Implementation of Track Protection and Flagging

- (a) Metrolinx may, in its sole discretion, determine the appropriate track protection applicable to each Permitted Rail Corridor Access, including Rule 841 and Rule 842 (“**Track Protection**”).
- (b) At all times during a Permitted Rail Corridor Access, Project Co shall comply with the requirements of the Track Protection prescribed by Metrolinx throughout the Rail Corridor Access Site.

In the event that Project Co fails to use flagging services in an economical and efficient manner, Metrolinx may, in its sole discretion, require Project Co to pay all flagging costs and expenses in excess of the flagging services that ought to have been used by Project Co if Project Co had used flagging services in an economic and efficient way. For informational purposes, Metrolinx anticipates that the base cost of flagging is \$[REDACTED] per hour.
- (e) Project Co shall not use flagging services on a standby basis.
- (f) No later than five Business Days after Financial Close, Project Co shall submit to Metrolinx a track protection forecast as set out in Appendix A to this Schedule 34 (the “**Track Protection Forecast**”).

10. RAIL CORRIDOR SAFETY

APPENDIX C TO SCHEDULE 34

IMPLEMENTATION OF TRACK PROTECTION AND FLAGGING

- (a) Contracting Authority shall determine, in its sole discretion, whether Project Co will be obliged to have track protection for a Rail Corridor Access, having regard to the Canadian Rail Operating Rules, Applicable CROR and the GO Transit General Engineering Instructions.
- (b) Contracting Authority shall arrange for Rail Corridor flagging on Project Co's behalf.
- (c) Project Co shall perform the Works in the Rail Corridor, and shall carry out all Rail Corridor Access, in accordance with the instructions of the Railway Flag Persons and in accordance with the Canadian Rail Operating Rules, Applicable CROR, the GO Transit General Engineering Instructions and the Access Agreement. For clarity, in scheduling the Works, Project Co shall allow time for the protecting foreman to set up and dismantle flags in accordance with the Canadian Rail Operating Rules and Applicable CROR.
- (d) Project Co shall ensure that all gates that provide direct access to the Rail Corridor are governed by the Railway Flag Person. Project Co shall ensure that the railway approved locks are Abloy (or a Metrolinx approved equivalent) switch locks. Project Co shall not use private locks on these gates. Project Co acknowledges that it is the responsibility of the Railway Flag Person to lock and close all gates that are not in immediate use. If during the performance of the Works, Project Co requires the use of these gates, Project Co shall assign a Signal Person at each gate to govern construction equipment, vehicles and personnel entering the Rail Corridor. Project Co shall ensure that the Signal Person is in direct communication with the Railway Flag Person via radio or face to face contact, and that hand signals are prohibited. Project Co acknowledges that it will be at the sole discretion of the Railway Flag Person to grant permission to the Signal Person as to whom may enter the Rail Corridor.
- (e) Project Co acknowledges that,
 - (i) prior to entering the Rail Corridor, a Railway Flag Person must be present and that Project Co's forces shall attend a job briefing outlining the protection areas where work may take place and any restrictions that will be in place;
 - (ii) Project Co must identify and be responsible to ensure that the GO Transit General Engineering Instructions rules and restrictions discussed at the job briefing are followed;
 - (iii) Adjacent Track Closed protection can only take place under the following requirements:
 - (A) a Work Plan has been submitted and approved in accordance Section 4.5 of this Schedule 34; and
 - (B) an approved Rail Corridor Access Permit has been granted in accordance with Section 4.7 of this Schedule 34;
 - (iv) an Adjacent Track Closed shall be applied when an adjacent track is used as protection; and

- (v) Metrolinx shall mark the area where the Adjacent Track Closed is authorized with an appropriate marker to indicate that the track adjacent is inactive.
- (f) Project Co shall obtain Rule 842s to perform the Works on or adjacent to the Rail Corridor and, subject to the parameters set out below, Project Co shall not perform Works under more than four Rule 842s at any one time. For clarity, Rule 842s will have the following parameters:
 - (i) Up to 8 sub-foremen. If Project Co requires more than 5 sub-foremen, Project Co shall submit a risk assessment for Metrolinx review and approval; and
 - (ii) Rule 842s shall be no longer than 5 miles in length unless otherwise approved by Metrolinx;
 - (iii) Separation between Rule 842's shall be in compliance with the Canadian Rail Operating Rules.
- (g) Where applicable, Project Co shall perform the Works under Rule 841 as prescribed by the Canadian Rail Operating Rules.
- (h) Project Co shall use the form provided by Metrolinx for all requests for flagging services and shall reference the applicable Rail Corridor Access Permit in the Work Event and Protection Request. Metrolinx will not arrange flagging services for Project Co unless a Rail Corridor Access Permit has been granted.
- (i) Project Co shall not carry out a Rail Corridor Access without a Railway Flag Person or a Signal Person present.
- (j) Project Co shall have a competent supervisor present in reasonable proximity to the Rail Corridor at all times during a Rail Corridor Access, to whom Metrolinx and the Railway Flag Person shall issue instructions regarding performance of the Works within the Rail Corridor. Project Co shall also have a competent supervisor present to ensure all persons performing the Works in the Rail Corridor have the applicable training certificates on their person in addition to escorting non-certified personnel who are not directly involved in the completion of the Works (such as for deliveries) on and off the Rail Corridor; provided that any such non-certified personnel cannot access the Rail Corridor unless such person's access has been approved by the Railway Flag Person.
- (k) Project Co shall supply each Railway Flag Person with a Kenwood TK3302 or approved equivalent portable two-way radio for communication with the competent supervisor(s) referred to in Section (j) of this Appendix C and shall ensure that all radios provided to the Railway Flag Persons communicate on the same frequency. The protocols regarding Track Protection radio communication with the Railway Flag Person shall be governed by the Railway Flag Person.
- (l) Project Co shall adhere to the Canadian Rail Operating Rules, the Applicable CROR and the Canadian Pacific Minimum Safety Requirements for Contractors Working on CP Property in Canada when working on or adjacent to the Rail Corridor. If Project Co fails to adhere to the Canadian Rail Operating Rules, the Applicable CROR or the Canadian Pacific Minimum Safety Requirements for Contractors Working on CP Property in Canada, or the instructions of a Railway Flag Person during a Rail Corridor Access, Contracting Authority may, in its sole discretion, require Project Co to vacate the Rail Corridor under terms and conditions to be

- determined by Contracting Authority. If Project Co is required to vacate the Rail Corridor in accordance with this Section (l), Project Co shall not be eligible for a Delay Event or Compensation Event arising from the requirement to vacate the Rail Corridor.
- (m) Project Co shall adhere to the Railway Flag Person's procedures pertaining to job briefings, supplemental job briefings (should changes arise on site), sign-in/out procedures, and other railway flagging related duties in compliance with Section (l) of this Appendix C.
 - (n) Project Co shall submit the Work Event and Protection Requests in accordance with the deadlines set out in Appendix B to this Schedule 34 with respect to the applicable Rail Corridor Access Permit being sought.
 - (o) Project Co shall comply with the radio communications protocol for crossing of the tracks as defined by Contracting Authority and its Railway Flag Person. Project Co shall ensure that there is no crossing of the tracks by vehicles or workers without first advising and obtaining permission from the Railway Flag Person using radio communication devices. Project Co acknowledges that hand signals are prohibited.
 - (p) The Rule 842 protecting foreman's responsibilities include being in direct communication with train movements, and CROR qualified flagging sub-foreman to ensure the safe Railway Operations and the safety of persons and machinery. In performance of their duties, the Rule 842 foreman requires direct access to their vehicle at all times to communicate with the train crews via a thirty watt radio. It will be in the sole discretion of the Rule 842 foreman, the flagging manager, or Metrolinx as to whether, based on the scope of work and the amount of train movement, the protecting foreman can also protect any local contracting forces working for Project Co (not applicable during Peak Hours). Otherwise, a flagging sub-foreman will be the person in direct communication with Project Co providing Track Protection. Project Co shall ensure that it does not unnecessarily distract the Rule 842 foreman from performing their duties.
 - (q) Metrolinx will provide Project Co with no more than the number of sub-foremen as prescribed in the Canadian Rail Operating Rules with respect to each Rail Corridor Access. For clarity, the number of sub-foremen that Metrolinx provides to Project Co with respect to each Rail Corridor Access shall be determined by Metrolinx on a case by case basis and set out in the Work Event and Protection Request, and in no event shall this Section (q) of this Appendix C be construed to mean that Metrolinx is guaranteeing the provision of any number of sub-foremen to Project Co for a Rail Corridor Access.

1.2 Aggregate Target Rail Corridor Access Cost

- (a) The aggregate target Rail Corridor Access Cost is \$[REDACTED] and represents Project Co’s genuine estimate, as a Proponent in the RFP Process that preceded this Project Agreement, of the aggregate of all Access Prices for all Rail Corridor Accesses required to carry out the Works (the **“Aggregate Target Rail Corridor Access Cost”**).

1.3 Aggregate Actual Rail Corridor Access Cost

- (a) Contracting Authority shall calculate the **“Aggregate Actual Rail Corridor Access Cost”** by adding the Aggregate Rail Corridor Access Cancellation Cost to the Aggregate Rail Corridor Access Cost.

1.4 Rail Corridor Access Costs

- (a) Contracting Authority shall apply the following rules to calculate a Rail Corridor Access Cost for each Rail Corridor Access included in a Booking Request or a Rail Corridor Access Permit:
 - (i) Subject to Section 1.4(a)(ii), Contracting Authority shall apply an amount equal to the Access Price for the applicable Access Request Notice Period. For clarity, this Section 1.4(a)(i) shall apply even if the actual duration of the Rail Corridor Access is shorter than the duration of time between the applicable Access Start Time and Access End Time.
 - (ii) Contracting Authority shall apply an adjusted Access Price that is,
 - (A) [REDACTED] percent of the Access Price for the **“[REDACTED]”** Rail Corridor Accesses” identified in the Multi-Year Calendar;
 - (B) [REDACTED] percent of the Access Price for the **“[REDACTED]”** Rail Corridor Accesses” identified in the Multi-Year Calendar; and
 - (C) [REDACTED] percent of the Access Price for the **“[REDACTED]”** Rail Corridor Accesses” identified in the Multi-Year Calendar.

- (iii) Subject to Section 1.4(b), if an Other Rail Corridor Contractor requests a rail corridor access intended to occur during a Rail Corridor Access requested by Project Co, then Contracting Authority shall apply a discount to calculate the Rail Corridor Access Cost for such Rail Corridor Access (the “**Rail Corridor Access Discount**”). In calculating the Rail Corridor Access Discount, Contracting Authority shall apply the following formula for each portion of the Project Co Rail Corridor Access that is shared with a different number of Other Rail Corridor Contractors:

$$\text{Rail Corridor Access Discount} = \sum \frac{n \cdot h}{(n + 1) \cdot d}$$

WHERE:

h = the number of hours during which Project Co’s Rail Corridor Access and each of the Other Rail Corridor Contractors’ rail corridor accesses occur concurrently;

n = the total number of Other Rail Corridor Contractors applicable to the Rail Corridor Access; and

d = the duration, in hours, of Project Co’s Rail Corridor Access; and

$$\text{Rail Corridor Access Cost} = A \cdot (1 - D)$$

WHERE:

A = the Access Price for the applicable Access Request Notice Period; and

D = the Rail Corridor Access Discount.

For clarity, this Section 1.4(a)(iii) shall apply notwithstanding the timing of submittal of the rail corridor access request by the Other Rail Corridor Contractor, and whether or not the other rail corridor access request actually occurs. For ease of reference, sample calculations that are intended to enhance the clarity of how this Section 1.4(a)(iii) is intended to operate have been attached as Attachment 3 to this Appendix E.

- (b) The Rail Corridor Access Discount set out in Section 1.4(a) shall not apply to Project Co’s Rail Corridor Accesses that are Non-Disruptive Accesses.
- (c) If Project Co causes a cancellation of a Rail Corridor Access that was included in a Booking Request or a Permitted Rail Corridor Access, then Contracting Authority shall not apply a Rail Corridor Access Cost for such Rail Corridor Access, except as set out in Section 1.5.
- (d) If Metrolinx cancels a Rail Corridor Access that was included in a Booking Request or a Permitted Rail Corridor Access, including if such cancellation is directly caused by one or more of the events set out Section 32.1(a), and provided that such cancellation or revision did not arise, directly or indirectly, as a result of any act or omission of Project Co or any Project Co Party, then, for the purposes of calculating the Aggregate Rail Corridor Access Cost, Contracting

Authority shall apply the Rail Corridor Access Cost for the originally requested Rail Corridor Access and there shall be no Rail Corridor Access Cost for the corresponding replacement Rail Corridor Access.

1.5 Rail Corridor Access Cancellation Costs

- (a) If Project Co causes a cancellation of a Rail Corridor Access that was included in a Booking Request or a Permitted Rail Corridor Access, or if Project Co fails to make timely submittals during the Access Approval Process as set out in Schedule 34, then Contracting Authority shall apply the following rules to calculate the Rail Corridor Access Cancellation Cost for such Rail Corridor Access:
- (i) for a Non-Disruptive Access that is cancelled, Contracting Authority shall apply a Rail Corridor Access Cancellation Cost of [REDACTED]% percent of the full Rail Corridor Access Cost;
 - (ii) for a Rail Corridor Access other than a Non-Disruptive Access that is cancelled within the applicable Access Request Notice Period in which Project Co made the Booking Request, Contracting Authority shall apply an amount of zero for the Rail Corridor Access Cancellation Cost;
 - (iii) for a Rail Corridor Access other than a Non-Disruptive Access that is cancelled within the Access Request Notice Period immediately following the applicable Access Request Notice Period (for example, if Project Co requested the Rail Corridor Access within Access Request Notice Period #1 and cancelled the Rail Corridor Access within Access Request Notice Period #2), Contracting Authority shall apply a Rail Corridor Access Cancellation Cost of [REDACTED] percent of the full Rail Corridor Access Cost; and
 - (iv) for a Rail Corridor Access other than a Non-Disruptive Access that is cancelled within two Access Request Notice Periods following the applicable Access Request Notice Period (for example, if Project Co requested the Rail Corridor Access within Access Request Notice Period #1 and cancelled the Rail Corridor Access within Access Request Notice Period #3), Contracting Authority shall apply a Rail Corridor Access Cancellation Cost of [REDACTED] percent of the full Rail Corridor Access Cost.
- (b) For the purposes of calculating the Rail Corridor Access Cancellation Cost, and notwithstanding the presence of any Other Rail Corridor Contractor, the adjustment described in Section 1.4(a)(iii) shall not apply, and Contracting Authority shall apply the amount of the full Access Price to calculate the Rail Corridor Access Cancellation Costs.

1.6 Content and Format of the Rail Corridor Access Analysis Narrative

- (a) No later than three months following the date of Project Co's first Rail Corridor Access, and subsequently on a quarterly basis, Project Co shall submit to Contracting Authority a narrative summarizing all Rail Corridor Accesses that have occurred, on a cumulative basis, from Financial Close, including a table that is in the form of Attachment 2 to this Appendix E (the "**Rail Corridor Access Narrative**").

- (b) No later than five Business Days after the submission of each Rail Corridor Access Narrative (or at a different time as agreed to by the Parties), Project Co and Contracting Authority shall convene a review meeting that is attended by representatives of Project Co and Contracting Authority to review the Rail Corridor Access Narrative (the “**Rail Corridor Access Matters Review Meeting**”). At the Rail Corridor Access Matters Review Meeting, Project Co shall present the Rail Corridor Access Narrative to Contracting Authority.
- (c) No later than 15 Business Days after the Rail Corridor Access Matters Review Meeting, Contracting Authority shall give Notice to Project Co of the details of any disagreement with respect to the Rail Corridor Access Narrative. If a Notice is provided pursuant to this Section 1.6(c), the Parties shall meet on an expedited basis following the delivery of such Notice, in order to resolve any matters of disagreement in the applicable Rail Corridor Access Narrative.

1.7 Calculation of Rail Corridor Access Adjustment

- (a) Contracting Authority shall apply an adjustment to the Substantial Completion Payment in accordance with this Section 1.7 (the “**Rail Corridor Access Adjustment**”).
- (b) If the Aggregate Actual Rail Corridor Access Cost is an amount that is both,
- (i) less than, or equal to, the amount of the Aggregate Target Rail Corridor Access Cost plus [REDACTED] per cent of the Aggregate Target Rail Corridor Access Cost; and
 - (ii) greater than, or equal to, the amount of the Aggregate Target Rail Corridor Access Cost minus [REDACTED] per cent of the Aggregate Target Rail Corridor Access Cost,
- then Contracting Authority shall make no Rail Corridor Access Adjustment.
- (c) Subject to Section 1.7(b), the Rail Corridor Access Adjustment shall be calculated by Contracting Authority using the following formula:

$$\text{Rail Corridor Access Adjustment} = (A - B) - 0.1 \cdot (A - B)$$

WHERE:

A = the Aggregate Target Rail Corridor Access Cost; and

B = the Aggregate Actual Rail Corridor Access Cost.

- (d) Subject to Section 1.7(b), the absolute value of the Rail Corridor Access Adjustment that is calculated in accordance with the formula set out in Section 1.7(c),
- (i) shall be added to the Substantial Completion Payment, if the Rail Corridor Access Adjustment is a positive number; and
 - (ii) may, in the sole discretion of Contracting Authority, be subtracted from the Substantial Completion Payment if the Rail Corridor Access Adjustment is a negative number.

- (e) Subject to Project Co meeting its obligations in Sections 32.2 and 32.3 of the Project Agreement, if an event listed in Section 32.1(a) of the Project Agreement requires Project Co to access the Rail Corridor for a duration that is longer than Project Co otherwise would have required to access the Rail Corridor in order to perform the scope of work that Project Co intended to perform during the Rail Corridor Access, the duration of the Rail Corridor Access attributable solely to the applicable Section 32.1(a) event, shall not apply for the purpose of calculating Aggregate Actual Rail Corridor Access Cost, and shall not contribute to the Rail Corridor Access Adjustment.
- (f) Project Co and Contracting Authority shall, acting reasonably, agree to make any adjustments to the Aggregate Target Rail Corridor Access Cost, but only in the event of changes implemented due to an amendment of the Project Agreement or a Variation that would cause Rail Corridor Access changes.
- (g) The Rail Corridor Access Adjustment deduction from the Substantial Completion Payment shall not be subject to the limitations set out in Section 47.4 of the Project Agreement.
- (h) The Rail Corridor Access Adjustment shall not exceed an amount that is **[REDACTED]** percent of the Aggregate Target Rail Corridor Access Cost.

 - (B) If issues are found during the inspections throughout the Rail Corridor and the required maintenance work is expected to take more than 2 hours to be completed (such as switch maintenance), such work will be performed typically at night or outside of the peak hours, with the closure of one or more tracks. This type of maintenance work will typically happen every week and could last for up to 3 days.
 - (C) There will be two forms of maintenance inspections:
 - (I) ultra-sonic testing, occurring 3 times a year, once in the period between the months of March and June, once in the period between the months of June and September, and once in the period between the months of September and December; and
 - (II) geometry testing, occurring 3 times a year, once in the period between the months of March and June, once in the period between the months of June and September, and once in the period between the months of September and December, in each case following the corresponding ultra-sonic testing inspection,

and each form of maintenance inspection work will typically take:

 - (A) any Environmental Baseline Statement(s) establishing a higher risk or level of variability in the applicable Site Condition shall govern and take precedence over all Environmental Baseline Statement(s) that establish a lower risk or variability in the applicable Site Conditions; and
 - (B) the Environmental Baseline Statements shall govern and take precedence over any other information set out in the Project EBR or other Background Information.

2.5 Evidence for Differing Geotechnical Site Condition and Differing Environmental Site Condition Claims

- (a) In order to establish whether:
 - (i) a Geotechnical Site Condition experienced by Project Co is a Differing Geotechnical Site Condition pursuant to Section 18.6 of the Project Agreement;
or

- (ii) Contamination encountered by Project Co is a Differing Environmental Site Condition pursuant to Section 18.6 of the Project Agreement.
